2836	Since 2003, and since most people seem to come from somewhere else, the public library, next to a park is a perfect place to meet people and to know what happens in our community. Have flyers, ask your people to be nice to all, including immigrants and provide information, be aware of children, teens and adults with disabilities and accommodate. Understand broken English. Let people in ESOL programa know about other programs they can enjoy while learning English. The biggest lack we have is communication. To get votes to increase a tax you should teach people how to vote here, it is different from other countries. It is not only translating, which is important but explaining the process, rules, etc., here.	5/6/2022 10:35 AM

1	Great library system!	5/31/2022 6:58 PM
2	I appreciate that we have nice library workers and convenient libraries. We are always glad to find honor books and inexpensive books to buy.	5/31/2022 6:02 PM
3	While I do not advocate for a permanent tax increase to pay for library improvements, I do not reject a temporary increase to offset those costs. The library must grow to stay relevant. Also, a minimum of (2) EV chargers should be available at every branch, with a portion of the proceeds to go directly to the library, NOT the general fund for Seminole County Government.	5/31/2022 5:58 PM
4	Our libraries and museums are critical to our community and education of our youth.....unfortunately young parents have not been taught to bring their children to these places. There is so much competition for entertainment online...reading has taken a back seat. Maybe give rewards to children who read x number of books a month? Get HOA's involved? School field trips?	5/31/2022 5:53 PM

7	I moved back to Seminole County after living in Broward County for 15 years. I thought Broward County had a great library, but I like Seminole County better! One thing that Broward County did do that Seminole County didn't (at least during the pandemic) is have virtual conference/Zoom calls with speakers such as Jackson Galaxy or Hannah Shaw (the Kitten Lady) that benefited the Broward County Animal Services. These were free to the public and raised awareness (and donations) for the BCAS. It would be wonderful if Seminole County Library could do the same or similar.	5/31/2022 2:24 PM
8	I appreciated the dedication and collaboration to all the staff library. They are kind and attentive.	5/31/2022 1:32 PM
9	ESSENTIAL adjective: of the utmost importance; basic, indispensable, necessary. OUR LIBRARIES ARE ESSENTIAL.	5/31/2022 1:30 PM
10	We don't have internet service at home due to cost and the minimal/frequency of use needed. I'm retired now and no longer have use of the internet and copier at work. So have to have use of a computer and copier at the library. The books are so important too and I love to read and see different books. Also very interested in other programs the library has to offer.	5/31/2022 1:27 PM
11	Please fix the restrooms. Had to use and tried downstairs. Could not close 2 doors, tried upstairs, could not get one closed and the handicap seat is so loose it is a wonder someone has not fallen off. 50% is not a good number.	5/31/2022 1:18 PM
12	It would be nice to have elementary age kids programs in the evenings so parents could bring their children in.	5/31/2022 1:13 PM
13	Library seems to be trying hard but lacks resources	5/31/2022 11:36 AM
14	I love our library system and hope that it can continue to provide books for all, and will not get ensnared in any efforts by any groups wishing to ban books, regardless of the reason.	5/31/2022 11:24 AM

17	Most excellent service	5/31/2022 9:39 AM
18	Seminole County Library System is very lacking in the amount of books available. I read series by various authors and the library fails to have all the books in the series. I do not enjoy	5/31/2022 9:35 AM

19	All of the librarians here are wonderful!	5/31/2022 9:31 AM
20	Have repeatedly requested microphone for Hunt Club meeting room. No action ever taken. Also need hearing induction loop for meeting room. Volusia County Public Library System has 5!	5/31/2022 9:29 AM
21	1)Librarians are very helpful and pleasant 2)Very disappointed in how few nonfictions are purchased. Countless copies of lightweight authors(pleasant enough to read)but buying multiple copies of those leaves less budget for serious literature, both fiction & nonfiction to be purchased 3)Should improve & expand large print collection. Thank you for seeking public input.	5/31/2022 9:24 AM

24	The staff has always been knowledgable and friendly. The downtown Orlando library is my former library before moving to Seminole County and it's very modern in environment, quality of materials and technical resources. However quite an expensive endeavor.	5/30/2022 10:25 PM
25	I took my children to story time and many other programs at the library as they were growing up. They love to read, as do I. We absolutely love being able to use the library! And the staff members are always so helpful and friendly. I just wish we received more alerts when we have overdue books. I also wish the fines would not just continue without any other warnings. Thank you!	5/30/2022 8:32 PM
26	Delivery service would be an asset, especially for the elderly.	5/30/2022 11:38 AM
27	I've been very disappointed with the woke books I've encountered in the children's section. If our state outlaws woke education specifically in public schools, why is it so easily accessible to young children in our libraries? Let's protect the youth and set them up for a healthy childhood.	5/30/2022 11:14 AM
28	We really enjoy being able to check out both physical books and e-books. (Both are valuable.) I also really appreciate having access to the New York Times and periodicals electronically. The Longwood library is closest for us, but it's still a long drive from SW Seminole County. It'd be great to have a branch closer, but it would probably be more cost effective to expand offerings at existing branches than to build another facility. (The electronic offerings help shorten the distance.)	5/30/2022 7:14 AM

32	So far, Seminole County has the best libraries I've seen apart from college campuses. The librarians and volunteers have always gone above and beyond in all my interactions with them. I often bring my two daughters to the library; both are mostly interested in graphic novels in the kids' and YA sections while I'm more interested in Sci-Fi and Fiction in the adult section. We love the summer reading programs! Thank you for stocking new and relevant books often. I can't wait to see how Seminole County continues to improve and expand its' libraries.	5/28/2022 10:21 PM
33	The services provided by the Seminole county library system overall and the Longwood branch specifically are invaluable to our family. Thank you for the commitment of funds and staff to this resource.	5/28/2022 8:54 PM
34	Love the library and used to use it more frequently when my kids were younger and we homeschooled. Would love to see library services continue to add more digital offerings.	5/28/2022 3:57 PM

39	I used the physical library much more before the pandemic now I mostly use Overdrive and Hoopla. I have access to other libraries in other states thanks to other family members that don't use their services and allow me to use their card. My access with Seminole county is the saddest access.	5/28/2022 7:21 AM
40	I haven't used the library as much recently, but when my children were young we went at LEAST once a week for storytimes and scout meetings. Now my teens go on their own with their own cards and I'm trying to do more e-audiobooks while I work.	5/27/2022 6:26 PM

56	Thanks for staying open!!!	5/26/2022 3:09 PM
57	I love that the library is located downtown but I wish there was more parking for when there are events downtown. I'd love to see special labs or classes for homeschooled kids during the day. Would love to see the library majorly expanded. This is the smallest library I've ever had. Would love to see you go to a "no fee" (late fees) system. It's being done all over - why not here. Books should auto-renew if there are no holds. A bigger selection of digital audiobooks, please The North branch's bathrooms need remodeling and WAY more cleaning. I have a friend who will leave if one of her kids needs to go to the bathroom rather than use the library's. :(5/26/2022 3:07 PM
58	My old library was for Colorado Springs and the surrounding area. It just had a huge budget. Maybe the downtown area is the problem, but the North Branch bathrooms are really bad. I feel like I have to hover over my kids so they don't touch ANYTHING.	5/26/2022 3:03 PM

66	Lack of selection has been very frustrating	5/26/2022 2:49 PM
67	It would be great to see more pride taken in the library exterior (landscaping (flowers) directly in front near the doors). I wish the stacks were more accessible or there were stools available to reach the top shelves & sit on so you don't have to squat or kneel to see the bottom shelves which are basically on the floor!	5/26/2022 2:45 PM
68	The library is outdated, it needs to be improved both as a physical and virtual space.	5/26/2022 2:28 PM
69	On Question #2 Acutally I am in the library 2 to 3 times per month. I often bring my grandson (3y) or bring home books to read with him when I babysit. It is so important to provide children with reading experiences & for them to see other people excited about reading. The library is the place for this!	5/26/2022 1:26 PM
70	Thank you for our libraries.	5/26/2022 1:23 PM
71	Love the west branch - staff is good. Love I can get online and select a book and it is waiting for me!	5/26/2022 1:22 PM
72	Only issue is the very long wait list for digital material using Libby. Sometimes have waited up to 4-6 months to get to the top of the list and ended up getting it from Amazon for Kindle.	5/26/2022 1:17 PM
73	I would like to see more adult lectures on current subjects that are important to all - tax tips, health tips, raising children etc.	5/26/2022 1:15 PM
74	I would be interested in the library system to promote more community gardening, specially organic composting.	5/26/2022 1:13 PM
75	a human on phone to extended due date or set up a hold or anything.	5/26/2022 1:03 PM
76	Thank you for all you do!	5/26/2022 11:38 AM
77	Under the importance of services I believe that many listed, e.g. story time, other language resources, etc. are VERY IMPORTANT, just not for me at this time.	5/26/2022 11:20 AM
78	For the next five years, My family would benefit from upper elementary to middle school targeted programming in the next few years. It would be tremendous for there to be a collection of Homeschooling curriculum Books to reference (not check out). Thank you!	5/26/2022 9:39 AM
79	I'm hoping this survey doesn't mean they'll be closing my library. It's important to have in the community.	5/26/2022 9:23 AM
80	The library has always been in my life. I originally lived in Cleveland Ohio. When my children were young, they started going at age 3 to store hours. I went to my 1st book club, & ended up running it! We all use Seminole Library to this day. I love it!	5/26/2022 8:10 AM
81	I would probably attend more activities for adults if I know when they were offered. Do you have a Facebook presence?	5/26/2022 8:06 AM
82	When new books are released, I wish the library would be more proactive in getting the ebook version. There is a book that has been out for about three weeks that I would like to check out, but you don't have it yet.	5/25/2022 9:23 PM
83	Too long.	5/25/2022 5:15 PM
84	Better advertising for better encouragement of use. More activities for kids. Better interior design to keep people longer and enjoy facility. Maybe a cafe.	5/25/2022 11:44 AM
85	The library sigital book borrowing system was a life saver during Covid19 lockdown. We hope the library expanda and gets more books and a larger dogital library for those who are	5/25/2022 11:14 AM

homebound. We love the summer reading program for adults and children. It. Is a shame that libraries are falling to the wayside in seminole county given how highly the resident are already being taxed.

86	I would like to see more e-books so that the e-book I might be currently reading is not pulled away so fast, or that I could renew it and continue reading it. Thank you for the survey	5/25/2022 10:27 AM
87	My granddaughters and I come every week. We LOVE our East branch library...We love the programs (scavenger hunts, rocks painted (don't know by who) and put out in the rock garden. Wednesday doing the activity to include reading books to us, experiment and craft. My oldest granddaughter (10 Yrs) did not want to participate but I asked her to go one time and she did and now she wants to go each week. Thank you to all librarians for your kindness and patience you really are the reason we come each week	5/25/2022 6:57 AM

89	Keep up the good work. Great job.	5/24/2022 9:05 PM
90	I have teenage children and school age children and they love to be able to go to that library and select new books to read. New worlds to explore. Since we are on a tight budget I can't afford to buy them new books. The library allows them to grow.	5/24/2022 7:06 PM
91	I appreciate all of the adjustments that the staff made to keep children's activities going during the height of the pandemic... from moving story time to the parking lot to take home activity kits. It was amazing. Thank you!	5/24/2022 5:14 PM
92	I think the overdue fees are too high. When fees are reduced or dropped circulation improves.	5/24/2022 4:01 PM
93	Just be more quiet. Every single librarian in the kids zone was yelling for no reason to communicate with each other. Then a librarian shamed me when I got up to move and told my child's tutor I was moving out of eyesight because it was too loud, justifying their loud voices by saying it is the kids zone. To be clear, I could hear the librarians from the kids zone is other areas of the library. Can we please train the staff to be more mindful of the volume of their voices and not to get snarky with a mother just trying to study while her child gets tutoring once a week. I've never had problems like this before until now. (I had to repeat because that specific librarian was THAT rude)	5/24/2022 2:58 PM
94	Library staff are outstanding but the library buildings are over 30 years old. We need new library buildings with updated technology and more space. Seminole county residents deserve better.	5/24/2022 2:57 PM
95	I am interested in more books about conservative politics, landscaping, and woodworking. Please continue to offer the LinkedIn Learning resource. This is a great educational service. Thank you.	5/24/2022 2:34 PM
96	I was not a fan of the virtual groups for kids. Would rather meet in person. I love the library!	5/24/2022 12:57 PM
97	You need to expand your offerings and access to Hoopla and Overdrive. The limits imposed are extremely frustrating and the offerings are minimal at best.	5/24/2022 10:58 AM
98	ALL THE LIBRARIANS IN SEMINOLE COUNTY ARE EXCEPTIONAL. VERY KNOWLEDGEABLE & KIND! ESPECIALLY IN THE CASSELBERRY BRANCH. HEATHER & NICOLE STAFF. THANK YOU VERY MUCH. ALSO LOVE ALL THE VOLUNTEERS AT THE FRIENDS OF SEMINOLE COUNTY BOOKSTORE IN BOOKSTORE AT THE CASSELBERRY LOCATION THEY ARE ALL AWESOME THE SELECTION & PRICES ARE GREAT! THANK YOU. I JUST MOVED BACK TO ALTAMONTE SPRINGS, LIVED THERE FROM 1986 TO 2011 THEN MOVED TO WINDEMERE/GOTHA FOR 11 YEARS. SINCERELY, RONALD KENNETH VOGT A.K.A. "RENO-RON" GOD BLESS	5/24/2022 9:48 AM
99	I think that as we have grown and evolved, Libraries should follow. Books are still very important to development and for entertainment, but I believe that libraries can do much more good within the community when more investment is given to the social side of their services. Classes, gatherings, and similar activities not only offer a place for youths to get together in a safe environment, but also offer opportunities to grow and develop. These same opportunities	5/24/2022 8:18 AM

can be given to adults with computer classes and other online services that underprivileged individuals may not have access/knowledge of.

100	I enjoy using the library because it has a wide variety of books and services. The employees are always helpful and courteous.	5/24/2022 8:13 AM
101	The Alachua County Library system there was excellent when I lived there.	5/23/2022 8:30 PM
102	Would enjoy a cozier quiet area to study, that is not in the middle of library or where people are searching for books.	5/23/2022 8:17 PM
103	Fantastic staff at the Sanford Library! Always very helpful and friendly.	5/23/2022 8:11 PM
104	Thank you for everything you do! I am so grateful to have the library!	5/23/2022 6:47 PM
105	Diane Neff runs the best Writer's Block writing group I have attended.	5/23/2022 2:59 PM
106	The library staff are very nice at the central location	5/23/2022 2:53 PM
107	Librarians deserve raises	5/23/2022 1:08 PM

109	Libraries are a must!	5/23/2022 1:06 PM
110	Between 1 April 22 and 5 May 22 I have read 26 books from the NW branch in Lake Mary. The staff have been very friendly, courteous, and helpful. Because of Covid I have not been to the library in two years and had forgotten some of my favorite authors and series. The librarians researched and helped me to rediscover them.	5/23/2022 1:04 PM
111	Love this library!	5/23/2022 1:02 PM
112	Would love the pre-school/toddler programs to continue throughout the summer and breaks. They always seem to stop as soon as I am able to take my child to a class. Ex. he just graduated VPK May 5 and the following week of May 9th all the toddler/preschool classes ended.	5/23/2022 12:57 PM
113	For my wife and I, this branch of the library is truly a life saver. The libraries go out of their way to serve you in any way they can. In my opinion, all of them deserve raises. I would support a top award for all they do.	5/23/2022 12:33 PM
114	How come the library is a pickup for school kids? You can't turn in to the library, once in, you can't get out	5/23/2022 12:27 PM
115	The library is not cool enough for teens but is doing the best they can. Very important for building sense of community providing opportunities for upward mobility (like Andrew Carnegie), tapping talent from all socio-economic levels for the benefit of the entire community. Need dependable financing.	5/23/2022 12:14 PM
116	Everyone is very helpful and the library is clean and organized.	5/23/2022 12:06 PM
117	I love the library. Everyone is professional, courteous and helpful.	5/23/2022 11:35 AM
118	I came to Seminole Co. from MA, which has BOTH regional library sharing and their statewide "Commonwealth Catalog." Seminole Co. and nearby FL communities shouldn't be so far behind the times! Having borrowing access to underused library resources in towns like Orlando or Winter Park--or even UCF-- would be a big researcher's boost.	5/23/2022 10:00 AM
119	We absolutely love our library programs and using the services provided to us.	5/23/2022 8:26 AM
120	Libraries are our last bastion of free and public information. It is imperative that we keep them relevant and accessible. It would be happy to support a tax increase that goes directly to the library as long as it augments, not replaces, their current budget.	5/23/2022 7:30 AM
121	Casselberry Library could use more DVDs & computers. Librarians have been very helpful & pleasant. Has nice rooms for group activities.	5/23/2022 7:29 AM
122	We have moved in and out of Seminole County many times and the first thing I check is the quality of the local library. I would not live in an area with one. (I also purchase many online books)	5/23/2022 7:14 AM
123	Add what book number in a series it is in the book search.	5/23/2022 6:40 AM

124	I don't think new facilities are the answer, however having a greater selection of online materials would be good. I feel that Orange County has a much better selection of rentable and online materials	5/23/2022 5:40 AM
125	The website is sometimes a little difficult to use to register for events and programs, otherwise the services offered are quite wonderful and we enjoy bringing our children under 3 years old to the libraries. Some of the story time programs are really close to nap time so we've had to miss out on a bit if the baby doesn't wake up in time.	5/22/2022 10:09 PM
126	More series where all the books are available. More tv series dvds available. More variety of authors in ebooks (clean books, make Christian authors more available as well, ensure all books of a series are available)	5/22/2022 8:46 PM
127	We love the library and are so thankful for all of the services you provide to our community and our family!	5/22/2022 8:42 PM
128	need a new library where the new growth is located with meeting /community rooms.	5/22/2022 8:36 PM
129	When I had our only child 22 years ago I went to the library weekly or more often. We loved it there!!! Books are wonderful!! ♀	5/22/2022 7:56 PM
130	The library services have really improved in the last 5 years. I was really frustrated with the lack of accessibility but I tried again recently and I love the Libby app. 10/10.	5/22/2022 7:47 PM
131	Excellent library services! Keep the good job! Muchas gracias!	5/22/2022 7:40 PM
132	More current ebook content would be at the top of the list	5/22/2022 2:58 PM
133	my card expired...there is no date on the card....I do not go to the branches, I use internet access...not I have to go in to renew the card...how about checking tax records and seeing I am a resident instead to me wasting my time and gas to do an in person renewal....it is 2020 not 1965	5/22/2022 2:56 PM
134	Better selection of minority AUTHORS is desperately needed, as well as less material concerning religion. As a Christian, I feel it is unnecessary & irresponsible.	5/22/2022 2:13 PM
135	the library service is a needed service to the community	5/22/2022 12:50 PM
136	Appreciate the services of the library very much. The library is a vital service to our communities!	5/22/2022 11:30 AM
137	I love our Seminole County library system. Thank you for making it so wonderful! :)	5/22/2022 11:27 AM
138	Thank you for all you do! I've never been a book worm, appreciate the light reading I do. Let's never lose the art of physical books and handwriting!	5/22/2022 7:44 AM
139	Please bring back no-cost InterLibrary Loan! Seminole County does not have enough books not to provide that service. Also, there are not nearly enough e-books available. But thanks for being there, and for the books you do have! And also for your general willingness to order requested books, though I don't understand why you say you cannot get some books that I find readily available on Amazon.com.	5/22/2022 7:35 AM
140	Now that I am older and am my husband's caregiver, having online access to materials and classes provide me with contact with people with whom I can exchange ideas.	5/22/2022 12:33 AM

146	The libraries in this county are sad and pathetic. When we moved here and I first visited the library I CRIED at how tiny, uninviting, and depressing they are. We are an amazing county	5/21/2022 8:06 AM

with awful library facilities, and the digital content available is laughable compared to other counties and state libraries that I have used. We need better libraries!

147	You need more titles of popular books in ebooks.	5/20/2022 8:52 PM
148	I love the library!	5/20/2022 7:43 PM
149	Haven't been to the library because it seem like there are less and less book. No old one and very little new books. So I try to find stuff to look at from the internet.	5/20/2022 7:23 PM
150	Although the most convenient branch for me to use is the Lake Mary branch, I avoid it because of the kids in the afternoons. The kids that come after school are loud, running around, and using offensive language. I've seen the people that work there ask them to quiet down and stop running around but it seems like there's only so much they can do because the kids don't stop. In order to protect those of us who don't appreciate that kind of behavior or language, the library (or county?) should create a separate space for these kids so that they have a safe space they can go to after school while still allowing the rest of us to enjoy the library in peace.	5/20/2022 6:00 PM
151	The library provides essential services for the community. By serving children, elderly, new citizens, libraries are building stronger communities and providing access to information without bias. Libraries are essential to our democracy.	5/20/2022 1:38 PM
152	The library has played a central role in our lives since we moved here with a toddler and new born. We started with Story Time for the kids and have evolved through your programs all the way to Writer's Block and Book Club now that we are seniors. It continues to be just as important to me now as it was 33 years ago. But you need to update your policies and procedures to be more efficient and effective. When something is not working, there is entirely too much red tape and too many barriers to overcome to resolve the issue.	5/20/2022 12:17 PM
153	The ability to read ebooks from the library the past three years has been invaluable, thank you!	5/20/2022 11:34 AM
154	Seminole county needs more like Orange County. At least have one really big library in Seminole county with a lot of activities that everyone in Seminole county can use	5/20/2022 10:05 AM
155	Been member of Sanford Public Library since 1954-55; when it was subsumed into SemCoPubLib. Overall, services provided worth the tax monies expended - moreso than any other tax-payer supported activity or insitution. One caveat: lax opening time procedures (often enough to be annoying) at North Branch - with the Summer sun heating the entrance by-the-minute less than optimum. The "Lucky Day" Collection and new acquisitions especially nice. Would like more Westerns, Science Fiction, Historical fiction, mystery (esp. Florida-Based authors'), Poetry - Okay, you got me! More books...add a second floor to Sanford and the rest. The Jean Rhein(sp?) "basement" bookstore of both paper- and hard-backs a definite winner, as is the somewhat recent addition of books-for-sale cart at Sanford and I presume otehr locations also a boon. Add a line of Library and SemCo-specific tee shirts and other wear as well as cloth book bags at the branches and at central. That enough? Could go on...and on. The Seminole High library stocked The Congressional Record (printed, pre-internet) in its version of "the stacks." My favorite place in all of my schooling (2nd grade through JuCo all in Seminole County. Other higher-ed institutions long ago opted to forego these important printed Congressional Records' formats in favor of electronic access. That, in my less-than-humble opinion, is a shame. Retention, ease-of-use with printed material ALWAYS favors print vice 'lectric. J Kirk Richards	5/20/2022 8:43 AM
156	I would be very interested in serving on the library advisory board.	5/19/2022 9:37 PM
157	Our libraries need more books and materials.	5/19/2022 5:59 PM
158	The Casselberry Library rocks!! The stuff is wonderful. THANK YOU!!	5/19/2022 5:06 PM
159	Not allowing middle schoolers and high schoolers to use facilities unless they are actually reading/doing homework	5/19/2022 4:54 PM
160	Even though I do not use some of the services offered, I am glad that they are offered .	5/19/2022 3:55 PM
161	Great staff!	5/19/2022 1:34 PM

now for us personally but probably good for homebound residents. I find the availability of books more limited here and the website functionality less user friendly. Grateful for the kids programs and would love for them to expand.

164	The library facilities need some more love. And definitely more money to keep up. I'd really advocate additional community gathering spaces for different age levels. There's been an effort in the last years, but still no comparison to many of the gorgeous public libraries where I lived before, like Charlotte NC, and Pittsburgh PA. I've also visited a lot of libraries. There are beautiful libraries where it looks like they've really allotted substantial funding, even in smaller, less affluent communities like Anderson SC or Greenwood SC (close to where my daughter lives.)	5/19/2022 12:37 PM
165	in Philadelphia, PA there were a lot more libraries available to all neighborhoods. I think the lottery should be able to fund our libraries	5/19/2022 11:49 AM
166	The Libby is awful. There are books up but no copies to check out. I have been on hold for 6 months for one book and there's still no copy posted.	5/19/2022 11:19 AM
167	Library as the heartbeat of the county. Promote the library to students. Offer computer classes. Books are better than kinder books.	5/19/2022 8:24 AM
168	Library needs more marketing strategies to promote what they have and then offer more programs to increase small business in the community. Continue offering online programs at least once a week. Reach and connect with Seminole public schools, publish ads in Nextdoor App.	5/19/2022 6:52 AM
169	I love the library and especially love the online services such as Linda learning courses and audio and e-books. Providing books and education for the public is critical in my opinion.	5/19/2022 4:20 AM

173	I love the oviedo library but i feel like it needs more books.I love the place though, it's tidy and they always never bat an eye when i have 5 books on hold! - a local book lover !!	5/18/2022 3:18 PM
174	I love the library!! I would like to have a way to know that I have already checked out a book. I check out books for my elderly mother and it is hard for me to keep track of what she has read. Old people read a ton of books!	5/18/2022 2:30 PM
175	Thanks for all your staff does.	5/18/2022 12:43 PM
176	When it comes to ebooks (through Libby), for some reason it lets you place holds on books when the library's online copy has already expired, which show as having an "Unknown Wait". If possible, I think it would make more sense to not show them in the online catalog. Regardless, it would be nice to have more online copies renewed.	5/18/2022 12:33 PM
177	I feel library is one of the best use of 100s or 1000s of tax dollars I have paid. Libraries build better person better community & better country. Access to library is one of the most cherished privileges that I admire in this country. The staff is amazing & they are always very helpful & considerate. I cannot ask for a better library & the staff. If I ever have to move to a diff. location, I will miss "my library"& the super awesome staff at the Longwood library.	5/18/2022 11:28 AM
178	West Branch employees are great!	5/18/2022 11:25 AM
179	Love my "little" library! The staff is so helpful - always willing to order books or give information or if they don't know, find the answer. I live in independent living at a CCC so the library is most important to me.	5/18/2022 11:23 AM
180	Many of us that use the library have noticed that the total staff is always cheerful and ready to assist anyone with their requests for assistance. Thank you all for your willingness to help. Believe me, this is noticed by a lot of users! (Especially us seniors)	5/18/2022 11:21 AM
181	In the past the kids have enjoyed hands on classes such as the fondant cake class.	5/18/2022 11:19 AM
182	I would like more up to date personal finance books & more copies of popular young adult books. Perhaps some educational programs on personal finance for different age groups.	5/18/2022 11:11 AM
183	Love our library, hope to see services expand. Vital to our community.	5/18/2022 11:09 AM

186	If we didn't have a library we'd be as a ship without water. Also the Friends of the library book store should be open at least on Saturday.	5/18/2022 10:08 AM
187	I wish that the number of books we are allowed to checkout on Hoopla was greater and that reaching a daily limit on books checked out by our branch was increased. The limit is reached by noon some days!	5/18/2022 10:00 AM
188	I love our libraries. Please keep this vital service available	5/18/2022 9:31 AM
189	I value services provided by the library. I do not have access to a computer at home, I don not have necessary resources for printing files for the occasional work-related documents. It is good for libraries to retain adults in mind when considering the necessities and functions of a library. Not much else to comment.	5/18/2022 8:38 AM
190	Libraries help the public in being up to date and aware. Freedom of speech is lost without public access.	5/18/2022 8:34 AM
191	Sincere thanks for everything afforded by the Seminole County Public Library System.	5/18/2022 8:32 AM
192	The "lucky day" program is a terrible idea. I have waited weeks & months sometimes for a book only to see it in Lucky Day. It's not fair to let people jumping the line ahead of us who are waiting our turn just because they can visit the library more often. Please stop this unfair practice. It's a disservice not a benefit.	5/18/2022 8:29 AM
193	I reserve a lot of books online and would like to see if the book I'm reserving is a 2 week rental prior to coming to pick up the book. Stop putting books on the "it's your lucky day" rack if someone has it on a reserve list online.	5/18/2022 8:27 AM
194	If it's possible, have the highest shelf more visible to see books on top. Maybe a bigger library like the main branch has.	5/18/2022 8:21 AM
195	I would like to go back to new fiction searches by category. Right now if you search new fiction you get all age groups. Makes it too hard	5/18/2022 8:11 AM
196	The toddler and preschool reading programs could be better.	5/18/2022 4:20 AM

199	Education can change the world but i feel like the library system has not been modernized... why not partner with some corporations like starbucks and other community organizers and create something new and hip... a modern educational experience where students and residents alike can learn... even local businesses could offer financial, or other such classes to educate the community	5/17/2022 9:38 PM
200	Libraries are an essential service for a community to thrive and move forward.	5/17/2022 6:34 PM
201	The library is excellent and has been invaluable throughout my life.	5/17/2022 6:21 PM
202	Orange County had many more ebooks available. With COVID and avoiding contact you would think that ebooks would step up. E-books allow older citizens to select font size and lighting that works. I think Seminole County is behind the times with their selections available.	5/17/2022 5:37 PM
203	Teens need a better space to go to after school. Better facilities for them maybe. More activities.	5/17/2022 5:34 PM
204	I understand it isn't just a Seminole County decision but I would really like to see more reciprocal partnerships with the surrounding counties. With Seminole county collection (books, audio books, etc) being limited it is nice to have partner libraries to access their collections for items not available in Seminole County. I do currently have a Lake County library card.	5/17/2022 3:34 PM

205	1. Real books to read, not kindle books. 2. Stay away from political ideals and ideas, be unbiased. 3. Have fieldtrips from schools- introduce children to libraries on certain days. 4. Have classes to teach using computers. 5. Have a book drop into the library, not free standing. 6. Have a better computer system to access the book catalog. 7. Private reading, not open knowledge to the public what books you read. 8. Better way to teach people to be better citizens. 9. Learn more about Seminole County's services and history. (5 libraries are enough.)	5/17/2022 2:23 PM

207	I would love to see more libraries added to the system to support growth. However, the county needs to supply the salary and positions for the personnel as well. Master degreed level Librarians deserve to be fulltime and paid competitive wages with surrounding systems. Librarians are an asset to our community, and should be supported as such.	5/17/2022 1:46 PM

212	the library is incredibly important in our life offering a safe, comforting place for those of us in my family who can physically visit and those, who for health reasons, are confined to the home and use it's eServices.	5/17/2022 11:28 AM
213	I appreciate the library and all that it offers. The librarians at my branch are very kind and helpful!	5/17/2022 11:11 AM
214	The staff at the Library Casselberry Branch are attentive, enthusiastic, resilient, intelligent, and highly knowledgably. This particular Library consists of an extensive variety of information and easy access to the internet services , which are imperative in modern age. Thank you for providing a wide spectrum of services targeting ALL age groups.	5/17/2022 10:49 AM
215	Have always enjoyed reading, lived in upstate New York for ages 4 through 25. Worked in school library as a volunteer, in Elementary school.	5/17/2022 10:23 AM
216	1. would like more classic historical sources. 2. computer books tend to go out of date quickly, particularly certification test books. it's really not useful to stock those.	5/17/2022 10:23 AM
217	Keep up the good work! Love the Seminole County Public Library!	5/17/2022 9:59 AM
218	Public libraries were important to me as a child. I had a voracious appetite for new books on new subjects and would come home with a backpack full of new knowledge every week.	5/17/2022 9:15 AM
219	The staff at North is excellent. Always friendly and helpful!	5/17/2022 7:44 AM

223	How does the library decide which books/authors (ebooks + audio) to stock ? All books in a series ? Why are some ebooks available via Kindle app and some are not ? Why do some books (e and audio) show as wait listed with 0 of 0 copies available and no estimated waiting period ? What does it cost the library to add a book ? (E and audio) Is there an annual budget for this ? If so, how is it set ? What % of the total library budget goes to material acquisition ?	5/16/2022 10:26 PM
224	Love the library system!	5/16/2022 8:55 PM

233	We love the library! Our kids love the library! It seems perennially underfunded in Seminole County and we would love to see more support for this important institution.	5/16/2022 11:53 AM
234	I have always loved the library, and I would love to see upcoming generations fall in love with it too. I'm not a big fiction reader, but I love the new YA fiction shelves.	5/16/2022 11:44 AM
235	The library seems to be throwing out the majority of older reference books for adults and especially children. The new books that are replacing them are full of unsubstantiated science such as climate change and cattle causing climate change as well as leaving behind great naturalists. I had a hard time researching Jan Goodall and Cousteau. There are hundreds of books on dinosaurs which have not been proven to existed and real people who are a part of our past in the area of natural research are hardly represented. The older books are valuable!	5/16/2022 11:42 AM
236	Many families and kids use library as a means to get away and a safe and quiet place to learn. Where else can they find that? Libraries here do not have enough books when we go or a lot checked out so more books needed	5/16/2022 11:42 AM
237	Thanks for being here. I brought my kids here when they were young - my oldest would request help from librarians to find Patricia Pollaco (spelling?) books & reserve Magic Tree House series. As years progressed - We'd visit often. My oldest just graduated from college and worked at the college library for 4 years - they love the library! You are invaluable to all people - to explore, relax, learn. Thank you! (oh and the summer kids programs & teen painting & theme were great). And the opportunity to volunteer and earn Bright Futures credit! And your book store! Yea - love the library. :)	5/16/2022 11:37 AM
238	Libraries here do not have enough books when kids go to check out series. Seem out dated. Love activities for kids and book programs to encourage reading!!	5/16/2022 11:32 AM
239	So happy for the ease on borrowing E-Books.	5/16/2022 11:13 AM
240	All of our libraries look so 1980's. It would be nice for the county to plow some money into updating these tired facilities. I also wish we had a library branch in Winter Springs and I wish that the Oviedo branch was bigger and had a parking lot that could accommodate the number of people that actually use that branch.	5/16/2022 11:02 AM
241	Thank you for your services! Lifesaver esp when my daughter was young.	5/16/2022 9:51 AM
242	Love the Wekiva branch in the Hunt Club neighborhood! The librarians are always friendly and helpful, plus the library is very tidy!	5/16/2022 9:11 AM
243	Re Question #12 ... the only reason Orange country rated higher than Seminole is because (way back in the early 2000's) our library actually delivered books to our home. I know that they are not doing that anymore, but it sure was awesome when I had young kids. :)	5/16/2022 9:05 AM
244	The amount of time I visited the library is a little deceiving, as I have not visited as much as previously due to the pandemic. Also, I am getting ready to retire, and the library will be more of my "go to" place when I have additional time. The library is a much needed resource even with the world of internet being used so much more.	5/16/2022 8:38 AM
245	I think the librarians spend too much time talking and, at times, ignoring people. I think they need new people and other books instead of the same all the time.	5/16/2022 8:29 AM
246	I wish the young people at the front would stop talking about everyone, especially those of us who frequent the library often. They have a job because patrons like us come here and they need to learn that.	5/16/2022 8:04 AM
247	I would suggest increase the number of books in different categories. One of the librarian at checkout is so grumpy and not so friendly, it's always good to see a friendly librarian, my kid was so upset by her words and treatment.	5/16/2022 7:56 AM

248	Seminole library does amazing with the resources it has, however there is so much more that they could offer with more funding. We have one big branch and four dinky branches. We should have more branches in the county and they should be modern buildings with adequate parking and fully staffed.	5/15/2022 10:12 PM
249	My only complaint is that when I search for books by specific authors, online, they don't show in chronological order of their publishing date. No one can explain how I can do this (I've asked) - it should be so simple (or explained on the website). I LOVE THE LIBRARY!!!! :)	5/15/2022 8:45 PM
250	I love using the library in Lake Mary. The librarians are super helpful. It is easy to place books on hold and I love the pick-up lockers as an option. The library facility itself could be nicer and more spacious. I should explore the other branches more - Lake Mary is the closest to my home.	5/15/2022 8:41 PM
251	better instruction on using your audio, technology etc. while still online or being provided hardcopy of these instructions to ones of us whom are not real efficient in use of these...	5/15/2022 6:29 PM
252	I have an elderly parent that now lives with me and she loves having access to the library as well.	5/15/2022 6:09 PM
253	I have purchased a reciprocal card card in the past. Right now, I'm trying to exhaust my libraries. The Casselberry staff is amazing! One thing that made it more difficult for our family to continue using it is that the limit is only 25 books at a time. I read more than that to my children. I really appreciate the selection and the fact that books can be sent from other branches. It is a blessing!	5/15/2022 4:52 PM
254	So far so good	5/15/2022 12:14 PM
255	I really appreciate having a library. It is a gift to not be taken for granted. Thank you	5/15/2022 11:59 AM
256	I would use Books-by-mail, if it were available.	5/15/2022 11:43 AM
257	I noticed leftist political bias in your nonfiction section. Conservative authors haven't been equally included. I would rank the library system a "D" for inclusivity and equanimity. It's obviously apparent.	5/15/2022 9:31 AM
258	More ebooks desperately needed!	5/14/2022 3:42 PM

262	As a former librarian, I can attest to the importance of libraries to their communities. Despite the fact that I do not choose to visit the library now, I firmly believe that libraries access & contain the resources to educate the public, plan and improve businesses, enable people to be more productive & efficient, provide a safe place & wholesome learning for children & young people, provide access for gathering & adult learning, and help bridge the ongoing digital divide. We cannot overlook the very real fact that the ability to purchase or subscribe to online reading material, audio & visual content (etc.) is not available to everyone But the most important thing libraries do is foster intellectual and creative diversity in communities by making all points of view and the telling of story of all experiences available to the public. Censorship of works of fiction or non-fiction by governing bodies- no matter how well intended - serves only to eliminate choices & responsibilities that adults need to make for themselves and for their children. Censorship also steps onto the slippery slope toward fascism and disregard for democracy and freedom.	5/14/2022 12:49 PM
263	Please do not ban/censor books. Even books in which the content is not "my" cup of tea, might be JUST the thing for someone else. The library should be a place where ideas are exchanged, not muzzled.	5/14/2022 10:26 AM
264	Since the pandemic and due to limited mobility, I have only been borrowing e-books from the library. I miss being able to walk to the "New Arrivals" section to find new fiction selections. Maybe my search skills aren't as good as they should be, but in checking out e-books I have to know what author or title I wish to search for and can't find new books, or if I do, they aren't available. More availability for e-books and ability to search by new arrivals would be great!	5/14/2022 9:13 AM

266	I have always found the staff helpful, the book selection (almost) perfect and the convenience of having books held for me to pick up a real time-saver. I love my library!	5/14/2022 8:45 AM
267	We love the library! Our previous library had more books/DVDs but other than that - the services and selections are similar.	5/14/2022 8:29 AM
268	Librarians are working harder for the public than most other public servants, creating community and a sense of mental stimulation and health. Their salaries do not reflect the high value they create, especially after the pandemic saw them working with the public almost throughout the entire time, risking their own health by welcoming the public (as safely as possible, but there were no guarantees that the public was doing its part to be careful) while other county offices were closed, inaccessible, or delayed in serving the public.	5/13/2022 8:33 PM
269	I am a library user and would like to see my card accepted at all Florida libraries. Let's work together.	5/13/2022 7:26 PM

274	We use the library, we always have in Oviedo. We love it, but it is TINY. We also LOVE the used library and drive to Casselberry for it. We would love a larger library here with a huge used book store. It would benefit our community, both adults and kids. Thanks for always making our library system the very best. Neighboring counties might have nice buildings and tons of books, but we have the greatest staff. Thank you for everything you do.	5/13/2022 3:57 PM
275	I used to live in Broward county and they have a way better book selection, both physical and ebook/audio-book. I've hit the "recommend" button on the library app when a book isn't available and so far in 3 years, none of the recommendations have come through. All of the books I recommended, Broward county already had.	5/13/2022 3:51 PM
276	I don't visit the library as often as I used to because of age. I have a Samsung tablet and I get a lot of books off of the Amazon web site.	5/13/2022 2:24 PM
277	I have used three other library systems prior to using this one. All offered larger and more modern facilities, more ebooks and better cardmember support than this one. None required a periodic renewal of a library card. The inability to update personal information such as phone number and email address remotely is outdated since it can now be done with banks and other more secure sites. Please catch up.	5/13/2022 1:39 PM
278	If it isn't too expensive to do so, it would be nice if an unlimited number of individuals could e-books at the same time. We love the Seminole County library.	5/13/2022 12:37 PM
279	Thanks for improved parking at Lk Mary branch. I am old fashioned (80) & prefer a quieter environment ie "your library voice" is no longer used. 😊	5/13/2022 12:21 PM
280	Thanks for all the great work you do!	5/13/2022 11:16 AM

287	I love my local library ♥ Those who staff it are lovely as well	5/12/2022 10:27 PM
288	Seminole Co has done a great job continuing to build it's trails and park system. It's time to pay the same attention to the library system which has been largely untouched since the current branches were built 30ish years ago.	5/12/2022 9:44 PM
289	For all the good of the library (and it is mostly good, and I very much appreciate the work the library staff does), I'd rather not worry about finding controversial materials on display, cover out, on the picture book "featured" display shelves. It is well understood that at least half the country does not want their young children exposed to or, essentially, "sold" childhood transgenderism, so it doesn't seem wise to feature those books on a display shelf. Let those parents who are looking for such titles find them in the library, but do not choose them for featured display. Can't children be allowed to just be children? And can't parents choose how to raise them? It all feels a bit too strategic.	5/12/2022 9:38 PM

297	Seminole County libraries are in dire need of updating. The county continues to grow (and grow) in population and library service needs. We are urgently due for improvement to facilities, increase in activity offerings, upping the limited range a/o quantity of resources available books, e-books, e-audiobooks, digital content.	5/12/2022 2:15 PM
298	We love the library please make them bigger and better and have playgrounds next to all of them. And bus stops right in front of them!	5/12/2022 2:13 PM
299	The room used for creative writing is too noisy as it is so close to the front doors that incessantly open and close. It is very disturbing. The library needs a room for activities that is sound proof away from the general access to the facility. There needs to be a quiet room.	5/12/2022 1:12 PM

304	When you are making changes, have a celebration of sorts (balloons) to draw attention to the project. Make it exciting, especially for parents and kids. Have a library card "drive". So much competition from the internet makes us have to liven up a library.	5/12/2022 10:06 AM
305	I would like to see the return of the interlibrary loan system, that ceased a number of years ago.	5/12/2022 8:59 AM
306	I believe public library services are very important to have in every community. They provide a safe, educational, and collaborative environment for all ages. A lot of people depend on the free resources provided by public libraries. It's imperative that these services exist and continue to grow.	5/12/2022 8:47 AM
307	I would prefer a 4-week checkout rather than a 3-week checkout.	5/12/2022 8:40 AM
308	I protest the ignorant people who challenge and ban books, ideas and language. I am a retired librarian and censorship is an abhorrent idea and action. Everyone deserves the freedom to read. Protect that right.	5/12/2022 8:14 AM

311	When our children were young, we went to the library multiple times/week, for story time, or just to sit and read. Now most of our interaction is online, but we use it ALL the time. I've always thought, and continue to think that our physical local library is essential to the community. I'd probably enjoy a larger selection of audiobooks online, but in general I'm VERY happy with our library.	5/12/2022 6:22 AM

321	I love reading and love what the library has to offer - it has introduced me to so many authors I would not have been able to explore otherwise. With an almost 2 year old, my husband (the stay-at-home-parent) has greatly benefited from taking him to mother goose and toddler story time events. I also am working towards the 1000 books before kindergarten program with him and love that my son can use the crayon drawing table at the library when we go together. The library is an essential service and I would love to help it thrive however I can. Thank you!	5/11/2022 4:09 PM

328	I answered many questions from past uses of library when my children were younger (both in Florida orange and Seminole counties and in NY). My experience for my children was a rewarding one and I'm hoping to have my niece benefit from the children's programs when she moves here in July 2022. All free programs for children, teens and adults appreciated, especially in this time as ppl are struggling financially.	5/11/2022 11:49 AM
329	The library on Hunt Club in Longwood is an integral part of our community. It is well-run by the people in charge. This library is well-used by our community.	5/11/2022 11:39 AM

335	We love the library and value the programs. We would be excited to see more programs geared toward 8 to 12 year old range. More Summer time programs would be awesome.	5/11/2022 10:46 AM
336	Like the down town one	5/11/2022 10:33 AM
337	Have the same storytimes on different days rather than Mother Goose Monday at all libraries or toddler all the same day switch it up so Lake Mary does Toddler, baby, preschool Sanford baby, preschool, toddler so parents who only have kids on certain days can still com. (I have 3 and 5 year old but all activities are T, R everywhere so can't go, but if some libraries were Monday I could.)	5/11/2022 10:25 AM
338	Anything you can add on Hoopla would be appreciated and accessible by everyone in the district. Even with Covid active and no form of transition.	5/11/2022 10:22 AM

340	Keep up the great work! I am greeted with happy, helpful people. My current job is with 3 year olds and I get my inspiration from many places, my favorite being the library. Thank you to all.	5/11/2022 10:14 AM

344	I would like to see passes offered for checkout for various activities around town. Like to the art museum, science center, history center and other areas around town. I think this would benefit lower income families.	5/11/2022 9:35 AM
345	On the 'rack' in the front of the information desk I have noticed a substantial increase in what I consider to be liberal books (race, gender, trans, gay, anti-Trump) relative to those in the conservative bent (pro-Trump, self-help/spiritual, semi-biographical). This is really evident during Black History month and Gay Pride month. I have less problem with these being promoted during those months but have seen an obvious decline in the selection offered of other books as a result of these promotions. The large increase on the number of fiction books promoting gayness, etc is quite evident on this rack especially during the past couple of years. I have requested a book named Just Tyrus (on best seller list on amazon) and a book by David Mamet (unsure of number it has sold). These types of books seemingly would have been out there 4 or 5 years ago but are rarer today. Plus there are numerous other books relating to conservatism and economics that are printed that could be displayed on this front rack. I realize that you have to be fair and there is a finite source of funds for books but I do resent the promotion of political agendas in this part of the library.	5/11/2022 9:26 AM
346	I love all the children books!	5/11/2022 9:18 AM

349	Would definitely like to see increase in ebooks available. Thank you.	5/11/2022 8:45 AM

359	The programs for children are very good but they should not be suspended due to preparation for other events. Also, some branches decided to further postpone in-person programs which not have happened.	5/11/2022 8:04 AM
360	I would love a Winter Springs branch	5/11/2022 7:56 AM
361	Libraries are an integral part of the community. The ability to get books to read for free to expand one's mind at any age is integral to continued learning.	5/11/2022 7:12 AM
362	Our family adores the library and all it provides. We attended story time when my children were young. We used to go every day after school on Wednesdays. I attribute a lot of my children's enjoyment of reading to the library. Now that I work full time we have a hard time getting there but they still ask to go and I'm so glad it's available to us. The ladies at the west branch are always so sweet.	5/11/2022 7:07 AM
363	Thanks for the chance to give input.	5/11/2022 6:17 AM

368	I appreciate the services of the library. I especially appreciate the audiobooks and ebooks available. I also like being able to work at the library when I need an opportunity to get out of my house.	5/10/2022 8:41 PM
369	Physical books are much preferred to electronic.	5/10/2022 8:39 PM
370	The library needs to provide more actual books. Many homes cannot afford good quality books and this is a resource only the library can offer. That is the primary purpose of the library and it is being lost in the race to focus internet and digital media, which do not have the same benefits and value as good books do.	5/10/2022 7:55 PM
371	Do not get rid of the brick and mortar libraries and physical books. We cannot be on devices all day, adults and kids included. Books have to stay in our lives.	5/10/2022 6:57 PM
372	I would like Seminole County to have reciprocal library privileges with Volusia County	5/10/2022 6:35 PM
373	Love my library	5/10/2022 6:05 PM
374	The library should not be treading on the waters of being inappropriate! People should be able to take their children to a library without being exposed to all the stuff that this world wants to expose them to! 382	Everything is wonderful for me. Librarians are all helpful, kind, and patient.	5/10/2022 4:40 PM
383	Previous library had auto-renew and more of the books I requested were able to be borrowed. All the librarians at the West Branch are so nice and helpful. The library is always a comfortable cool temperature.	5/10/2022 4:37 PM
384	I love the Library!	5/10/2022 4:32 PM
385	Orange County has more books available. I have found in searching for books to listen to that most times only one audiobook is available in a series, often it is book #2 not the first in the series. Thanks.	5/10/2022 4:26 PM
386	Please add an online section for "Book Club Resources," that would make it easier for book clubs to function so we are not competing with each other for limited resources. The online section should have: -- a list of books available in quantity for book clubs -- when they are available -- how many and in what format they are available -- allow us to reserve books several months in advance -- classify books by category -- provide a place for all members to share their recommendations with other book clubs (optional). My club has 12-14 members and there are always some members who can't get the book in time. This suggestion would make it easier for all book clubs to plan, share and maximize our resources, and if there aren't enough books in any format for all members, at least we'll know in advance. Thank you for your consideration.	5/10/2022 4:22 PM
387	Increase the limit of items available from hoopla-- current limit of 4 is insufficient.	5/10/2022 4:13 PM
388	I have loved and utilized libraries ever since I was a child (still have my first library card!); now, in adulthood, I'm still a regular patron. Libraries serve an important role, not just a place for books and learning but as a gathering space, a place to read and study, and more. Libraries are vital, and they must be prioritized and valued and should remain safe, non-politicized places for people to come together and build community. Also, just because I do not use all the resources the library has to offer does not mean they are not important. Some patrons may not need things like library computers and Internet service, but for people who do not have access to these resources or cannot afford them, the library is a lifeline. The concept of the public library predates even the United States of America, and public libraries remain essential to the well-being of our county.	5/10/2022 4:13 PM
389	Offer more children's programming for working parents.	5/10/2022 4:08 PM
390	My family has been using the library weekly for 16 years. It is a huge part of our life. I thoroughly enjoy using Libby in addition to checking out physical books. Have always loved summer reading programs - prefer them to be non-digital for the kids.	5/10/2022 3:57 PM
391	As a working mother I'd like to see more children groups on the weekends.	5/10/2022 3:57 PM
392	During Covid, there were 2 places I went to - Publix and the Library! This service is the most important part of Seminole County	5/10/2022 3:54 PM
393	We love story time and always try to come by for other activities as well. My kids loved the star wars activities especially the scavenger hunt!	5/10/2022 3:52 PM
394	offer better digital magazine and newspaper apps	5/10/2022 3:46 PM
395	We enjoy checking out books and also appreciate the quietness of this library!	5/10/2022 3:45 PM
396	Love the library!	5/10/2022 3:40 PM
397	I love bringing my toddlers here on the weekend, but the book selections feel dated and would love a more attention grabbing kid zone. But no matter what, we love you!	5/10/2022 3:38 PM

400	I really would just like to have more selections for e-books and audiobooks. I find the online selection is severely lacking in all ways compared to other libraries I've been a part of. Ebooks are how myself and all of my friends read books.	5/10/2022 3:34 PM

404	If the library could introduce weekly "ted like talks" by some of our leaders or college professors or any other intelligent people on various subjects like E-commerce, technology, development etc. Public can also be encouraged to talk their subjects for 10-15 minutes.	5/10/2022 3:20 PM
405	North Branch needs to have more parking and possibly bigger building.	5/10/2022 3:18 PM
406	I love my Sanford library. They are always kind and friendly there. I love being able to renew things online. Some of the things I marked "unimportant" are only because they are unimportant to me at this time. I don't have children in the home. I feel well served by my library and just wish I had more time to take advantage of all it offers. I need to get someone to help me understand how to make better use of your online content. Thank you for all you do.	5/10/2022 3:15 PM
407	You need more funding! I have always been a library user and have worked as a librarian in public, school, & university libraries. (UCF) I am astonished that supposedly educated people don't know about access to free books. I believe you need a more aggressive marketing campaign. I'm concerned & frightened of people who are demanding the banning books! Don't let it happen! I say GAY!! I support a diverse community always must have the freedom to read!	5/10/2022 3:14 PM

411	Please do not move the library in Sanford away from downtown & keep some accessible parking. If the library is moved it will lose a sense of community & make it much more difficult to utilize. Updates to the facility will be helpful; especially the bathrooms. More printers would be terrific.	5/10/2022 3:05 PM
412	The library I frequent in Lake Mary is very efficiently run for the services I've used. The employees are always pleasant and the facility is a welcoming environment. Very appreciative that some of our tax dollars in Seminole County are being spent for leisure activities.	5/10/2022 3:04 PM
413	Love the children programming. Would love more afternoon or Friday children's programming. Storytime with Ms. Susan in Longwood is a highlight of our week!	5/10/2022 2:55 PM

416	Your staff is knowledgeable & very helpful	5/10/2022 2:48 PM
417	I have requested certain books to be ordered. I have never before had a problem getting them. Now it seems that whoever is in charge of ordering them makes the final decision. NEVER! had a problem before. My other library was much more attentive to public needs. Please fix this problem. The Casselberry library has a lot of people working there, but every time I go in they aren't working. I have to interrupt a conversation they are having with each other to get their attention. Obviously you don't need that many workers.	5/10/2022 2:46 PM
418	provide crochet class, painting class, creative writing class for kids. Add summer activity for kids.	5/10/2022 2:40 PM

420	Libraries can include more common areas for children including gaming tables, interactive play areas. They can extend to be a place of community and inclusion for little children, for example at Oviedo kids making noise are not very welcome ; a separate kids area would solve the problem	5/10/2022 2:18 PM

432	In my east branch, Would appreciate a book club for tweens/ teens once or twice a month. Would be great to have a puzzle club and chess club weekly.	5/10/2022 9:56 AM
433	The Oviedo library seems very run down, and, in my opinion, could use a facelift. It does not seem in step with the size of the community and seems unknown or forgotten by most residents.	5/10/2022 9:43 AM
434	Staff at Hunt Club Branch are very helpful and courteous.	5/10/2022 9:32 AM
435	It is crucial that there be enough effective library services for education of citizens - especially children and teenagers. A community where I want to live has a library that offers a safe haven especially for children, elderly and low income citizens. I cannot overstate how important I think a library is for the life of the community.	5/10/2022 9:23 AM
436	Please continue to have the printing service. I sometimes use it! SMILE	5/10/2022 8:56 AM
437	Staff at all libraries are very helpful. Need more small rooms for discussion one on one.	5/10/2022 8:16 AM
438	As a homeschool parent for 13 years, I've used the Seminole County Public Library for a variety classes/topics ranging from preschool to high school. Sanford Librarians are very helpful in finding books on any topic. I am pleased with the services available.	5/10/2022 8:12 AM
439	Offering comic books/ manga volumes would be a great new area of literature for younger audiences. It would also give them exposure to other cultures since manga volumes are more common in the east.	5/10/2022 7:28 AM
440	The Seminole County library was an important part of my youth, and continues to be of use to me in my age. It is still very important for the youth and the community at large.	5/10/2022 7:01 AM
441	When scheduling activities, it is best for residents to conduct the sessions during optimal timeslots. For instance, at the central branch location, the indoor Mother Goose On The Loose activities are scheduled during the nap time of most toddlers. Thus, most residents and toddlers are NOT able to attend the activities. The west branch has better timeframes. I have brought this up to the central branch folks but I would like to have it within the survey with the hope of fixing the issue.	5/10/2022 6:57 AM
442	Are there coding classes or tech classes for kids? Or maybe painting or drawing classes? That would be awesome.	5/10/2022 6:06 AM
443	I think that providing more latest releases would be great. New books are coming out all the time, and the library already does a great job with providing these, but maybe more copies for more opportunities to loan instead of waiting in que for long periods of time.	5/10/2022 5:53 AM
444	Unhappy with library purging of books.	5/10/2022 5:52 AM

457	The librarn is an asset to this community. In time when people are banning and limiting access to dissenting opinons the library provides a vital to service to the community and its citizens.	5/9/2022 6:11 PM
458	The library system is a very valuable service. Our local branch in Lake Mary just does not have a very extensive collection. If it did, I would use it much more.	5/9/2022 6:07 PM
459	Access to hold a book online is denied if there is an amount due, even a small amount...very inconvenient!	5/9/2022 6:06 PM
460	Keep up the good work.	5/9/2022 5:28 PM
461	I believe reading, and books, are very important! I think that children should be exposed to reading at an early age. I would definitely be an advocate for enhancement and maintenance of early childhood programs, with exposure to books. I currently have teenagers and I do not think they would be inclined to use services at the current libraries. I really think we need consider that older children are going to be more focused on digital consumption. As well, many adults have transitioned to digital readers. I wish that the system to borrow electronic books was easier. I would recommend libraries with smaller footprints, focused on more digital media, and in more locations throughout the county. It would be nice if Seminole County had some type of relationship with the school system, allowing adult residents to access resources at the local schools.	5/9/2022 4:34 PM

474	Before 2020 I visited the library at least two times a week either with grandchildren or by myself. The programs available have dropped off considerably! I would like to see them return as well as others added.	5/9/2022 11:53 AM
475	Thank you for your hard work and running great facilities!	5/9/2022 11:51 AM
476	I use mostly e-lib because of my ability to get around. I'll start to use curb side pick-up. I did not know of the program. I should check on lib site and not just the e part. Thank you for your work.	5/9/2022 11:25 AM
477	I love the email reminders when books are coming due and the ability to renew online. I spend most of my time in the children's section with my kids. The book selection is good, and they love the scavenger hunts and the coloring area. The library in the community we previously lived in (out-of-state) organized children's storybooks by topical area (e.g., sports, nature, dinosaurs), which I feel is more helpful at that age than several racks of books organized only by author. Also, the previous two out-of-state libraries we used offered computers in the children's area setup with age-appropriate content with headphones and no login required. I recommend implementing these changes. I feel the computer systems at the Seminole branches are very out of date.	5/9/2022 11:15 AM
478	Please bring back the ability to get books from libraries outside the 5 county libraries. No library can own every book that a patron wants to read. Share resources!	5/9/2022 11:15 AM
479	Please bring back the ability to get books from libraries outside the 5 county libraries. No library can own every book that a patron wants to read. Share resources!	5/9/2022 11:14 AM
480	I stopped using the library in person when people were making lots of noise and I shhhd them and nearly got attacked violently and was verbally assaulted for doing so. I prefer to check out eAudiobooks or eBooks after that unpleasant experience. The online catalog needs a major refresh, particularly after COVID closed things down and made everyone nervous about Public places.	5/9/2022 10:50 AM
481	Thank you for all you do and this survey was fantastic! I hope you get the answers you need!!	5/9/2022 10:44 AM
482	Ebooks and audiobooks should have a lot more offered, like Orange County.	5/9/2022 10:13 AM
483	Keep up the good work.	5/9/2022 9:36 AM
484	Seems inventory is always lacking. either books simply not available or the (3) copies that exist are already checked out. I rarely ever am able to check out what i want to read. I go on wait list but that hold expires before i am able to finish whatever i am currently reading.	5/9/2022 9:30 AM
485	Came from Volusia County in 1994. Their Library services were similar and excellent too. In our digital world our libraries keep our community connected. Thank you for your excellent service.	5/9/2022 9:20 AM
486	Library needs to offer more teen programs like paint classes. I've been going to library programs since I was a baby. My Grandma took me to storytimes, after school, tween and now teen things.	5/9/2022 9:17 AM
487	I do not like your new on-line access to library account. The old screens where much easier to access and use. The drop-down menu is easy to overlook visually especially for older people that are not very comfortable with computer usage.	5/9/2022 9:13 AM
488	It would be great if collective more audiobooks could be checked out on Hoopla.	5/9/2022 8:46 AM
489	I also have an Orange County Library Card because they care more audiobooks than Seminole County. Since I travel to work 2 hours a day, having audiobooks available is very important.	5/9/2022 8:44 AM
490	I am concerned that the new ALA president, Emily Drabinski, an avowed Marxist, will lead to a more leftist slant to the books and materials that are available in the Seminole County library. I already find it easier to find historically traditional and accurate material at the Lake County Library System. How will you monitor this?	5/9/2022 8:38 AM

491	PLEASE bring back the email notifications of when my reserved books are ready for pick-up. I don't know why you quit. BUT thanks for the notifications when books are due.	5/9/2022 8:26 AM
492	We love the library!!!! <3 Thank you so much for all you do!	5/9/2022 8:12 AM
493	Keep up the great job.	5/9/2022 8:06 AM
494	I appreciate having a great library and staff in Oviedo!	5/9/2022 7:28 AM
495	I participate in the Terrulia 4 Gatos program meetings in our branches and thank you for supporting our Spanish speaking community. I would like to see your Spanish books section expanded for both adults and children.	5/9/2022 6:26 AM
496	I love Friends of the Library bookstore and wish they had better hours.	5/9/2022 6:23 AM
497	Train Staff, on book inventory.	5/9/2022 5:37 AM
498	Most important - do NOT reduce current services. E.g., close one day a week.	5/9/2022 5:23 AM
499	Appreciate capacity to receive and return books by mail.	5/9/2022 5:22 AM
500	I am very pleased with the services received from the Seminole County Library System	5/9/2022 3:45 AM
501	I'd love to see a more engaging and fun kids area at the Oviedo library.	5/9/2022 2:00 AM
502	Lately I've noticed that the license on some ebooks on my wishlist have not been renewed even though there are also other people waiting for these books. I hope the library budget allows for greater renewal and acquisition of ebooks as well as regular books.	5/9/2022 1:59 AM
503	I just moved to Lake County this past weekend.	5/9/2022 12:16 AM
504	I answered this considering not only the services from which I personally benefit but also services important to the community -- particularly the underprivileged, who are more needy than I am.	5/8/2022 10:54 PM
505	Technology is the future of Public library services.	5/8/2022 10:15 PM
506	Free mail delivery would be a nice addition	5/8/2022 9:47 PM
507	I am thrilled when I pick up books at the Rhein or the Lake Mary locations because I know I'll have new adventures awaiting me as I read. I especially appreciated the e book option available during the COVID shutdown and I'd love to see this service expanded. I am willing to pay more in tax dollars to receive e-book services.	5/8/2022 9:39 PM
508	none	5/8/2022 9:00 PM
509	We love having a library close to us and enjoy accessing books and digital books and movies for our family! Sometimes we drive to another library for a bigger DVD selection.	5/8/2022 8:42 PM
510	I was in Orange County before Seminole County. The library systems were very comparable at the time I moved. I absolutely adore the Seminole County Public Libraries!	5/8/2022 8:31 PM
511	The library personnel are friendly and always willing to help. the two libraries I visit are quite nice physically>> I would like to have more audiobooks available; their insufficiency is the only reason I answered that I was "somewhat satisfied" with the library instead of "Very Satisfied." As for ranking the benefits of the library next to other tax supported benefits--How does one rate anything greater than the benefits of public education for children? And I suppose if I had to choose between roads and libraries out of necessity I would have to choose roads. But I consider the library to be of tremendous benefit to myself, and as it is available for all residents, of great general benefit. (I have felt that way about libraries since I was a kid.) I am grateful for the Seminole county Public Library system	5/8/2022 8:09 PM
512	maybe have an author visit and talk, speakers from the community	5/8/2022 8:04 PM
513	At one time a Seminole County library card could be used to check out books in Orange County. Sorry that this is no longer so.	5/8/2022 8:03 PM
514	- library needs more space. Quiet space for learning and more rooms for events and programs. - would love to see more services for those who need help with schoolwork.	5/8/2022 7:29 PM
515	If you want to look at a thriving, exciting, highly used for the population of the city library look to the Calgary Public Library in Calgary, Alberta, Canada. It has great resources, fresh	5/8/2022 7:05 PM

materials, some exceptional bright clean buildings, super staff and more programs and events than anyone could go to. Ie the book club bag program, music concerts, club meeting space, calgary reads challenges.... I rushed to get library card here and was a little disappointed once I looked around the lk mary library in the lack of and age of most of the books and limited e-books and e-resources. The crochet pattern collection was particularly disappointing, not a single amigurumi pattern book! I went to calgary library at least once per week...here months go by. Pre Covid comparison of course

516	Schools and libraries are definitely at the top of my list for a good use of my taxes. Without access to free books and technology, life would be that much harder for underprivileged children.	5/8/2022 5:40 PM
517	Love the library! Thank you so much for everything you do!	5/8/2022 5:15 PM
518	I would appreciate an increase in manga novels.	5/8/2022 5:07 PM
519	I always went physically to library and the parking is terrible. During pandemic I learned how to download and get digital books and this is great for seniors.	5/8/2022 4:59 PM
520	Please maintain a great library. My entire family (although grown) are avid readers & audio book readers. THANK YOU FOR THE LIBRARY. Hoopla needs to allow items returned early to clear and allow another item to be checked out in its place.	5/8/2022 4:18 PM
521	Now that I am retiring I plan to visit the library more often	5/8/2022 3:57 PM
522	Orange County Library has a lot more books and audiobooks. Also has 4000 magazines. It will be a shame if they recall my card.	5/8/2022 3:02 PM
523	Library is a great service to a community. As an older guy, this digital access is starting to seem very nice. Keep physical books, of course, to encourage reading, but the eAudio books make it so easy to borrow and actually finish the book...so please look into more eAudio books if the demand supports it. Thanks for all you do!	5/8/2022 2:04 PM
524	Thank you for all that you do!! ^^	5/8/2022 1:42 PM
525	I would love a wider variety of audiobooks through the Libby app	5/8/2022 1:19 PM
526	Just wish there were more seats near wall outlets. Nearly impossible to complete my practice exams there using library computers because it's a total of 7 hours. Thanks! Hope this helps	5/8/2022 12:29 PM
527	People talk too loud in the library, including the librarians (some are louder than the users)(and some hold "normal" voice level conversations between themselves).	5/8/2022 12:13 PM
528	Thank you!	5/8/2022 12:12 PM
529	I volunteer at friends of the library store and enjoy every minute	5/8/2022 12:10 PM
530	I greatly appreciate the services of the Seminole County Library.	5/8/2022 12:06 PM
531	Consider Libraries essential to well being of community.	5/8/2022 11:04 AM
532	Love the libraries!	5/8/2022 10:31 AM
533	Overall very satisfied with the library!	5/8/2022 10:11 AM
534	The library staff is friendly, courteous and knowledgeable. I appreciate their efforts to continue services during the pandemic.	5/8/2022 9:57 AM
535	I love the library and the staff. Those services kept me sane during the recent Covid pandemic while I was almost completely confined to my home. I have used a public library my whole life, and think Seminole County's system is the best I have ever used, including St. Louis County's library system.	5/8/2022 9:54 AM
536	The online Libby service is invaluable.	5/8/2022 8:49 AM
537	Other than necessary renovations to improve facilities, I think the library's web services (e.g., website) should be revamped. It provides necessary services, but is a bit different to navigate and I am very tech savvy. I imagine this being problematic for many people. Using the website, there is no apparent means to save a list of books in a persistent list or "shopping cart" like one would do when shopping online. There are a few things that look like they will do that, but they are not persistent across login sessions. This has not only frustrated my family	5/8/2022 8:43 AM

in the past, but also some of the librarians that we asked about it. When thinking of the library as a go-to place to learn new skills. It would be interesting to explore the concept of a county-owned maker space; or partnership with an existing space. The current library system is setup to help acquire cognitive skills whereas maker spaces help with developing physical, trade skills.

538	thank you!	5/8/2022 8:29 AM
539	In our on-line accounts, it would be WONDERFUL to keep a list of past books checked out (for reference)!	5/8/2022 8:24 AM
540	Lake Mary library has driven me purchase books rather than use my card. Primarily because I believe the security surveillance team needs retraining on the difference between library patrons and threats.	5/8/2022 7:34 AM
541	We didn't go to the library frequently due to risk of covid and then other medical issues. Before covid we went often. Kids are on screens too much now even at school. A book in the hand is better. Buying every book you want to read is not environmentally responsible. We love our library.	5/8/2022 7:24 AM
542	I use this library for my grandchildren for reading AR I love not having to purchase books return when done take out more.	5/8/2022 7:12 AM
543	Please keep our libraries open.	5/8/2022 6:36 AM
544	My wife and I are 89. I am grateful for the books we get weekly as we are home most of the time. The staff at our library have been extremely helpful. Thank you for the beautiful library. Oviedo.	5/8/2022 6:27 AM
545	I haven't been to the library as often as I did in the last few years because of Covid, but in the past, I took my small kids to Casselberry library all the time for storytime. (At least once a week) It's such a wonderful program and all the storytellers there are amazing. (I've been to Oviedo ones and they're great too). Thank you so much for these wonderful programs.	5/8/2022 6:23 AM
546	Separate areas for children and elderly. Making books easily accessible on shelf for elderly - reaching, bending difficult for some. Wider area between shelves or stress library rules about going around individuals while their searching. ☺	5/8/2022 5:00 AM
547	I enjoy our library and the staff there. I find the online website great and easy to check out books. I wouldn't mind having the library purchase more books... maybe 10-15 each month. I think having 3 various adult classes each week.... Like learning to crochet from a book, bird watching books, a book club meet up for example... would be great. 3 meet ups a week for child related.... Dr Seuss reading group, origami, us sports compared to other sports etc, 1 special needs meet up per week, varying. I like the library building but there appears to be space to add a small addition for a meet up room and computer room. Keeping at least 5 updated computers, new fax machine and printer would always be great for the elderly, those without computers or for those whose computers may break and they need temporary back up. Not a crazy amount of technology, just enough current technology kept updated to assist occasionally. I'm in favor of a \$150 per household yearly increase to keep the library relevant, inviting with fresh paint, murals, clean nice bathrooms, some updated books, maintaining updated computers, couple small separate group spaces, check out counter. Nothing excessive, just updated to keep library a pleasant town asset.	5/8/2022 4:15 AM
548	Pleas add more ebooks by African American authors.	5/7/2022 11:26 PM
549	Library is very essential to young kid. My daughter went through elementary school with the help of the library. She checked out books to help her improve on her reading skill.	5/7/2022 9:51 PM
550	The reading programs provided for children are vital in the day and time. The use of gaming and other devises has overshadowed the value of reading for a lot of children.	5/7/2022 9:32 PM
551	Stop all the covid nonsense. Research it, masks don't work, the plastic barriers don't work, distancing doesn't work, the vaccines don't work. The virus has to virus. We will survive. Stop any woke books in your library. Stop any books that are trying to indoctrinate our kids. Stop any crt books. Stop spreading lies to our children. Put up good wholesome books. Support families not woke agendas.	5/7/2022 8:43 PM
552	I love the library system at Seminole county so much. It's one of the only communities I am a part of here.	5/7/2022 8:40 PM

553	The in person facilities are limited in Seminole county and inferior to the Volusia county public library with a nature trail, variety of books and a great kids center.	5/7/2022 8:29 PM
554	Don't like to give out personal info. Use of the library has been limited thanks to COVID. Haven't been there in a while. I've used Libby & hoopla	5/7/2022 8:11 PM
555	I find the digital content lacking. I would use the library more if you had a better ebook selection	5/7/2022 7:49 PM
556	Programs for children are wonderful and the ones I have seen at Northwest Branch in Lake Mary are very good. However, I have heard about so called "Drag Queen Story Hours" in other libraries and I hope this horrible and immoral poison projected on our children will NEVER be part of any library "activity" for children.	5/7/2022 7:27 PM
557	I volunteer at my local branch in Lake Mary.	5/7/2022 7:18 PM
558	The times are changing. It is more important now, than ever, to teach 'DIGITAL LITERACY', and information validation to adults. Conspiracy theories, and misinformation circulate the internet. With the abundance of information at our fingertips, we need to understand the technology, and how to validate information we come across. I am truly afraid for my friends and families well-being. Maybe this task is too large for the public library system to tackle. Thank you.	5/7/2022 6:08 PM
559	Staff working at west branch are like family.	5/7/2022 6:06 PM
560	Would love to see a book delivery service similar to orange county. As well as a larger selection of ebooks.	5/7/2022 5:26 PM
561	I think having the library is so important for the community...especially for young families.	5/7/2022 5:13 PM
562	Clerks are very helpful.	5/7/2022 5:11 PM
563	The library is essential, but it needs to grow with the current technology and needs of the people.	5/7/2022 5:08 PM
564	The collection of books available is surprisingly limited for a library that serves such a large community. One way my previous library was able to have access to more books was having a statewide borrowing system. I could get any book from anywhere in the state on request. And if no library in the state had the book, I could request the library buy it -- which it almost always did. Since being in Seminole County, I have found the library doesn't have the books I want for at least half of my requests... and there is no recourse to request it.	5/7/2022 4:11 PM
565	As baby boomers age we need to add senior classes and have more large print books. There is too much focus on children books when kids have school libraries. Poor seniors have no other resources.	5/7/2022 2:35 PM
566	Seminole County often seems to max out the total amount of digital media customers can check out in a day. I would love to see that number increased.	5/7/2022 2:29 PM
567	I wish there was a way to make it more accessible for little kids. For I stand at the WP Library my toddler could pick out her own books and had space to make noise without disrupting others.	5/7/2022 2:15 PM
568	I think access to public library is very important for educating children and very useful for the society as a whole.	5/7/2022 1:59 PM
569	The County should constantly strive to improve the library by making it both more enticing (kid's programs, adult education, etc.,) and more accessible. (operating hours, digital access, book delivery, etc.) i think Seminole has done an excellent job with the library. i do not think a tax increase would be acceptable at the moment, though as the US is most likely on the brink of a very bad recession and adding to the living costs of the people of Seminole County is a very bad idea at the moment.	5/7/2022 1:36 PM
570	Regarding question #12, I have lived in other territories with well-funded libraries. The material was up to date, new books for series were frequently added and we had access to scanners and printers for work. Their open hours were long as the facility was intended for us adults to utilize before and after work. There was a tiny corner of the room dedicated to reselling their damaged, outdated, overstocked, etc. books for cheap. I couldn't afford a working computer,	5/7/2022 1:25 PM

printer, scanner, and much less books for general leisure- so that corner was a tender mercy for collecting something of my own.

571	The librarians are fantastic here. When you request a book, they try hard to find it for you and will put a request to order it. I often need to ask because the Seminole County Library System rarely has the books I'm looking for. And the fines are too expensive. I hesitate to go to the library because I worry about those fines.	5/7/2022 1:18 PM
572	Winter Park Library was larger and always busy. The librarian in charges has a dynamic personality and actively asks for public donations via mail campaigns, inexpresses plans, and informs the public about new offerings which attack the public. The parking lot is always full. I had send in a \$50 donation and received a letter back from him stating he would use the donation to buy more stamps and send more mail outs to reach the community. Knowledge is Strength.	5/7/2022 1:09 PM
573	Please be careful about switching too fast to digital copies of books, as many of us really enjoy holding a book. Also, can you explore having interlibrary loan with other FL public or college libraries, so we can have more access without buying?	5/7/2022 1:08 PM
574	The limits on digital books is far too low in both hoopla and other services. if you do not try to get a book first thing in the morning it will always say "daily limit reached". When you do not have a digital book it will always ask me to suggest one and says it will let me know when it is purchased. Not one time has any of the books been purchased or made available.	5/7/2022 1:05 PM
575	Currently completing a PhD	5/7/2022 1:03 PM
576	It is not acceptable to me to close the library for extended periods of time to make improvement. The bathroom improvement is an example	5/7/2022 12:57 PM
577	Curbside pickup is a very useful service. It should be continued longterm. Consider a focus on local authors. Not an easy task, but would support our county community. Perhaps upgrade website to include selection, highlight the story told. When I search for something to read I would take time to look at local authors. including self published.	5/7/2022 12:38 PM
578	Enjoy the fact that if the west branch does not have a specific book they will search the system and if available have it transferred in from another branch.	5/7/2022 12:34 PM
579	Love the library services, Thank You!	5/7/2022 11:29 AM
580	I love the library system. Thanks so much for maintaining a good one here in Seminole County.	5/7/2022 11:13 AM
581	Building needs to be updated and expanded.	5/7/2022 11:01 AM
582	Thank you for keeping the library an important part of our community. In the past, library services including hours of operation did not seem as important to the county as they were decreased or curtailed whenever budget cuts were needed. We have a great system.	5/7/2022 10:42 AM
583	MORE BOOKS	5/7/2022 10:16 AM
584	I would like to see more Christian fiction here. Also, for some reason, books are out in the store and we wait months to get them, however, other more well read secular books are out immediately. Wonder why...	5/7/2022 10:08 AM
585	Would be nice to have outdoor electrical outlets for laptop connections.	5/7/2022 9:53 AM

588	Thank you for LIBRARIES and LIBRARIANS!	5/7/2022 9:16 AM
589	The employees at the Lake Mary library and really friendly and that definitely makes a difference. Thank you for your service!	5/7/2022 9:12 AM
590	Would like to see a separate enclosed area for kids to minimize the noise they create. Also would like to have adults minimize cell phone use and realize they are in a library and not outside.	5/7/2022 8:56 AM

592	Over all the library is well staffed but could use more books.	5/7/2022 8:30 AM
593	-don't move the existing buildings, especially North, too many depend on being able to walk to it -more computers, printers, study areas, etc. -update the bathrooms would be helpful -would be nice to see more activities and programs for young adults, college age kids, and "new adults"	5/7/2022 8:26 AM
594	Only complaint is Seminole has less inventory compared to larger counties. A book or DVD Seminole does not have, Orange probably has 5 copies. A cross-county share program would be nice. Also, access to Kanopy? It's a digital lending program Seminole was partnered with, but no longer is. It offers a lot of stuff remotely that Seminole does not possess. Otherwise, love the library system, the employees, the facilities. World-class IMO. Thanks for everything!	5/7/2022 8:24 AM
595	Programs for children are at old Times for working parents. I'd love to take my little girl to more but it's always during the school day.	5/7/2022 8:16 AM
596	I love having the library and the librarians I always talk to. I love reserving books and being emailed when it is available. The only complaint is the parking from students and parents at Lake Mary HS and I make sure not to go during dismissal time.	5/7/2022 8:09 AM

598	The building could use a renovation. Better access to out of state libraries	5/7/2022 7:57 AM
599	When your branches have an abnormal closure, please update your website that you aren't open. Such as if the branch is closed during normal hours because the roof is being repaired.	5/7/2022 7:55 AM
600	Staff is always welcoming and helpful. I really enjoy going to my library. The new books and Lucky Day sections are special treats.	5/7/2022 7:53 AM
601	I don't understand how the majority of people that work the library can be so unhappy - I mean you are surrounded by books all day, how amazing is that! On occasion, there have been incidents where the employees were pleasant and helpful, but most often they act like I'm there inconveniencing them by checking out and/or returning books. I'm also highly displeased with the increasingly disappointing books that my tax dollars are paying for and even highlighting as "great reads." I understand and completely agree with having books about diverse cultures, etc however, I hate that I have to research or proofread children's books to see if they go against our family's values. It seems that classic, wholesome children's literature is being replaced with woke culture books. I would love to see some kind of labeling for children's books that it contains homosexual content. We love and accept everyone for who they are but I don't need my young, advanced readers who frequent the library reading about a middle school girl kissing another girl, etc. We have been attending the library less and less because I find more and more discouraging content in the books. I hate that my children (and myself) are reading less because of this. Bring back wholesome children's books please!	5/7/2022 7:52 AM
602	The ladies at the information desk have a huge influence on young readers which is wonderful. They are enthusiastic no matter what children asked. Love having the used book store at the Casselberry branch. Not sure if you know the Markham Woods Road area is zip code 32779 so we use Lake Mary branch not Wekiva.	5/7/2022 7:51 AM
603	I'll like to see more historical romances available in ebooks	5/7/2022 7:29 AM
604	I would like to see more E books complete series. Often there are the first few in a series and not the rest. Also, some books I put on hold often are no longer available. Why are they listed?	5/7/2022 7:26 AM
605	I like your coloring table and kids' puzzles.	5/7/2022 7:15 AM
606	Always loved the Lake Mary library but needs facility upgrading. Great people work there, and the entire Seminole County library system is a valuable resource.	5/7/2022 7:13 AM
607	I am very pleased with the library. It is more difficult to attend the story times now that I have two children at different ages.	5/7/2022 6:58 AM
608	Please bring back the old website where you were able to search for books easier and see the new books acquired by the library.	5/7/2022 6:51 AM
609	We love the library! Sometimes I struggle finding what I'm looking for, and would love to take advantage of more interesting library loan options. I prefer real books to online resources	5/7/2022 6:50 AM

612	We love the library. Seminole country has so many families that a great library should be part of the plan	5/7/2022 5:55 AM
613	The trend seems to be towards ebooks over physical books. Licenses for ebooks run out, however, and then libraries are left with just more bills. I think that it is crucial to keep hard copy books in the library. Please do not follow the trend towards banning books. Every age should have access to books.	5/7/2022 5:48 AM
614	The Library employees are always very pleasant, helpful and personable. They are a significant asset to our library system.	5/7/2022 5:36 AM
615	Having access to Libby is great, but need to greatly expend the ebooks and eaudiobooks that are available. I have seen the announcements for classes for kids, but am not aware of classes for adults to make the library part of an ongoing learning community	5/7/2022 5:34 AM
616	Love and depend on the library. Keep up the good work. I have been going there over 30 years.	5/7/2022 4:48 AM
617	Libraries have gone woke. It's hard to want to support our local libraries with tax increases when they feed our children woke garbage. Remove the junk and people will be more supportive.	5/7/2022 4:37 AM
618	Thank you for all you do!!	5/7/2022 3:46 AM
619	Need to expand digital collection	5/7/2022 1:32 AM
620	The students of Lake Mary High School have discouraged me from visiting the library and it's surrounding land several times by their noisy and course language and negative impact on the small children present. I wish library leaders/staff would be stricter with noisy and rude teens who have no intention of utilizing the library for books. As a long-time patron of the public library, I'm saddened that I now feel I must AVOID the library due to being tongue-lashed by teens monopolizing the library halls and surrounding park. PLEASE DO SOMETHING!	5/6/2022 11:02 PM
621	Would like if larger books(350+pages) were loaned for longer time particularly if not renewable	5/6/2022 9:18 PM

625	Libraries are an important part of every community.	5/6/2022 9:06 PM
626	So tired of finding digital books that look interesting only to find out they are not available.	5/6/2022 9:05 PM
627	The library in Oviedo is simply too small, with a very limited supply of books, so we don't generally find much there that is useful. If Seminole County had a robust digital book library, that would be very helpful. But, I've seen that be usless as well at my former residence because only limited number of people had access to titles at a time. I would love to see much more robust digital resources that are accessible without restricting the number of users accessing each title.	5/6/2022 8:27 PM
628	Would be nice to have a bigger limit on the ebook availability, usually hits capacity too soon in a day not leaving people that work a chance to get any because the library reached the limit for the day.	5/6/2022 8:22 PM
629	Reading is the most important skill a child can have.	5/6/2022 8:20 PM
630	I love eAudio books. I started listening to a series written by Jim Butcher called "The Dresden Files" and got hooked. The road block hit when I attempted to get ebook 9. It is not part of the library's catalog. What good is a series if one can't listen to all the books in that series? So, it was either jump to the next one available, get it in a paper book or skip the rest of the series which is what I chose to do. Unfortunately I don't have as much time to sit and read so eAudiobooks are my go to. I visited the library twice to request the ones missing be purchased to complete the series to no avail. While I do understand that these are expensive, I don't understand why invest in only part of a series.	5/6/2022 8:12 PM

633	A public library system is vital to a community. Seminole County's is good and I hope it can become even better.	5/6/2022 7:37 PM
634	I love borrowing ebooks to read on my Kindle. I don't love having to wait weeks for a book.	5/6/2022 7:14 PM
635	Treat your employees better. They're people, not machines.	5/6/2022 7:05 PM
636	Would like access to more current top rated books on ebooks.	5/6/2022 7:01 PM
637	I just feel like the libraries are very out dated and needs to be more modern. They should offer more kindle books etc.	5/6/2022 6:53 PM
638	We need to invest in a bigger library. One that has a separate floor for children, and one for adults. Near Warwick, New York there is a small library that has everything you need. It is beautiful inside and out. It won't be the best smallest library in the United States. I would suggest visiting that library for ideas. If you need more information, please let me know. It is worth visiting some of the best libraries in the United States. By the way, I judge a town by its library. A library card is the first thing I get when I move to a new town!	5/6/2022 6:52 PM
639	Very pleased with SCPL and very helpful library employees. We need fundraisers to raise money for library.	5/6/2022 6:48 PM
640	Love our library!!	5/6/2022 6:37 PM
641	Although not a regular user of the library system at this point in my life, I recall being very involved as a child, and having my daughter in the library frequently when she was growing up. She remains an avid reader and is better for it. All that to say, please never allow the squeaky wheel older residents to overshadow the importance of what the library system means to young children. Having access to an inviting and fun library system can make all the difference in the life of a child. Although it's important to have good resources for adults, especially seniors, the primary focus of the library system should be on children and teens. Giving them the resources necessary to grow into lifelong readers and self-educating adults pays dividends in the community.	5/6/2022 6:34 PM
642	I love the library but I wish there were more mangas :)	5/6/2022 6:20 PM
643	I think the library staff is excellent in Seminole County but Alachua County has more ebooks and audiobooks. I would pay more if it meant more programs and more material.	5/6/2022 6:15 PM
644	dont use the library often but id hate to see it disappear	5/6/2022 6:00 PM
645	Free libraries are vital to communities. People need to be able to access information to be able to think freely. Thank you for all you do	5/6/2022 5:52 PM
646	Libraries have always been an important part of my life. From reading Dr. Seuss as a child to exploring different ideas, perspectives, and cultures. I feel so lucky and fortunate to have access to a free library system.	5/6/2022 5:43 PM
647	Great library.....	5/6/2022 5:37 PM
648	I use the Northwest Branch regularly. With the high school next door it becomes a hang out rather than a library for many of the students. It appears some parents are almost using it as an after school day care. Traffic at the library becomes difficult when students leave school. There may be no solution due to the location and maybe all that can be done is avoid the library during those hours.	5/6/2022 5:24 PM
649	I love the Oviedo library	5/6/2022 5:23 PM
650	Public library system of USA is one of the essential services that helps to make this nation one of the greatest in the world. Any nation that can provide extensive network of a home of varied knowledge will be a nation blessed with well educated populace, kind , aware , non insular and non xenophobic. libraries need to stock world literature as in present times of fast and easy access to travel , social media the world community is more cohesive . I congratulate the Seminole County Library System for taking the initiative to improve on what is already a fantastic institution . My children were always provided with library cards and I have	5/6/2022 5:22 PM

652	I enjoyed using the library in my professional capacity as a teacher and a school counselor. Now as a retiree, the library has taken an even more important place in our lives. We feel that the staff at the Northwest branch have become our friends and neighbors	5/6/2022 4:54 PM
653	No banning books!	5/6/2022 4:47 PM
654	I have not returned to the library in the last year because of COVID. When I feel it is safe, we will be using services again.	5/6/2022 4:43 PM
655	Some private areas in the library would be welcomed. I know some tutoring takes place in the library and this would help keep the students' attention. It could be used for group projects and for others who need space to focus. Also a more secluded place for children's activities would be appreciated other than scheduled programs.	5/6/2022 4:32 PM
656	When the idea of books in other languages is being referred to, it should mean not just Spanish language material. Please include other world languages. Please stop middle and high schoolers from using library premises for pick up. They are intimidating and they harass us. This is so bad.	5/6/2022 4:21 PM
657	build library in altamonte springs near 436 and I-4 as we are at the boundary between West Branch and Central and it seems far to go.	5/6/2022 4:21 PM
658	Please allow for more digital borrowing on Hoopla. Currently titles are only available if you borrow early in the morning and after that the allotment is used up.	5/6/2022 4:15 PM
659	I think Library's are so important for our community!	5/6/2022 4:05 PM
660	My main library is the Lake Mary branch. The staff has always been friendly and helpful. Keep up the good work!	5/6/2022 3:58 PM
661	Need bigger library buildings! More meeting rooms. Public study areas.	5/6/2022 3:52 PM
662	We left the library and the ability to get new books every few weeks for our young reader I use the online that's for myself and for lunch for there to be more of those available so I would not have to wait as long to get a book	5/6/2022 3:36 PM
663	I am very thankful for the library.	5/6/2022 3:27 PM
664	I hope this isn't about trying to turn our libraries into businesses, like the post office. It's not supposed to be a money-making enterprise, and it affects things that you can't even imagine. I taught English there, and it was an invaluable experience for those who participated. You can't put a price on these things.	5/6/2022 3:19 PM
665	Love our library! Best investment of tax dollars!	5/6/2022 3:18 PM
666	I would like to see a major improvement for a larger book selection. Whether it is a hard copy or ebooks is not important. I don't like to purchase books. Thank you!	5/6/2022 3:16 PM
667	Not a large selection of new books. Our old library had many mire just published and highly rated books	5/6/2022 3:08 PM
668	Would love a larger library, closer to my home. Thanks.	5/6/2022 3:02 PM
669	Would love a larger library, closer to my home. Thanks.	5/6/2022 3:02 PM
670	More e books. When i lived in ohio there was a statewide e library which was quiet excellent. Here too many romance novels as opposed to better literature	5/6/2022 3:00 PM
671	We should have local authors, artists and other contributors presenting at the library branches. Offer more classes and services. Actively recruit vetted free seminars, hands on classes etc. Coordinate with the local historical centers to increase offerings.	5/6/2022 2:58 PM
672	I think the library does a great job of providing lots of different kinds of children's activities. Scavenger hunts, story walks, story times, etc. I would love to bring back the all age outdoor storytimes when the weather is appropriate. The staff is always helpful and friendly. The library is a staple in our weekly routine.	5/6/2022 2:57 PM

675	Thank you very much	5/6/2022 2:36 PM
676	The library is a fundamentally important equalizer in the community and we need to assure that it is funded, maintained, and it's offerings expanded. My family and I would benefit greatest from increased offerings for children (especially eBooks that can be checked out to kindle) but recognize that the library does more important work for families of lower income. We feel that work is more important than additional offerings and support that even if it means a tax increase. Thank you for all you do for Seminole county (and Casselberry specifically at the central branch). You provide an incredibly important service to the community that is under-appreciated.	5/6/2022 2:34 PM
677	The library has been very helpful for several members of my family and also for several friends	5/6/2022 2:28 PM
678	Impressive 'new books' section. The organization seems to run very smoothly.	5/6/2022 2:18 PM
679	More Graphic Novels and events for Tweens/Teens please.	5/6/2022 2:17 PM
680	I am overall happy with Seminole County Public Library, but Orange County delivering books is very convenient and accessible. It also doesn't use credit or debit (last I asked) which usually delays me in paying my late fees so I avoid the Library since I rarely have cash.	5/6/2022 2:17 PM
681	I love the Libby and Hoopla app. Also, I loved story time at the North branch before COvid. Also love VOX books. And I use dozens of picture books to teach my elementary kids all kinds of science and history! Love placing holds from home!	5/6/2022 2:12 PM
682	If an author writes a series of books with the same character I wish the library would have them all starting with the beginning instead of having #5 but not the first 4.	5/6/2022 2:10 PM
683	We love the library!	5/6/2022 2:09 PM
684	Just love the e-mails when one of my checked-out materials is coming due. Also, love the ability to reserve materials on-line.	5/6/2022 2:09 PM
685	East Branch is tiny, with so few books! It makes me sad.	5/6/2022 2:01 PM
686	Would like to see ebook collection increased, especially with wider range of genre.	5/6/2022 1:44 PM
687	You should compare your services with Deltona -- They are way ahead of you. This seems to be the only library system that does not offer music CDs. Most offer a MUCH larger DVD collection and AUDIO CD collection for those of us with vision problems.	5/6/2022 1:37 PM
688	I wish the NW branch could find a way to handle the teens who hang out after the local Middle and High Schools let out. They can take up sitting space and can be noisy and disruptive.	5/6/2022 1:36 PM
689	I would like to see re-established the ability to borrow books from other libraries in the U.S. in the event that the requested book (sometimes out of print) is not available locally. Also -- I would like to see more DVDs, including educational ones, available. Also -- I LOVE your bookstore -- can it be expanded into a larger space?	5/6/2022 1:35 PM
690	I would like for more audio books to be available on hoopla and that you would be able to check them out all the time, not just a limited amount a month.	5/6/2022 1:33 PM
691	My library in NJ had a section just for NY Times best seller list. They posted the list and had several copies of each book on the list. DONT want a anyone censoring the types of books made available.	5/6/2022 1:30 PM
692	Love the libraries! Haven't used them much with fear of covid so I LOVE the virtual and ebook options. But I'll be getting back to in person books, and like that the branches have DVDs as well	5/6/2022 1:28 PM
693	We need more branch libraries to keep pace with population growth in Seminole County. We also need growth in the library budget to provide better and more recreational and informational resources for the public.	5/6/2022 1:25 PM
694	We have been using the online book services constantly since 2020. Wonderful	5/6/2022 1:24 PM

695	I absolutely love the Sanford library and would love to learn more ways I can support it, outside of checking out books and attending programs. Happy to volunteer my time.	5/6/2022 1:15 PM
696	Lake Mary branch - Please consider options for families, who are vulnerable to Covid when you plan activities. I would refer you to the Maitland library. They have such a caring and inclusive environment.	5/6/2022 1:12 PM
697	Its great having friendly staff.	5/6/2022 1:08 PM
698	The East Branch of the library is so small! Would love to see it expand, become lighter, brighter, with more physical books.	5/6/2022 12:58 PM
699	Love the Libby product.	5/6/2022 12:51 PM
700	Great facility, really happy with the services provided already, thank you	5/6/2022 12:43 PM
701	I would love for the East Branch to offer programs for homeschoolers. Specifically, educational programs for school-age children during normal school hours. Mid-morning 10/11am or so preferred, not after school hours (eg in the afternoon). A lot of homeschoolers have napping younger siblings and it's hard to get out of the house for those afternoon hours. Evening hours for school age kids are great (6-8pm) and I'd love to see more of that too but those tend to draw in different kids at every event. A benefit to a regularly scheduled program specifically for homeschoolers is that it allows for community building where the same families are coming to every event.	5/6/2022 12:37 PM

704	The people at the circulation desk at Lake Mary are awesome.	5/6/2022 12:34 PM
705	The library is a very valuable community resource.	5/6/2022 12:25 PM
706	Thanks for providing book Thanks for providing great quality of reading books.	5/6/2022 12:23 PM
707	Love the services the library provides. My family is looking forward to the Summer Reading Program. Only complaint would be how the schools use the NW branch as a car loop to pick up their students after school. It makes it very hard to park and dangerous with the increase in cars and children walking around.	5/6/2022 12:20 PM
708	I love where the Lake Mary library is located although I dislike the placement of the parking lot entrance/exit. I would like to see the current building expanded...perhaps upwards.	5/6/2022 12:19 PM
709	I have loved using the library services in Seminole county. Staff is always friendly and efficient, facilities are well maintained, and they've often aquired materials I've requested they purchase. I'm also very pleased with hoopla's recently expanded digital offerings and use that quite frequently. I would love to see you guys get more funding so you can expand the great work you're already doing.	5/6/2022 12:18 PM
710	Use ebooks only and very much appreciate them!!! Thank you	5/6/2022 12:16 PM
711	Larger selection of ebooks please!!!!	5/6/2022 12:16 PM
712	The Homebound program is excellent, very necessary, and exceedingly well run! Thank you!	5/6/2022 12:13 PM
713	I would like to see more ebooks available	5/6/2022 12:10 PM
714	I love the Seminole County Library all of the people are very friendly and very professional. They always offer assistance. I come every few weeks and choose 20 or more books, Books on CD, etc. They have a good selection and they do change the books. At 75 years old I am not able to get to the top of shelves or the bottom shelves, what options do you suggest for that? Thank you all for being there I love my library.	5/6/2022 12:09 PM
715	Before the pandemic, the library was an important part of our lives. During the pandemic, we lost the fun of wandering thru shelves of books and finding interesting books to read as we wandered. Online access is excellent for reserving a specific title, but not for browsing thru books. The loss of meetings and classes was also significant and we have been slow to find or attend any new offerings.	5/6/2022 12:08 PM

717	Our location is very old and isn't very inviting.	5/6/2022 12:07 PM
718	Would love to see the northwest lake Mary branch expand its facilities to include a larger building for more books, computers, dvds/BR. This library played such an important part of my childhood. When my family first moved to Lake Mary, this library was a refuge for my mom who didn't speak English and didn't have the funds to put me in daycare. She would take me to the library and sit in the children's section so that I could have access to all the books. She learned to read and write English at the library so that she could read those books to me. She also uses the events held at the library to meet more people in the community and again, to allow me the access to story times and to meet other kids. I would love for others to have those opportunities as well so please consider how vital this facility is for so many. Especially during election time as well. The fact that this location is a voting site is very special for me as a political science major. I think this library location is due for an expansion and I hope the county and city take that into consideration.	5/6/2022 12:04 PM
719	The library is a vital part of our community. I happily use it consistently.	5/6/2022 11:58 AM
720	Thank you for the never ending things that the library does for us. During g the pandemic I would have been lost without Libby and Kindle.	5/6/2022 11:57 AM
721	The bathrooms need to be updated as well.	5/6/2022 11:54 AM
722	I love that this library has a nice selection of cookbooks. I wish they had a better selection of movies and music to lend. I have found the library very pleasant to use but all are quite far from our home. in my previous home in NY state we had many libraries in different neighborhoods and they were so well used since they were very convenient.	5/6/2022 11:50 AM
723	Definitely need more digital content!	5/6/2022 11:47 AM
724	Up until Covid, I checked out Books quite frequently. I've begun relying on kindle e-books because I was unsure about bringing books into my home. I anticipate I will go back to hire Usage in the next six	5/6/2022 11:45 AM
725	I love libraries and books. As a kid it was the 1st place my mom would take me when we would move to a new area. My granddaughter loves her library, both here and at school. I think along with schools, libraries are super important and the earlier question about choosing between schools and libraries was rather unfair - schools should have never been on that list of tax based services, because they are both extremely important, as well as the park systems that are available here. Where I come from the library hours are nonexistent, schools are awful, and parks are nowhere to be found - all because of budget cuts. Seminole and Brevard Counties have wonderful facilities that I am so grateful for because my grandchildren have access to all of this. Thank you for being here!	5/6/2022 11:43 AM
726	I am 89 yrs old and I visit the library weekly. Great help from workers and very polite to me. ☺	5/6/2022 11:39 AM
727	Since I no longer have children in the household we don't attend children or teen programs, but I think they are very important to young families.	5/6/2022 11:31 AM
728	Library is one of my favorite places to be. :)	5/6/2022 11:30 AM
729	I wanted to explain the formerly I lived in Winter Park and would go to the downtown Orlando library. The facilities in Seminole County are horrible. WP and downtown were kept up and I feel Seminole let's the library facilities deteriorate. Service level is same but the buildings are horrible here.	5/6/2022 11:29 AM
730	I strongly believe that in our nation, having free and accessible information and books is one of the few ways we can really improve exposure to ideas and concepts outside of what we see in our day to day lives. I often borrow audio books via Hoopla (thank you), and visit whenever out nephew's comes and stays with us. As an adolescent, the library helped me learn and grow and explore worlds I'd only get to experience later in life, if at all. I love that the library is so close to the middle and high schools (in Lake Mary). Keep up the good work!	5/6/2022 11:29 AM
731	I would go to the library more if the facilities were better. It is an embarrassment to our community not to have a better facility. I hope it will be updated soon. Thank you for asking my opinion. Education needs to be a higher priority in Seminole County.	5/6/2022 11:29 AM
732	I like Seminole county library but Volusia county has an outstanding system. Following there system would be great in Seminole.	5/6/2022 11:28 AM

733	I read a lot of e-books and get frustrated when a series of books is incomplete such as: Amanda Quick Series: Ladies of Lanter Street. You have Crystal Gardens but not the other two: "The Mystery Woman" and "Otherwise Engaged."	5/6/2022 11:28 AM
734	Sometimes requested titles stay in the purchasing staff's cart for a few months to a year. If there could be a way for library staff to follow up with purchasing staff (ex: when a follow up request is submitted online, or when a patron calls checking on a title) that would be really great. Right now staff can only tell patrons if a title is in a purchaser's cart, but they can't tell a patron when it will be purchased (even if it's been there for months) or follow up with the purchaser directly. Thank you for arranging this survey. We're big supporters of our libraries and appreciate the opportunity. Thank you to all the library staff for all you do—it's a vital part of the community, especially now.	5/6/2022 11:25 AM

736	The library is extremely important and valuable to the community for every age group and is very much appreciated.	5/6/2022 11:21 AM
737	I like to read and almost all the books I read are from the library. Thank you!!	5/6/2022 11:20 AM
738	I would adore for the summer reading for kids/adults to NOT BE ON AN AP. It would be wonderful to have just a paper program	5/6/2022 11:20 AM
739	Libraries are essential to a sustainable community.	5/6/2022 11:15 AM
740	We have enjoyed using the Seminole County library services since we moved here 40 years ago. We raised our children using the library and are now helping to raise our grandchildren using the library also. Our children and grandchildren all share a love of reading greatly assisted by the library services. We thank you for all the services available, and hope they will increase to draw even more people into the libraries and continue the love of reading.	5/6/2022 11:15 AM
741	I mainly use overdrive and hoopla for audio and ebooks	5/6/2022 11:14 AM
742	Expand online library.	5/6/2022 11:07 AM
743	The current staff at the library and Lake Mary is excellent. Always friendly always helpful	5/6/2022 11:07 AM
744	Libraries play an important role in children's education and social development but they need to evolve and expand their digital services to also service adults in this digital era.	5/6/2022 11:04 AM
745	The Lake Mary Branch has provided excellent services and assistance. I don't know what I'd do without our Library. Love reading, always get answers I need and Librarians are always pleasant and friendly. Thank you so much for all you do for the community.	5/6/2022 10:58 AM
746	1)Chairs at tables and computer desks are hard and uncomfortable . It would be nice to have office chairs or at the very least seat have cushions. 2)Open before 9 am. 3)Ability to scan and email documents	5/6/2022 10:57 AM
747	Library is good but please on Sunday hours should be exceeding if possible	5/6/2022 10:54 AM
748	The old library needs to be rebuilt to meet the demands of today but also the future .	5/6/2022 10:53 AM
749	The staff at East library is excellent. Helpful, polite and knowledgeable.	5/6/2022 10:45 AM
750	My granddaughters are 17 and my daughter, who is Masters prepared, all use the library frequently. Their services and books are mediocre. However, I would rather not pay much more in taxes, as I am elderly. But, I enjoy reading my books in SPANISH, as that is my primary language. Thank you	5/6/2022 10:44 AM
751	I personally have been attending events at the winter park library despite the cost because I am so disappointed with the environment and experience Seminole county library provides. The building's interior feels old and uninviting, most books I want (which are popular books) are not available and the events I attend lack value and people. The marketing for events lacks.	5/6/2022 10:41 AM

752	I have always loved to read from the time that I first realized I could The ability to read can give you an education and take you anywhere in the world or out of it that you care to go A lending library is critical to ones life	5/6/2022 10:40 AM
753	I am using the library less now, mostly for ebooks. When I had children we were there weekly and used it extensively. I feel the library if VERY import for children so they can discover the love of books.	5/6/2022 10:40 AM
754	Thank you for having the library key card that goes with the keys. Thank you for having programs and people who speak Spanish, second world language after Chinese. Please be more accommodating to immigrants, which at the end, everyone is. The people in Lake Mary are nice, but not in Casselberry, your central library. Train people in customer service and multicultural service. Please provide information at the library of programs in the library and locally. Please have free magazines and free newspapers in all languages. Please have more books and material in different languages and be more inclusive of culture and arts, which is how different people present themselves. Have exhibitions, have presentations, of everybody for everybody, that helps to integrate the community.	5/6/2022 10:35 AM
755	Keep politics and your liberal LGBTQ2+ agenda out of the library. You're there to provide books. Period.	5/6/2022 10:35 AM
756	I tried to volunteer at the library and was told you "didn't take" volunteers.	5/6/2022 10:32 AM
757	Excellent services from Library, please add mire books and programs.	5/6/2022 10:26 AM
758	Renew all licenses for the ebooks written by CJ Box! You have the first few, then the next few books in the series were not renewed. They are the best books!!!	5/6/2022 10:22 AM
759	I am very impressed by the staff and the welcoming atmosphere My grandchildren feel it is one of their favorite places to go. The facility is modern clean and efficient.	5/6/2022 10:19 AM
760	Need more books. 99% of the time the book I am looking for I am unable to find in library system	5/6/2022 10:18 AM
761	Thank for asking. Knowledge is key to a good society.	5/6/2022 10:17 AM
762	Just expanding a little on the comparison to the Library system at my former place of residence. I used to live in Orange County, so the sheer volume of materials, especially eBooks, was much larger, but I find Seminole County's library branches to have far better working hours for attending in person.	5/6/2022 10:16 AM
763	Very important service to the community. Think the library service quality is quite good.	5/6/2022 10:14 AM
764	Books should be the focus; that is the purpose of a library. Would like to see more nonfiction books and books from a traditional Christian perspective, and not so many minority religions that are not even common in the area (I doubt some of those materials have ever even been checked out).	5/6/2022 10:12 AM
765	Love my Seminole Library branch. It is such a lovely setting, the building fits its surroundings and the light inside is perfect. Okay	5/6/2022 10:12 AM
766	I use digital books and e-sources, but in my opinion the real books are the ones that as still the best. If a rotating shelve system was installed then there would be more space for books and also the people who have difficulty reaching high or low would be assisted.	5/6/2022 10:12 AM
767	The library facilities here pale in comparison to the ones in Maryland. Facilities are run down and old, not many copies of books. Children's area is small and sad.	5/6/2022 10:09 AM
768	I use the library frequently and hope that library services in the county will continue at least at the current level.	5/6/2022 10:06 AM
769	Would LOVE to see an adult book club that meets at a local brewery. This was done in my previous city's library (Harris County Public Library) and it was just so much fun. They used a website for book clubs to make suggestions for the next book to read.	5/6/2022 10:05 AM
770	There is an over abundance of nonfiction books by very liberal authors compared to more conservative ones. Who ever is making these selections should be more balanced.	5/6/2022 10:05 AM
771	We love the northwest branch library and use it regularly!	5/6/2022 10:02 AM

777	Please provide more romance e books about LGBTs	5/6/2022 9:49 AM
778	I love the northwest branch except when the middle school kids arrive. They're loud, raucus, and use inappropriate language.	5/6/2022 9:48 AM
779	Please pay more attention to your recommendations lists function it seems that books are waiting for more then a year to be purchased	5/6/2022 9:46 AM
780	I'd like to see a library close to the Heathrow area.	5/6/2022 9:46 AM
781	Libraries are fundamental to all communities. They always have been and always will be.	5/6/2022 9:44 AM
782	We love our library and the staff there. The new parking lot is a huge improvement. Thank you for all you do.	5/6/2022 9:44 AM
783	I previously lived in a community that had a "Library of the Year"--so comparison is unfair.	5/6/2022 9:43 AM
784	I appreciate the library's willingness to allow me to maintain my library account even though I no longer live in Seminole County. The fee charged to me for this privilege is negligible, and I would happily pay more to support a public library rather than Amazon.	5/6/2022 9:42 AM
785	Library does not contain all copies of Pulitzer Prize winners. Too difficult to obtain eBooks via Hoopla/Libby.	5/6/2022 9:41 AM
786	More ebooks! That's my favorite part of the library	5/6/2022 9:40 AM
787	The library is a very important part of our community. It definitely needs attention to update building & classes as well as books & audio items. Example to follow Winter Park has a plethora of classes, books, audio and now a great environment.	5/6/2022 9:38 AM
788	Please continue to invest in library improvements. Accessibility is important in our community	5/6/2022 9:38 AM
789	I would appreciate more access to Hoopla content. Sometimes I have to wait days to check out an audiobook because the library's daily checkout limit has been reached. Often if I want to check out an audiobook I have to do it after midnight or early in the morning to avoid this. Other than that thanks for being a great library! I pray God gives you wisdom and creativity as you mold and enact a vision for the next ten years	5/6/2022 9:35 AM
790	The new winter Park library is the best so maybe we can model/learn from them	5/6/2022 9:34 AM
791	Love the books; use it all the time as I am older and retired.	5/6/2022 9:33 AM
792	I would use the library more if it were not a hangout for the kids at the school next door	5/6/2022 9:31 AM
793	Thank you for expanding the NW branch parking lot. And for putting a squash on parents using that for a student pickup place.	5/6/2022 9:30 AM
794	The people that answer questions over the phone are very very pleasant and helpful!	5/6/2022 9:29 AM
795	I appreciate the library and spread the work to all my friends and family.	5/6/2022 9:29 AM
796	In Kentucky Fayette County, they have amazing libraries because they're tax-assisted. Love Libraries!!!	5/6/2022 9:25 AM
797	I don't understand why you moved the adult section from the front of the library, with the most recent books, to the back and replaced it with a young adult section. They don't even frequent the library, and all the kids and young adults I know never even go to the library! I never see young people in that section! They read online! Please move it back the way it was!	5/6/2022 9:22 AM
798	I love the Casselberry library, and have used most services. We used to practice musical theater there until we became to loud. A great community asset. And tho independent, I also	5/6/2022 9:22 AM

799	I lived in DeBary, Volusia County, prior to Seminole County. We had the ability to check out our own books which freed the staff to be more available to assist customers	5/6/2022 9:21 AM
800	Need more displays with different themes and focuses to attract the young.	5/6/2022 9:20 AM
801	I would love to see a much bigger selection of children's books at the Northwest branch specifically.	5/6/2022 9:20 AM
802	Libraries are incredibly important to our communities and for the protection of our 1st Amendment rights! Libraries are one of the very few places in our community that grants access to EVERYONE regardless of income or class status. The importance of this cannot be overstated. We need to fully support public literacy and access to resources.	5/6/2022 9:17 AM
803	I'd like to see more seating in the library, including chairs and tables-with-chairs.	5/6/2022 9:14 AM
804	Use the library mainly for ebooks.	5/6/2022 9:13 AM
805	I also joined the Miami-Dade Library for increased ebook availability	5/6/2022 9:13 AM
806	The survey questions would work better if they asked "do you use" or "how often do you use" the library's programs/services rather than if they are important to me because even though I may not attend lectures for adults, for instance, or use the computers at the library, I'm glad they're there and I think they're important for the community. I may not use those services, but I'm very glad my tax-supported library provides them. So it was difficult for me to say those things and others are "not at all important." Also, I am an avid reader of hard copy books and sincerely hope the library system isn't moving away from stocking hard copy books. I don't read books online, and I don't listen to audio books. I need my library to continue providing the excellent choices it currently is providing by supplying hard copy books.	5/6/2022 9:13 AM
807	I got my two children their own library cards as soon as I could. We love the library and I love encouraging my children's love of the library and books. We also really enjoyed Lego Club before the pandemic.	5/6/2022 9:12 AM
808	The library system we had in TX had a few things in place that were better. Primarily the ability to pay fines online from home and sign up for events from home. Also, very enchanting children's areas with with comfy reading nooks, comfortable plush seating areas (for relaxed reading) throughout, and some even had a Starbucks attached. Who doesn't love to grab a coffee or tea and read a book?	5/6/2022 9:09 AM
809	It is hard to enjoy the library when there are children running wild and screaming. When we asked a librarian why such noise is permitted, she said they could no longer tell anyone to be quiet. Since when are little children allowed to dictate the environment of the library? We have not returned since it seems that anyone who wishes to read, research or study is apparently of no interest to the administration. If the powers that be wish to turn the library into a playground, that is their choice. But do not expect those of us who desire a true library atmosphere to pay for it!	5/6/2022 9:08 AM
810	I would support a tax increase to support more online access and additional resources for research. Also, there is a need to purchase more book licenses through Overdrive.	5/6/2022 9:07 AM
811	Glad it is now open 7 days a week Terrible when used to be closed on Fri	5/6/2022 9:06 AM
812	Fee system should be revised. If the material is allowed for renewal, the fees should cancel out once renewed.	5/6/2022 9:06 AM
813	I LOVE THE LIBRARY, BUT I TRY NOT TO GO IN THE AFTERNOON BECAUSE OF THE RUDE NOISY CHILDREN WHO HANG AROUND THE LIBRARY.	5/6/2022 9:05 AM
814	Our local homeschooling community has grown significantly, and many families use the library for books needed to educate their families. It would be great if there was an area devoted specifically to this, where we could browse popular curriculums, borrow equipment like microscopes, things like that. Many curriculums have a book list and it would also be great to be able to see at a glance if those books were offered at our libraries. Torchlight, Bookshark, Blossom and Root, Build Your Library are all examples of these curriculums that have booklists and there are countless more.	5/6/2022 9:05 AM
815	I am not in favor, to the extreme, for the Library System or the Sheriff's Department using my tax dollars and/or the libraries for child care. It is so unpleasant to be in the library when the	5/6/2022 9:05 AM

children are there that it restrictions my library time.I am a retired Florida teacher who taught school and always had a part time job and paid for my child care.

816	I REALLY wish the digital eBook selection was larger or there was some co-operation with Orange County to be able to borrow their eBooks. There are many titles or authors that I search for in Libby, but do not find in Seminole library system.	5/6/2022 9:04 AM
817	Please pay more attention to the library exteriors, statement architecture, art, maintenance, etc.	5/6/2022 9:03 AM
818	I homeschool and have kids of various ages. Coming to the library for books we have to drop back in time seems difficult, but coming for quality kids programming sounds appealing. That being said, I think the books/resources provided are super important for those who can't afford to have private books/resources in their homes (and for research in general).	5/6/2022 9:02 AM
819	Love the library.. due to Covid haven't used.	5/6/2022 9:01 AM
820	South Florida Boca Raton library is so easy to use with shorter member numbers, direct checkout computers, easy access to my account on-line, better car drop off rather than unable to reach metal from the car.	5/6/2022 9:01 AM
821	My prior library also rented out video games and had monthly free passes that could be used for local museums. (Miami-Dade) These would be great additions to the Seminole county library which our family loves and uses often.	5/6/2022 9:01 AM
822	Thank you for having books to be purchased from the library.It has helped my family with more reading.	5/6/2022 9:00 AM

825	Love the staff, love the programs. My son recently wrote to a character in the My Weird School series through the library and got a response back! We were all thrilled. Thank you!	5/6/2022 8:58 AM
826	The library I came from did many events for children, momm6 and me programs, seniors and anyone in the community. We did pay high taxes for the library. It was one of the best libraries in Centereach, ny.	5/6/2022 8:56 AM
827	I would love to see the library expand offerings to 3D printers, sewing machines, cake pans, etc. Also, making it easier to print at the library. I love your classes offerings and story times for children. Would love to see a new facility built in Casselberry.	5/6/2022 8:55 AM
828	Check out the Park City Utah library. Most amazing g ever!	5/6/2022 8:55 AM
829	We love the library and would love to see it thrive even more in Seminole County. There is so much potential for our libraries to enrich our community.	5/6/2022 8:53 AM
830	The physical facilities of the existing libraries, to me, are already good enough. The book collections are those that need regular periodic evaluation to match the recreation, professional, and intellectual reading needs of the community.	5/6/2022 8:53 AM
831	Pay your library staff more! They do so much for the community and for the county, they deserve better hours and better pay.	5/6/2022 8:51 AM
832	Would like to see more author events	5/6/2022 8:51 AM
833	completed highschool, some college, and completed technical trade program for diploma.	5/6/2022 8:49 AM
834	Libraries are a fundamental part of any community. Investing money in libraries is investing in a strong, vibrant and educated community. Libraries provide a solid foundation for life children, teens and families. They need to be at the top of our list to support. thank you for all you do. Keep up the good work!	5/6/2022 8:49 AM

839	Important NOT to start banning books based on a narrowing perspective of acceptability.	5/6/2022 8:47 AM
840	I wish the library was a little bigger to hold more books.	5/6/2022 8:46 AM
841	Library services are very important to our community. I would like to see them expand services and coordinate with local governments to raise awareness for all of the services offered. I would love to see the library become a very integral part of the community in Seminole County.	5/6/2022 8:46 AM

843	LOVE books! NOT computer games...	5/6/2022 8:45 AM
844	Prior to Covid 19 I frequented the library at least once a week. During Covid I have used the on line service and enjoyed reading books through Libby.	5/6/2022 8:45 AM
845	Love the library!	5/6/2022 8:45 AM
846	I love the library. thank you.	5/6/2022 8:45 AM
847	I think that they need to expand the library, is a great place to learn and make friends as those kids that are a only child and much more the times that we are living, I think that library in lake mary is a safe place for kids and great for them to learn and need much more activities. 😊	5/6/2022 8:44 AM
848	The staff at the Lake Mary library is always courteous, helpful, knowledgeable, and efficient. I check out books as often as I possibly can read them, and LOVE having the library as my resource!	5/6/2022 8:43 AM
849	Love the library and its services, need to join the one close to Orlando. But I definitely loved the one I used to go in Seminole, Northwest Branch.	5/6/2022 8:42 AM
850	In person story hours for the younger kids (age 0-5) are really important to me. It would be great if the library offered something for grade school kids - I see more of a focus on the younger kids and teens.	5/6/2022 8:42 AM
851	You're always behind getting new books in a popular series for your patrons. Sometimes you don't get any in. Very disappointing.	5/6/2022 8:42 AM
852	The Longwood library and employees are the best! The employees are friendly and very helpful. I like browsing the library shelves for books and magazines, reserving books from other locations, and reading E-books. The books on the bottom shelves are hard for me to see and get to. Would like to see more E-books. I liked "Books on Order" from the old Website because I could reserve books before they came to the library. The old Website was much better. The current Website is more difficult to navigate and is missing the "What's New" section. I would be lost without the library. Thank you.	5/6/2022 8:41 AM
853	Move towards more and more online services so you can shut down the stand alone buildings....or at least limit them.	5/6/2022 8:41 AM
854	Have loved libraries my entire life. Wonderful memories of my mom taking me to check out books. And memories of taking my kids and grandkids to children's programs. A beautiful place!	5/6/2022 8:39 AM
855	I love my library branch!! Always friendly and helpful.	5/6/2022 8:37 AM
856	I love the library and feel it is critical to our community!	5/6/2022 8:37 AM
857	I use the services of the Library often and truly appreciate the opportunity to use the public Library.	5/6/2022 8:36 AM
858	Our kids are a little older now, but I really enjoyed the programs offered for younger kids (toddler-preschool age) as this was a great way to getting kids loving reading and going to the library.	5/6/2022 8:35 AM

861	We are very pleased that the library has such a simple procedure for donating books. We used to donate our books to Goodwill but learned that they do not respect books and handle them as if they are a great inconvenience. As former librarians, it was dismaying to learn that. The library staff has great respect for books and for the donation of them so thanks.	5/6/2022 8:20 AM
862	I really appreciate the recent initiatives to expand the kids' book options to include more cultural and religious diversity. We have definitely benefited from that by checking out those books and reading them with our grade school child. Thank you for expanding our options and for all that the library staff does to support our children's development!	5/6/2022 8:20 AM
863	The staff is FABULOUS!! Very helpful, polite, and personable. They make checking out books a pleasure :).	5/6/2022 8:20 AM
864	I appreciate the variety of magazines offered, but would like to see more best seller and book club ebooks.	5/6/2022 8:09 AM
865	Presently we pay annually for a card at Orange County Public Library since they have a much better selection of books. I generally read a book every one to two weeks.	5/6/2022 8:06 AM
866	While I have not used the library in recent years, I believe it is highly important. It was essential when my children were growing up. The location has made it convenient and important in our lives. I expect to begin using the library again. In most recent years, I have used it for audiobooks because I have a lengthy work drive. Thank you for what you do in Oviedo.	5/6/2022 7:57 AM
867	I have the best memories of bringing my children to the library every week for storytime, from babies to elementary. Every week we checked out books. It opened the world to my children. It was a vital part of why my children love books! When my children were young we were on a single income and the library was a big part of our life. It was free and offered quality storytime and books. I homeschooled for many years and our sweet librarians would gather books for me to use for the current unit of study. They became friends to us. Today I regularly go to the library to check out books and I just love going up and down the aisles just seeing what interests me. When we are all digital there is a disconnect. There is something to touching a book, turning it over to read the back, looking at the pages. Please don't consider closing librarians to go all digital. I like digital too but that's only one tool. Also providing use of wifi and computers for those who can't afford it is a great service to our community. My mother would go to library to check her email regularly. She could have gone to a coffee shop but she liked having the librarians there if she needed help. The library is an important part of a healthy community. (I'm typing this on my phone so sorry for the disjointed thoughts and any typos)	5/6/2022 7:55 AM
868	I love that I can reserve books and that you transport them to my nearby branch. Thank you!	5/6/2022 7:48 AM
869	When are you going to get the next book of the Explorer Academy series in the library?!	5/6/2022 7:48 AM
870	I love the library system! I love the qualified librarians as well. They have helped me immensely over the years. I would love a Winter Springs library.	5/6/2022 7:43 AM
871	The Sanford location should be expanded and/or renovated.	5/6/2022 7:42 AM
872	Make the library a more pleasant experience... facilities are dull and uninviting	5/6/2022 7:40 AM
873	The library services are important to all ages and income groups. They should be funded at a federal and state level to ensure and encourage learning!	5/6/2022 7:33 AM
874	In Sarasota they had a movie day for adults once a month for adults. It was a fun outing getting to know your neighbors.	5/6/2022 6:37 AM
875	I think the caliber of the local library and library services can play a large role in enhancing a community's quality of life.	5/6/2022 6:26 AM
876	Our librarians are great Library is a huge asset to our community	5/6/2022 6:19 AM
877	As an individual who never used any library growing up, I am extremely grateful to the library personal who have been so helpful and kind guiding me and answering my, sometimes stupid, questions.	5/6/2022 6:09 AM
878	With technology changing so rapidly, I think it's important the library provide ways to learn the new technology. Not everyone is fortunate to afford 3D printers, laptops, and cell phones, but, as kids get older they'll need this knowledge to be successful. I'd love to see some kind of fixer station, where people could come and learn how to fix toys using soldering irons and	5/6/2022 6:03 AM

such. Coordinating with the local big box home improvement stores could provide resources for those activities. I know one of those stores has recently restarted their kids program where kids can come learn how to build a bird house. Those less fortunate might not be able to get there, but coordinating with the public library could provide a way for everyone to get that knowledge, too.

882	I love Seminole County's library system!	5/6/2022 4:08 AM
883	I love the library in Sanford. I came from Westerville ohio and we had a massive new two story library with a full parking lot and garage. Yes, quite a difference but yours still offers all I need. Any books you don't have you offer as holds from other locations. Thank you for being there! All the staff has been quite helpful and friendly.	5/6/2022 3:53 AM
884	We used to use the library much more often, but couldn't in last year bc of COVID. Also had baby, who is a toddler now, so was looking forward to attending kids activities at the library soon. Hope library still exists. Also ebooks to loan is very helpful, as is pick up from ordering online	5/6/2022 3:31 AM
885	Everyone is always helpful and happy on my visits. I can't imagine not having my Seminole County Library. I am always sharing books with the children in my class and make sure they know where I got them from. I also pass on information about the activities you provide: family days like the chalk sidewalk in Sanford among others.	5/6/2022 1:50 AM
886	I think libraries are an extremely underappreciated resource and they have the potential to do lots of good as centers of education and a productive place to spend time for people of any age.	5/5/2022 11:19 PM
887	LOVE the Seminole County libraries!!! They were the ONLY thing I missed while they were closed at the beginning of the pandemic.	5/5/2022 10:52 PM

893	I wish you guys would renew my library card over the phone . I don't have transportation. ☹️	5/5/2022 9:42 PM
894	I have always LOVED the library and what it offers. I taught my children to love to read and learn and used library services to accomplish this. My children are now teaching their children to love reading and books. Not enough people value or utilize what the library offers. Additional outreach is needed. Thank you for all you do!	5/5/2022 9:40 PM
895	Keep improving. A wonderful service Thanks.	5/5/2022 9:37 PM
896	I like to go to the library, it is beneficial to have area to study, where you can bring your own computer and study or read. The casselberry library has limited tables where you can sit and do that. Overall I do like the library and the services it provides.	5/5/2022 9:29 PM
897	Love the library! It is so important for children to read...it can open the world to them in so many ways. Would love to see library fines go away so children would be able to keep reading instead of having their accounts frozen.	5/5/2022 9:19 PM
898	My 11 year old grandson enjoys playing games on the library's computer. I wish i could engage him in the books you have to offer. Can I get play scripts for teenagers?	5/5/2022 9:12 PM

city with several massive libraries vs several small ones.

901	My only complaint is the two houses that were built in front of the Oviedo library. It makes the city look dumpy.	5/5/2022 8:59 PM

904	The library is a lifesaver!!!	5/5/2022 8:45 PM
905	I love to volunteer and was a library trustee in NY. If there was a book in another library I wanted, they would order it for me. I was shocked to find you could not do that in Florida.	5/5/2022 8:35 PM
906	Please do not ban books because of politics, that's all I ask.	5/5/2022 8:26 PM
907	Need more new books for kids, teenagers	5/5/2022 8:26 PM
908	Libraries and staff should be unbiased politically at work and should not push their political agendas on their fellow staff members or clients. It should be a judgement free zone. I believe all people should feel welcome and accepted. Also there should be a lock on the computers for porn. I have seen some old men and some homeless men using the computer for this reason. Especially since the computers are out in the open and children can walk by and see. Not sure how to regulate it, but it happens a lot more than the librarians let on. Also the audio books online app should have the entire series of books not just 1 and 5 and 8 of a 10 book series.	5/5/2022 8:26 PM
909	I almost exclusively my library card to check out audiobooks thru Libby and Hoopla. Often I can't check out on Hoopla bc the number of checkouts Seminole Co libraries is allotted has already been met. It would be great if that could be increased. I would also be interested in adult classes. I hear of so many at Orange Co downtown that sound intersting.	5/5/2022 8:24 PM
910	Would be nice to expand the ebook collection by initiating reciprocal lending privileges with other libraries.	5/5/2022 8:21 PM
911	I exclusively use the Libby app to access e-books. The selection is terrible, the number of copies available is minimal, and the wait time is too long. This should be an easy fix please.	5/5/2022 8:19 PM
912	Library: Keep up the good work.	5/5/2022 8:14 PM

914	I love the library!!	5/5/2022 7:58 PM
915	We love Hoopla but would like more than 4 checkouts per month. Thank you for the wonderful tween and children's programs - my children love participating and would love to come to more.	5/5/2022 7:55 PM
916	It seems that ebooks are increasingly replacing actual BOOKS. I get my reading experience via hardcovers. Please strive to maintain the real thing over ersatz.	5/5/2022 7:52 PM

918	I appreciate that I can use the virtual branch. There wasn't really any question about that. I download books to my Kindle and listen to books on mp3.	5/5/2022 7:43 PM
919	I love libraries - they were an integral part of my life growing up in the Florida Panhandle. It would be great if libraries could be true community centers bringing together old and young to foster a love of reading and learning.	5/5/2022 7:42 PM
920	I have not had the chance to use the 3D printer, but have it as something to try! Please keep this service.	5/5/2022 7:38 PM
921	I love our library!	5/5/2022 7:29 PM
922	I have the highest opinion of the library system and I'm hard-pressed to criticize it. I'm shocked that most librarians are still wearing masks this late into the pandemic, but maybe I'm just out of touch. The library is the only service I use that's remotely concerned with COVID, and I wish the staff would just collectively move past it... but that's not my call, and I guess it's each individual's decision, right? I've been done with the pandemic for 18 months now, yet	5/5/2022 7:21 PM

the library stubbornly continues to remind me that it's out there, which is psychologically grating. But it's a small price to pay for otherwise fantastic service!

926	Your library is to loud, I have never experienced a library like that. I no longer go there to study or read.	5/5/2022 7:13 PM
927	The library is very important to me and our family. The worst part of the Covid Pandemic was not be able go to the library. The staff there is great. Not having access to get books was a very big hardship for me. Reading is my passion !! I love our library !!	5/5/2022 7:09 PM
928	More copies of best seller books to alleviate long wait list. I have been on a wait list that have about 30 or more people resulting in a wait of months.	5/5/2022 7:08 PM
929	I find libraries extremely valuable and while I do not use it as often as I would like, I like knowing that it is there for me to enjoy with my daughter as she is growing. I look forward to taking her to a library to check out books once she is at an age where I can trust her with borrowed materials. I love having the option of renting ebooks through Libby with the library but wish there were more copies of each book so I didn't have to wait as long to borrow.	5/5/2022 7:07 PM
930	Need more recent book releases and multiple copies available digitally	5/5/2022 7:06 PM
931	Pretty satisfied with the current level of services. I like the email notice of book availability. Also like the system of obtaining books from branches.	5/5/2022 6:54 PM
932	Love the storytime program at the east branch!!	5/5/2022 6:52 PM
933	I would love to see more board books available in Spanish	5/5/2022 6:51 PM
934	I love the Lovely Library Ladies at my west branch!	5/5/2022 6:41 PM
935	Needs to be a bigger and nicer facility with more books, both physical and e-books. Seminole county libraries are lacking compared to Jacksonville libraries	5/5/2022 6:38 PM
936	I utilize Libby audiobooks weekly and would love more selections. Thank you	5/5/2022 6:38 PM
937	Expand e-books selection. At this time selection is very limited and wait times on holds are in the 50plus weeks. Totally unacceptable in a digital environment.	5/5/2022 6:34 PM
938	My count of how often I use the library is 2 times a month during the school year and several times a week during the summer almost every day	5/5/2022 6:34 PM
939	Haven't belonged to public library in more than 30 years; member of higher education libraries. Love the ease of use and friendliness of Oviedo library. They are fabulous!!!!!!!!!!!!!!	5/5/2022 6:31 PM
940	Great community service.	5/5/2022 6:19 PM
941	i do wish we had a larger selection of books, i feel like our library is small compared to others. i often find myself not being able to find books i want at our library in Oviedo	5/5/2022 6:18 PM
942	Hopefully will return to pre-COVID level of services. Library honestly has been such a wonderful gift and memory maker for my family for more than 16 yrs. My babies are in high school now but attended the Oviedo branch since they were weeks old. Hands down Oviedo was the best although we frequented all other branches in Seminole County depending on activity. loved story time we loved the puppet shows loved Miss Carol and Miss Diane and all the extra summer activities we loved the book club we loved the comradery It was so important to us and we have such beautiful memories and I'm very thankful for that	5/5/2022 6:12 PM
943	Item 6 - If current facilities cannot be efficiently maintained, then I favor replacement. Item 9 - I consider the library to be of equal importance as schools, roads and other essential services. Item 10 - I would favor a tax increase if needed to maintain the existing library system in our community. I would need more information to justify a tax increase to expand the current system.	5/5/2022 6:10 PM

THANK YOU ALL

945	There are no library branches near me in Winter Springs. Every other city in Seminole County has a library branch except Winter Springs so it makes it difficult to use the library. Also, the after hours return books container is always too full to accept return books.	5/5/2022 6:01 PM
946	I LOVE that I can order books online and get a notification when it becomes available! I just wish there were more books. :) I also love that I never have to wait for someone to help me at the library; there is always at least two check out clerks. Everyone is super nice!	5/5/2022 5:54 PM
947	MORE books and larger spaces. Also, we haven't visited the Longwood Branch yet (not sure what's available there), but it would be nice to see/have some of the things available that the big library in Orlando (the one with the Melrose Center) offers it's county residents. They offer homeschool classes/programs, teen only zones, access to a plethora of computer programs, WAY more books, a fab lab, sewing center, etc.	5/5/2022 5:49 PM
948	I would probably only use the library for audio books, DVDs or if the books could be shipped to our home.	5/5/2022 5:47 PM
949	My daughter lives in Oviedo and uses the childrens prigrams but there are no bused books for her youngest child	5/5/2022 5:46 PM
950	Generally satisfied. Would like more recently published books to be made readily available	5/5/2022 5:45 PM
951	I love the library! Thank you for all that you do for our community.	5/5/2022 5:41 PM
952	I bring 3 of my grandchildren to the library regularly and they enjoy the scavenger hunts and getting books to take home to read. Their baby one-year brother will enjoy this too when he is older. The staff are all very helpful and friendly.	5/5/2022 5:41 PM
953	I used to work for neighboring OCLS for 8 years. The services, facilities, programming, etc are far superior to what we have in our library system in Sem. Co. I support a separate millage rate like Orange Co has to better fund the library. I don't blame the library itself, it's working on a shared budget. We need to better fund the library system as it provides vital services for all members of the community.	5/5/2022 5:38 PM
954	Thank you for your interest in helping our community.😊	5/5/2022 5:31 PM
955	The library is the central focus of our community. Many older people do not have a computer at home or can't afford a computer, the library offer classes and help in the use of computers. I have fond memories of my childhood going to neighborhood library.	5/5/2022 5:29 PM
956	We need you	5/5/2022 5:28 PM
957	Previous library had ILL and more non fiction and a bigger tax base, so a comparison is not fair to you guys.	5/5/2022 5:23 PM
958	It would be helpful to have reading lists of ebooks that have been awarded literary prizes or are assigned by high school or college literature classes.	5/5/2022 5:20 PM
959	Love our library and librarians. Would love more activities that would involve getting to know our librarians, like a board game time or other activities where we can interact.	5/5/2022 5:13 PM
960	An updated easier to use website would be nice	5/5/2022 5:06 PM
961	I LOVE our library!	5/5/2022 4:55 PM
962	When we explore new communities our priorities are: quality of public schools, location of churches and library services.	5/5/2022 4:55 PM
963	Love love service and the staff at the East Branch Oviedo Library. I feel lucky to have an amazing public library close by.	5/5/2022 4:52 PM
964	The previously library system had DVD's that were bought by the library system, not donated by patrons. It appeared to be a bigger library system with more branches. On the plus side any requests for books I make in Seminole County are processed and received promptly. I even requested a new book not in the system and they were able to buy it. I received the copy within a couple of months.	5/5/2022 4:50 PM

966	I don't use a great range of the services the library provides, but I know they are very important to others, who do need to use them.	5/5/2022 4:44 PM
967	Down loadable audiobooks would be nice.	5/5/2022 4:43 PM
968	Great library system	5/5/2022 4:41 PM
969	Library is really nice, would be nice to have sitting area inside or outside just to sit and read.	5/5/2022 4:41 PM
970	Love my library!	5/5/2022 4:35 PM
971	The builders/developers who make tons of money from building homes, condos, apartment buildings need to pay a Library impact fee just like they do for other city/county/state services. It's crucial to children, teenagers, the elderly that they have a fun, SAFE place to go. If you want well educated citizens who can pay taxes, do not underestimate the importance of a library to the community.	5/5/2022 4:28 PM
972	Library should be bigger. Kids area should have own upstairs or wing. Computers should be in quite area, not in middle of library where you can't study. Needs better technology, have rental laptops you can sit in corners of library.	5/5/2022 4:24 PM
973	Thankful for our library! Love finding books and helping my students there!	5/5/2022 4:19 PM
974	The libraries need to continue to add their collection with books and eBooks. Need to purchase the best sellers	5/5/2022 4:17 PM
975	I have a Masters of Science degree. Should be added above. Because we don't have children and am not a student and because I only use audio books, most of the above questions do not apply to me but I believe much of what you offer is of vital importance to others.	5/5/2022 4:12 PM
976	Thanks for allowing me to provide feedback!	5/5/2022 4:03 PM
977	It'd be cool if Seminole County offered mailed books. :) I love the library. It is one of my happy places. Thank you for carrying a wide range of books and offering an online library catalog to place books on hold.	5/5/2022 4:02 PM
978	I love the library!	5/5/2022 4:02 PM
979	"Would you be in favor of a tax increase for improved public library services and/or more or larger facilities?" No need for a tax increase, just need to see current taxes being funneled into the libraries and school in the area. -add more teen programs for northwest and north branch - all branches get an additional public printer -scanning services -update and replace the bathrooms -deep clean all buildings at least twice a year -keep north branch located in the downtown sanford area but either make current building bigger or move to bigger building -- provide independent study rooms and an additional meeting room -more places for patrons to sit/read/have access to a table -make teen areas more teen friendly to increase usage by teens	5/5/2022 3:52 PM
980	I think Orange County has the right way to fund the library with a separate millage rate instead of asking for funding.	5/5/2022 3:47 PM
981	I used to live in Lake County, Illinois (zip 60046). I used the library there extensively. They had a great collection of art instruction books, as well as DVD's. I remarked to friends that the Lake Villa Library has a better DVD collection than Netflix.	5/5/2022 3:44 PM
982	I love the library ! Best use of our tax dollars. I prefer reading before bed and definitely want a real book to hold, not some e- book thing.	5/5/2022 3:44 PM
983	I would love to see more ebooks added to your digital library. Thanks for this great resource. Nancy	5/5/2022 3:41 PM
984	would like to have more large print books available	5/5/2022 3:41 PM
985	Really love the selection of children's books. Wish the Oviedo Branch had a larger selection (the ability to request books from other branches has been very useful, but the process has not always been clear to me)	5/5/2022 3:40 PM
986	Public libraries play an important role in supporting education and literacy. They provide countless resources, such as educational materials, trainings, courses, scientific publications,	5/5/2022 3:40 PM

etc. to visitors. Public libraries provide their services not only face-to-face, but some of them have also integrated e-learning. Furthermore, several published studies confirmed that public libraries had a tremendous importance in every community by providing various services for educational purposes. Nowadays, patrons enter public libraries to find what they will read next, to ask questions about job applications and resume writing or to fill out government forms, including tax and health insurance paperwork. All these questions are answered by highly skilled librarians without any charge.

987	The library was my favorite place to visit as a child as I have a love of reading. With the changing of technology, at this point of my life, ebooks are for me. The younger generations should read more instead of being attached to their cellphones and other electronics.	5/5/2022 3:39 PM
988	I absolutely love Seminole County's library, there is seldom a time when my husband and myself don't have a book or two out. I am so thankful that they managed to navigate a way through Covid and remain available to us, I think I would have gone insane without them. We are both so grateful to the staff.	5/5/2022 3:37 PM
989	would like to see updated bathrooms, deep cleaned facilities, larger buildings, separate study rooms and an additional meeting room at North Branch, leave North in downtown Sanford since so many people walk to it. update the self-serve copy machine at north, add a second public printer at North, we need more teen programs in Sanford. It would also be great to see programs for 16-25yrs that covered things like taxes, resume building, basic sewing skills, and then even just some that were more fun to give young people a place to relax with peers outside of a school setting.	5/5/2022 3:31 PM
990	I would love to see the Seminole public library system be a model for other counties or cities. We should work to make it the best place to get a book or have a meeting in FL!	5/5/2022 3:28 PM
991	Libraries are extremely valuable as they provide educational opportunities to all in our community.	5/5/2022 3:28 PM
992	Best staff at the Sanford Branch. Love the library's downtown location.	5/5/2022 3:26 PM
993	It would be nice if Seminole county library system could deliver books to homes free of charge	5/5/2022 3:23 PM
994	Appreciate the dedication of employees in the Seminole system - always helpful. It is most important that vulgar and inappropriate materials not be curated or referenced in the library system - inaccurate history, anti-Christian materials, sex materials unrelated to reproduction or pre and post natal care, and divisive materials. Support for the library system would be much easier and prominent if the system does not reflect the heavy-handed political agenda of large bookstores, promoting shrill autobiographies and alternate realities while purging any written work that pre-dates 1945 unless it's some shaming work of warped fiction meant to incite guilt.	5/5/2022 3:19 PM
995	Very nice associates. Which is very important. If they were not friendly would go to Lake Mary.	5/5/2022 3:19 PM
996	Scanning services would be a great addition. Those huge printers work great but the east oviedo location doesn't offer any scanning services	5/5/2022 3:15 PM
997	Having a well stocked and well maintained library is so important to our community. Encouraging learning and literacy is vital.	5/5/2022 3:13 PM
998	My "former" library was the main library downtown Orlando - hard to compete with that! However - Seminole County needs to do whatever it can to at least "maintain" the library making it easily available to all residents and the resources within available to everyone! Teens, seniors, children, and of course adults have their own special place in the library system- it needs to be preserved at all costs! We need our public libraries♥♥	5/5/2022 3:13 PM

1002	My largest complaint is the limit on the number of books one card can check out. I keep better track of my children's books on my account and checking each of their cards is a hassle and typically leads to late fees. We are a family of five and being limited to only 25 books on my account is a big inconvenience.	5/5/2022 2:59 PM

talking and socializing sometimes.

1004	We have loved the Oviedo library for 20 years. The people who work and volunteer there are wonderful. Thank you!!	5/5/2022 2:57 PM
1005	I read ebooks every day. It's frustrating that there are so many ebooks where you have the first book in a series, but do not have the rest of the series. Also, I would like to see more current, popular books available as ebooks. Especially Scifi and Fantasy books.	5/5/2022 2:55 PM
1006	I love our Seminole County libraries and would love to see more funds directed to them. Keep up the great work and thank you so much!!!	5/5/2022 2:55 PM
1007	I'd be open to paying nominal user fees for expanded digital content; books, newspapers, magazines.	5/5/2022 2:51 PM
1008	Too small. The library needs much more square footage, more meeting rooms and areas that are very quiet.	5/5/2022 2:50 PM
1009	I know space is an issue but the would love to see a more user friendly children's area in Oviedo with all the kids books in the same area (non-fiction kids should be closer to the kids fiction) along with making it more inviting for kids (colors, posters, etc). Also would like to see some reading programs for early elementary. The scavenger hunts are awesome!	5/5/2022 2:46 PM
1010	More parking at Oviedo	5/5/2022 2:45 PM
1011	Need more books. I stopped going 2 yrs ago, then reactivated my card. Looks like book selections still slim pickings, especially in the large font size. Stopped going 3 months ago.	5/5/2022 2:43 PM
1012	Fax services should be available for a nominal fee. I had to use a business that charged outrageous prices for a small document. I don't understand why this basic service is not provided in Sanford.	5/5/2022 2:39 PM
1013	My husband and I are both frequent visitors to the library. We both feel that a good library is a very important asset to any community.	5/5/2022 2:37 PM
1014	I often look for books that the library doesn't have in the system. I wish there was a way to get more books, get books from other libraries through a partnership, or be able to use my library card at other library systems in the area (Winter Park, Orange County, UCF, etc.).	5/5/2022 2:35 PM
1015	I can understand why a library might need its patrons to renew memberships, but Seminole County Library's policies about renewal are prohibitive for a shut-in like myself, who must get rides and are dealing with doctors' visits and medical issues. Home-bound shut-in patrons need a remote system of renewal, or perhaps send a representative out to us. After all, library staff and especially managers have no critical responsibilities. All they do is shuffle books. They could use a challenge.	5/5/2022 2:35 PM
1016	A well-run library with many services for all ages is a critical need for any community. Being new in Seminole Co I looked first to the library to find ways to meet people. I am always thankful for the wonderful folks who staff libraries.	5/5/2022 2:32 PM
1017	Would like to see free book delivery for seniors	5/5/2022 2:31 PM
1018	We love the library. It's a special place for our whole family. We appreciate all you do to provide this service to our community.	5/5/2022 2:31 PM
1019	If possible, I would grateful for more books of Japanese origin.	5/5/2022 2:24 PM
1020	Please provide a door delivery of books to home.	5/5/2022 2:23 PM
1021	My children and I make a weekly trip to the Seminole County library. We look forward to it. We're grateful for our libraries and all they have to offer. THANK YOU FOR YOUR TIME AND TALENTS!	5/5/2022 2:21 PM
1022	I love the library and pre-pandemic my children attended many programs. During our time home and currently, the ebooks and audiobook apps are the most used public library service for us.	5/5/2022 2:19 PM
1023	More books on language learning.	5/5/2022 2:16 PM
1024	Please make the website easier to find books, where we can browse by category. Also consider more stations with activities for kids that are always available in the kids sections.	5/5/2022 2:13 PM

Seminole County Public Library Survey

1025	I was at one of the Orange County Libraries and they seemed to have more content. I am sad to see many classics being traded out for "modern" works which, in my opinion, do not compare in quality. Especially children's books.	5/5/2022 2:11 PM
1026	I would like more current ebooks available and more copies of ebook edition books.	5/5/2022 2:10 PM
1027	I would like to see the newly acquired books to be lent for 3 wks instead of two	5/5/2022 2:07 PM
1028	When my husband was alive and we did a lot of traveling, we would check out 5 to 7 books every month, and check out audio books every time we took a trip. It was one of our main forms of entertainment every where we went. Now that I joined Audible, I don't check out as many books, but have vowed to do more reading. I LOVE our library!	5/5/2022 2:04 PM
1029	I WOULD LOVE TO SEE THE LIBRARY DO A SIGNIFICANT RENOVATION AND TRULY ENHANCE ITS SERVICES. MOST OTHER CITIES I HAVE LIVED (AND A FEW I VISITED THE LIBRARIES) HAD MUCH BETTER LIBRARY FACILITIES IN TERMS OF PHYSICAL PLACES THAT KIDS WANTED TO SPEND TIME AND NUMBER OF BOOKS.	5/5/2022 1:56 PM
1030	Maker Space for young kiddos in the library would be amazing! :)	5/5/2022 1:53 PM
1031	The librarians are so friendly and helpful!	5/5/2022 1:51 PM
1032	I love the library and the librarians are awesome!	5/5/2022 1:50 PM
1033	I feel that all of the items I marked as slightly important are very important. They're just not services that	5/5/2022 1:47 PM
1034	My only concern with this library system is that many of the more pertinent best sellers, etc., that I search for are not available in Seminole County. In fact, I have considered purchasing a card from Orlando. we need more updated titles including controversial titles. Check out good reads. Those are the books we are searching for books with social themes, yes even critical race theory! I know you work for the government but even folks in Seminole County want to read the good stuff!	5/5/2022 1:41 PM
1035	Seminole County Public Libraries are woefully underfunded. The librarians do a wonderful job with the little money they are allotted.	5/5/2022 1:38 PM
1036	We have not used the public library in the past two years due to COVID. Prior to that, we used the public library very often. The Oviedo library is a wonderful resource that really needs more funding and support. Staff is excellent. They simply need more resources.	5/5/2022 1:36 PM
1037	Toddler story time indoors at East Branch please!!	5/5/2022 1:32 PM
1038	More newer books	5/5/2022 1:29 PM
1039	Bring back interlibrary loan program! Please!	5/5/2022 1:27 PM
1040	Great hours,wouldn't change that	5/5/2022 1:27 PM
1041	Would like to see more programs or classes about autism. More story time for kids in the afternoons.	5/5/2022 1:24 PM
1042	The library's poetry holdings need to be increased, particularly work by BIPOC and LGBTQ+ writers. Diverse representation is somewhat better in fiction, but could be improved as well.	5/5/2022 1:18 PM
1043	Oviedo East Library is always busy and the community appears to use the Library dairy. We also enjoy voting at this location	5/5/2022 1:17 PM
1044	I think the library was late to the game to begin offering services after COVID. Services should be in full effect. Also, there should be a cap on late fees or a complete waiver of late fees. We are afraid to check out books in case we are not able to get them back in time. All this does is discourage us from going to the library.	5/5/2022 1:12 PM
1045	I like the hours that the library is open.	5/5/2022 1:12 PM
1046	feel Ebook collection is very limited	5/5/2022 1:07 PM
1047	Enjoy the library and it's services	5/5/2022 1:07 PM
1048	use Hoola for Ebooks, feel selection is very poor and limited	5/5/2022 1:03 PM
1049	Fewer facilities, but upgrades to the remaining facilities.	5/5/2022 1:01 PM

Seminole County Public Library Survey

1050	Thank you for your services!	5/5/2022 1:00 PM
1051	I very much appreciate the services of the Library System. Thank you!	5/5/2022 1:00 PM
1052	The ebooks are inadequate in number and should be increased, also since the pandemic the number of physical books seems to have diminished as well. These are concerning issues.	5/5/2022 12:54 PM
1053	Its time to improve learning and educating America!	5/5/2022 12:47 PM
1054	We love the libraries! Thank you for all you do!	5/5/2022 12:45 PM
1055	I'm not sure if this service is offered already but maybe if there are mommy group days (with different age groups, like under 0-6 m or 6m-18m), not sure if anyone else would be interested, but We may be. To learn about best baby learning development, etc And also to keep up with current self-development e-audiobooks would be great on hoopla or Libby. Baby hard or sensory books Kids learning workbooks (that we could follow along on another paper at home) Thank you!	5/5/2022 12:41 PM
1056	Ebooks take too long to circulate. Very few up-to-date nonfiction books in Oviedo's library. Not criticizing. But the lack of physical books and COVID have kept me away from the library. Would love to get ebooks, but they either don't come or you wait forever. Thanks for listening.	5/5/2022 12:41 PM
1057	I've noticed that a lot of book series have missing books in the series. For instance, a series may have 10 books, but books 5 and 6 are not a part of the catalog at all. When this happens, I go to the Orange County library because they have the complete series and multiple of each book in the series. I have also noticed that the online catalog needs to be updated. There have been many times when I go online to reserve a book and the book's page doesn't exist or is not available. This means I have to check the shelves to see if a library has the book. They usually do not have the book, and it's a wasted trip.	5/5/2022 12:40 PM
1058	I'm always very pleased with the friendly, professional, and willing support/concern of the Casselberry library staff. They are doing great job! Thank you.	5/5/2022 12:39 PM
1059	The only reason I answered that I think that the Orange County (FL) library system is better is because they have the books by mail delivery system. It was wonderful for my elderly mother.	5/5/2022 12:36 PM
1060	After schools, the library is very important. It provides education too. Our democracy and the health of our country depend on an educated populace.	5/5/2022 12:36 PM
1061	Seminole County Library system needs to be first class and live up to the reputation of the 'higher standards' that it advertises.	5/5/2022 12:35 PM
1062	Staff is always helpful and competent.	5/5/2022 12:35 PM
1063	I love the library, but use it physically less and less. Put more into online library.	5/5/2022 12:34 PM
1064	The only service I miss from Orange County is books by Mayl. Otherwise Great job!	5/5/2022 12:33 PM
1065	longer check out period and no limits on online books	5/5/2022 12:32 PM
1066	Offer book reviews, clubs, education products/programs for fee. Advertise and have book sales; go to monthly farmers market in Oviedo.	5/5/2022 12:31 PM
1067	I'm sick of construction. Library facilities are large enough. I am still pretty disgusted that the Oviedo branch allowed those ugly houses to be built over one of the last stands of trees in Oviedo.	5/5/2022 12:25 PM
1068	The library is important to so many, regardless of technology advances. This just means you need to change with the times to help others. Not everyone can afford to by books and not everyone has the means for computers for students to work after hours. Having a resource like the library where some things are hands on is a blessing and i often cannot get to the library during the hours available. I wish it was open on Sunday's too. But there is something about a book that you don't get from a kindle, nook reading device.	5/5/2022 12:18 PM
1069	Libraries are an important part of the community and they provide services some people might not get otherwise. They need to be expanded or improved and not downsized.	5/5/2022 12:18 PM
1070	I check out a handful of books a year at the Oviedo branch. If the book is not available, then the librarian has purchased it for my use. I have not used any other of the services provided, thus I can not answer all of the questions.	5/5/2022 12:18 PM

Seminole County Public Library Survey

1071	Libraries are incredibly important. Events that could draw more people to the library should be encouraged.	5/5/2022 12:17 PM
1072	I prefer to read from a book....I do not care to read on a tablet or computer.	5/5/2022 12:15 PM
1073	Very opposed to privatizing public libraries.	5/5/2022 12:12 PM
1074	I've been using the Libby App on my phone and absolutely love it. Please keep this feature.	5/5/2022 12:12 PM
1075	I am happy to pay more taxes for a better library. I have lived in several towns with better libraries than Seminole County. I'd use it more if it had first-run audiobooks that you didn't have to wait months to get or weren't there at all.	5/5/2022 12:12 PM
1076	The global limit on daily ebook checkouts is often met in the morning hours, and as an afternoon and evening browser, I am frequently unable to access ebooks I would like. The book lists option to track want-to-read and other items on the My Account option on line is flaky and only semifunctional. It simply generates error messages when I try to move books from one list to another, for instance. As a voracious reader, this has come to render the lists virutally worthless	5/5/2022 12:12 PM
1077	Support the Libraries, Librarians!!	5/5/2022 12:10 PM
1078	NW branch location is a big plus. The bookstore at the main location is excellent.	5/5/2022 12:10 PM
1079	It would be very helpful to receive a monthly email reminder from the library about upcoming events, adult hobby groups meeting, new books received, news, etc. to keep it more in the forefront of my mind because I don't typically log in to the library website due to being very busy and I do not receive a newspaper.	5/5/2022 12:07 PM
1080	Please more online access and easier. Should make it easier for home bound people to get library cards and easier to connect to online books (not having to type in a long number which is hard to remember.	5/5/2022 12:07 PM
1081	Need events to get people to visit and they must be publicized. Examples like children's art shows, financial literacy for teens and adults, resume building, networking... etc. etc. Look for volunteers/retirees interested in running them.	5/5/2022 12:06 PM
1082	Love that you were open so soon after the start of Covid. Thank you for providing your lending service to provide us with worthwhile reading!	5/5/2022 12:05 PM
1083	Don't use the library much any more since most book today are available either free or at a cost online. No longer have to deal with the possibility of loosing books, paying overdue amounts, etc.	5/5/2022 12:04 PM
1084	Thank you for soliciting this feedback! I'm very encouraged to hear there's talk of improving the library system here. The new library in Winter Park should be a model for Seminole co.	5/5/2022 12:03 PM
1085	I am Legally blind so having access virtually with his library is my life thank you for being there always answering my questions when I call	5/5/2022 12:03 PM
1086	Online fee payment system	5/5/2022 11:59 AM
1087	No thanks. All is fine, contwoth the good work.	5/5/2022 11:59 AM
1088	Our library is small and very outdated. It has been renovated, but truly needs an overhaul or new building. I very rarely go to the building as it feels depressing. I think we need a bright, inviting place for all of us, but especially children to experience the joy of reading. I check out a lot of books and audiobooks through Libby and almost always have to put hooks on hold. I find titles for newly reseed books to be scarce or missing. Could the inter-local loan program with Orange County be reestablished to help with inventory? Also, the process for card renewal is not customer friendly. I had to physically go into the library during Covid to renew my card. I hope the systems in Seminole County can be upgraded to share data. It seemed ridiculous to have to go in person to prove my place of residence when it's on file that I own property and pay taxes.	5/5/2022 11:59 AM
1089	I personally enjoy a lot of digital content in my everyday life e.g. audio books, training and e-learning, digital novels and magazines, etc. and need a robust encyclopedia of content and services available remotely. My days of spending hours curled up at the Public library reading a book my mother didn't approve of (historical romances were my faves) are long behind me.	5/5/2022 11:54 AM

Seminole County Public Library Survey

But, I do sincerely hope there are other young people doing that very thing, and as such support the community mission and benefit of the public library.

1090	I use the Libby app. At this county library it took 7 months to finally get my book that was on hold. I can only put a very a very limited amount of books on hold.	5/5/2022 11:51 AM
1091	Oviedo Library has always been well-maintained and effectively operated.	5/5/2022 11:50 AM
1092	Thank you for a wonderful service, and particularly for the efforts you made during the pandemic. A trip to the library always makes my week (and the video of a librarian dressed as a unicorn handling a curbside pickup is a favorite of my friends and family around the world). We have also used the books in the library to learn about historical precedents and to understand our new country-- you are a vital service in an age of disinformation!	5/5/2022 11:49 AM
1093	The selection of ebooks and eaudiobooks is extremely poor. Many people prefer the convenience of borrowing online and your selection is woeful in comparison to other systems.	5/5/2022 11:48 AM
1094	Hopefully there will be more adult education/ activities that will enable adults to get jobs	5/5/2022 11:48 AM
1095	The East branch Library has only a few books to compare to other branches. If we search for other books, we already had to wait to hold books from other branches. The children section is so small. And the library building is old and small. I wish we had a new design of architecture piece of Library that stands for seminole county!!!!	5/5/2022 11:45 AM
1096	Sanford library..has not grown at the same rate as the city. The libraries in other areas of Seminole..have more to offer...	5/5/2022 11:44 AM
1097	Love libraries and spent many of my younger years just hanging out at the library among books. Please do whatever is needed to make libraries relevant and popular again.	5/5/2022 11:43 AM
1098	Thank you for all the services you provide for our community!!!	5/5/2022 11:40 AM
1099	If building new facilities, please consider outdoor/ balcony areas for when the weather is cool.	5/5/2022 11:39 AM
1100	I appreciate the availability of Sem Cry libraries.	5/5/2022 11:39 AM
1101	We love Mrs. Leshawn (spelling?) and the kids programs, especially story time. My kids love going to the library.	5/5/2022 11:38 AM
1102	Not happy with the drag queen story time, do what u want in your personal life. But I don't want my kids to be exposed or influenced by it. Our last library had a puzzle exchange. None of the book I have ever suggested have been added. The digital book collections are lacking. Prefer audio mp3 books.	5/5/2022 11:33 AM
1103	Seminole Public Libraries were a godsend throughout COVID. Reading has been such a comfort for me throughout these difficult times. I am truly grateful for our public libraries and our librarians.	5/5/2022 11:32 AM
1104	Our East Branch library and staff are the best! Greatly appreciate their assistance and friendly customer service. Look forward to the return of more programs after COVID.	5/5/2022 11:31 AM
1105	I like the library's location and the services it provides; including the library staff who are always very polite and attentive to the public.	5/5/2022 11:31 AM
1106	Ability to request dvd/blurays	5/5/2022 11:29 AM
1107	It would be great to see more authors included in the ebook selection. Also, whole series of an author would be wonderful. Some of the recently released books have a really long wait period, e.g., Mercy by David Baldacci.	5/5/2022 11:27 AM
1108	For a county of our size and wealth, library services are pretty dismal. Orange and Leon County Public Libraries are far superior, especially for eBooks.	5/5/2022 11:26 AM
1109	I love putting books on hold via the website and picking them up at the counter.	5/5/2022 11:26 AM
1110	I'd love to see a similar book delivery service as Orange County.	5/5/2022 11:24 AM
1111	I smelled "tax" when I read the email msg.	5/5/2022 11:23 AM
1112	Thank you! :)	5/5/2022 11:22 AM
1113	I really appreciate the ship to home service as well!! Thank you	5/5/2022 11:20 AM

Seminole County Public Library Survey

1114	Would like kids section to have separate section for normalizing or explaining lgtbq. My kids love to grab random books and read them, but our last several trips they unknowingly read a couple of those, and though I support lgtbq rights, I carefully and prarfully introduce the subject, I have drastically cut down on library visits in order to prevent accidental exposure without my knowledge. I would also love to see a children's Christian section.	5/5/2022 11:20 AM
1115	I have been very happy with the library srevices and hope to take advantage of more adult programs, both daytime and evening	5/5/2022 11:20 AM
1116	I love the library and think you are doing a great job!!	5/5/2022 11:19 AM
1117	Question 12 set you up for failure with us. I was Army before returning home, and my local library at my last assignment was Fort Leavenworth's Combined Arms Research Library. Takes a big civilian, Ivy League-type school or the Library of Congress to beat it. But, you did ask.	5/5/2022 11:18 AM
1118	I use the library because our taxes pay for it. Don't relay think it is needed in modern times.	5/5/2022 11:17 AM
1119	Question 12 set you up for failure with us. I was Army before returning home, and my local library at my last assignment was Fort Leavenworth's Combined Arms Research Library. Takes a big civilian, Ivy League-type school or the Library of Congress to beat it. But, you did ask.	5/5/2022 11:17 AM
1120	Would like to have individual reading spots and study areas	5/5/2022 11:14 AM
1121	I like the revised ability to place more holds on digital books. Previously when we were allowed only 4 orc5 holds it was very limiting as for some popular books the holds are very lengthy so it's much better now. Thanks 😊	5/5/2022 11:14 AM
1122	I LOVE our Seminole Co library system - a tremendous asset to our community! In the past I took my young children there every week for story time, I have played Mah Jongg there with a few friends every week, I took sewing & craft classes there, I have purchased discounted books there, and now with Covid I use the library's Libby system for audiobooks instead of visiting in person.	5/5/2022 11:07 AM
1123	I LOVE our Seminole Co library system - a tremendous asset to our community! 1124	They used to order the books I asked for (newer ones), but then they stopped ordering the books I asked for.	5/5/2022 11:06 AM
1125	Love My Library!	5/5/2022 11:05 AM
1126	While I do not live in Seminole County now I did for many years. I first traveled from Oviedo to the Casselberry library for story time in 1995-97 specifically the jump jump like a green frog lady - lol. Many years I went to the Oviedo Branch and now I am back to the Casselberry branch I really appreciate the staff and selection. Thank you for all you do.	5/5/2022 11:05 AM
1127	I believe having a good library in every community is essential to preschool through college age, adults and also seniors who love to read. I realize that computers are taking over the world, but hard copies are essential especially to younger kids for a hands on experience in reading.	5/5/2022 11:01 AM
1128	It's good service you guys provide	5/5/2022 11:00 AM
1129	I have a residence in Hillsborough County and use their digital content every day. They have much larger collection and many more copies available than Seminole County.	5/5/2022 10:59 AM
1130	Compared to other libraries like Orange County, you do not have as vast of a collection of materials. It's almost as if there is too much discretion against materials that can require thinking and analysis on the reader's part akin to book banning.	5/5/2022 10:59 AM
1131	It would be nice to have more room to read/study at the library.	5/5/2022 10:58 AM
1132	Would love to see a Bookmobile!!	5/5/2022 10:58 AM

of things coming up and services available.

1135	Our libraries are very important	5/5/2022 10:56 AM
1136	I would love to see the library enlarged as I often use it for research. It needs tables and a larger selection of non-fiction books. (medicine, history, etc.) This library could be amazing but I often find better books in the uses book store on the first floor than the actual library upstairs. I love libraries but have a hard time using this one as it just is not conducive to my needs.	5/5/2022 10:55 AM
1137	the People thatwork at the oviedo library are the best in the system. Please don't even think of privateising our library system.get the money back for Joel Greenburg and his political crupt buddies. Sinful what our commishioners look the other way for their own benefit. Sinfull. clean up seminole County	5/5/2022 10:54 AM
1138	Very pleased with the library and it's staff.	5/5/2022 10:53 AM
1139	I love the North Branch library in Sanford. The librarians are wonderfully helpful. I'd love to see more books here. I also hope you'll accept donations of books as we have some that can help you expand your offerings.	5/5/2022 10:52 AM
1140	Is there any way to recommend adding certain audiobooks/ebooks	5/5/2022 10:52 AM
1141	I utilize the digital audiobook access on a daily basis. I don't know how I'd get through the day without the library! As a new mom I look forward to utilizing the physical library locations more often as my children become old enough to participate in activities and pick out their own books! Thank you for all you do for the county!	5/5/2022 10:49 AM
1142	We use large print books	5/5/2022 10:48 AM
1143	Expand the digital content further if possible (books and audiobooks).	5/5/2022 10:47 AM
1144	The people at the Oviedo are the best employees you could ask for. They go out of their way to service me and then are so knowledgeable .we must keep this a seminole county library .No privateizing	5/5/2022 10:46 AM
1145	We moved from Columbus Ohio in 2018 and excessively used library services there. Libraries were much larger, much better stocked, lot of reading and self study areas, extensive online library network with our in state/ out of state systems for larger collection of ebooks, audio books etc. However, we have been really disappointed with the library system in Oviedo so far and have not used it all since we moved.	5/5/2022 10:46 AM
1146	Would love for the Hoopla borrowing limit to be expanded. By noon each day the daily limit has been reached, which shows there is not enough supply for the demand. Also, the limit of 25 books per library card is very restricting, especially for a family with kids. Yes, my kids can have their own cards which gives us more checkouts, but that just means more accounts to maintain, so why can't we let them all be on one account? All other public libraries I have heard of have a MUCH higher loan limit.	5/5/2022 10:45 AM
1147	Would love to see a "library of things" as well as inter-library loan services. I know this costs money and would gladly pay more in taxes for it.	5/5/2022 10:44 AM
1148	I would like to see the library system offer more audiobooks.	5/5/2022 10:43 AM
1149	The Oviedo Branch is really in need of modernization. We moved here from Boone County Kentucky. The main branch there was nicer than the fanciest Barnes and Noble bookstore. When we moved here, the Seminole County Library branches were all (and continue to be) so lacking compared to Boone County.	5/5/2022 10:43 AM
1150	I would love to see more and varied summer programing for children (0-18 years old) at the North Branch.	5/5/2022 10:43 AM
1151	Offer children book group according to AR level for easier access for finding books for school .	5/5/2022 10:42 AM
1152	I used to be able to request a recently-published book through the library that it did not have on the shelves and a copy would be ordered for me most of the time. I understand that I must now pay a fee for this service and many times have been told that the library would not be able to get a copy of the book even if I paid a handling fee. Why?	5/5/2022 10:41 AM
1153	Keep up the good work. You are a valuable resource to me.	5/5/2022 10:41 AM
1154	Would appreciate if the library sent monthly emails for the upcoming activities.	5/5/2022 10:40 AM

1155	Appreciate having the branch library in Oviedo. Wish there was an easier system to pay late fees with credit card.	5/5/2022 10:40 AM
1156	My 4 children think the library is heaven on earth! We love to go and they get to find new author and books as they peruse the shelves that they wouldn't find anywhere else. Plus, their is complete silence on the ride home because everyone is reading... haha!	5/5/2022 10:39 AM
1157	This survey may be somewhat off due to the fact during the restrictions of covid during the past two years the library was not always open to the public. I hope that you consider that factor when you review the responses for this survey.	5/5/2022 10:39 AM
1158	I think there should be no late fees or penalties. It has proven to increase library usage, reinstated accounts and higher return rate.	5/5/2022 10:39 AM
1159	Thank you! :)	5/5/2022 10:38 AM
1160	We need more classics at the library, audiobook/e-book versions are not the same as the actual book. I see a lot of school books or instant books but not enough of the good old classics. It's very important for the young generations to read those books so we have to make them available.	5/5/2022 10:36 AM
1161	The Casselberry library got creepy with the stairs closed. They're not helpful on the telephone, much better in person. I like their store with items for a quarter or so. The Altamonte Library is really nice, I've been there a lot. They have some really cranky clueless volunteers though when checking out, kids librarian gave us a hard time too using their computer in that section. I needed a quiet room for my son away from the crowd. The Excel & Word computer classes were excellent years ago, thank you so much. The manager years ago was really great when I was checking out. I felt comfortable. I loved that library when I used to go a lot. The dvd selection was good, and the cheap paperback book sales were really good at times for my older son.	5/5/2022 10:36 AM
1162	Still in high school. Would like access to more print books based on historical fiction and classic literature.	5/5/2022 10:35 AM
1163	Love the library	5/5/2022 10:34 AM
1164	During two years of COVID very little use of library & socializing	5/5/2022 10:33 AM
1165	I am especially interested in audio books to use on iPhone	5/5/2022 10:31 AM
1166	I am a huge long time library advocate. We definitely need more selections of ebooks especially popular titles. It's frustrating to see and book and try to check out and download only to find 0 of 0 copies or the Hoopla limit is reached.	5/5/2022 10:31 AM
1167	Things we would like: We max out Hoopla every month - so more Hoopla More titles through Libby We don't need computers for email and Internet access but when you think of modern libraries and media more digital technology - 3D printing & classes, tinkercad, sound and video editing	5/5/2022 10:29 AM
1168	I volunteered at your library 2001	5/5/2022 10:29 AM
1169	Allow leaders and servants of Seminole to Volunteer to help young people.	5/5/2022 10:28 AM
1170	Services for the children is most important as they are our future. Story hours for pre-school and programs for school age children is needed.	5/5/2022 10:27 AM
1171	Services for the children is most important as they are our future. Story hours for pre-school and programs for school age children is needed.	5/5/2022 10:27 AM
1172	The library is a wonderful resource and well worth the taxpayers money.	5/5/2022 10:24 AM
1173	I don't appreciate any plans being called a "Master Plan." That really harkens back to Nazi Germany. Is there another term that can be used?	5/5/2022 10:23 AM
1174	The library is in desperate need of expansion and modernization. It needs larger, more modern facilities, more eBooks, online services, parking and updated restrooms. I endorse all such improvements and anything else that can be done to increase the financial support for the expansion of the library. A great library is the foundation of an educated, modern community.	5/5/2022 10:23 AM
1175	I have access to three libraries. I do only audiobooks. Of the three, I rarely even check this	5/5/2022 10:22 AM

library because it's audiobook offerings are slim to none.

1176	Love love love the library. Great resource for the community- for all different groups and economic groups within the community	5/5/2022 10:19 AM
1177	A library is a precious thing for everyone, no matter how poor or how rich. It is one of the bases of an educated populace. We need to provide as many services as we can to encourage people to be more literate and informed.	5/5/2022 10:19 AM
1178	We love to visit the library. I have three children and the 25 book minimum is difficult for us. When we lived in orange county there was no limit so it was easy to keep all books in our household under one name. We visit the library once a month and we get a lot of books	5/5/2022 10:19 AM
1179	When searching catalog, I think "title" should be the default- and that ONE parking place at end of walk should be NO PARKING zone- so people can access the walk- especially moms with strollers and/or mobility impaired.	5/5/2022 10:19 AM
1180	I love the smell of books, the feel of the paper, and the written word, in general. Please do not take this away from generations to come.	5/5/2022 10:17 AM
1181	I think the library (or libraries globally) should provide a network for people to search for books, ebooks, etc., which are rare or hard to find, and be able to request the book be temporarily transferred to their library where they can check it out or use it on-site (if it is say a reference book or the like). Such a service could be provided at a fee which would go to the library system the material originated from.	5/5/2022 10:17 AM
1182	My family really loves our library visits and use of online content. We love supporting this community.	5/5/2022 10:16 AM
1183	Covid screwed things up for me using the library but I grew up with the library being what the internet is today. Still prefer to open a book than look at a computer or phone.	5/5/2022 10:16 AM
1184	Suggest extending library hours to 8:00 pm or 9:00 pm at weekend. Suggest adding the digital "Wall Street Journal". Suggest adding digital access for resources e.g. " https://www.pluralsight.com/ " or " https://www.udemy.com/ "	5/5/2022 10:15 AM
1185	Thank uou for the library. It helped me attain my college education through its resources and quiet learning environment. Ive also enjoyed its resources for my simple reading pleasures too :)	5/5/2022 10:15 AM
1186	1/ If you change a library don't rebuild it, transform it, upgrade what you have but no new building at a new location. That's tax money badly place.	5/5/2022 10:14 AM
1187	I really love having a library. I am a avid reader and as such I appreciate having a place where I can borrow books instead of having to buy them. I also use the non fiction section of the library to find answers to questions I have. The Sanford library could be refreshed physically.	5/5/2022 10:14 AM
1188	The book's read in discussion groups vary based upon whoever picks out the books to be read. It is important that the books picked for discussion remain interesting, amusing, and ultimately encourage more people to read. The library needs to contain a vast selection- I end up purchasing books used because the library does not carry what I am looking for (history/biography). The selection of books at the library could be improved upon.	5/5/2022 10:13 AM
1189	More power outlets at tables	5/5/2022 10:13 AM
1190	The reason I would not be in favor of a tax increase is because - one this question is phrased poorly - but also, I believe the county should reallocate funds. Police Dept and Fire Dept are constantly getting the most expensive new vehicles and equipment. Additionally, there's inappropriate spending in other departments too. Instead of getting taxed more - which let's be honest, they'll find a way to take that away from the libraries eventually. We should be advocating for reconsidering the county budget.	5/5/2022 10:12 AM
1191	Recently moved from FL and am having acute library withdrawal! Anzwers based on yrs of residence. REALLY liked selecting books on line and being notified when available.	5/5/2022 10:12 AM
1192	My family attends the outdoor storytime at the Oviedo branch every week, we love it, and we love all of the programs geared towards children. Especially the craft and educational programs. :) Please continue to offer outdoor story times and curbside pick up of books as well. We are weekly patrons! Thank you very much!!	5/5/2022 10:12 AM

1193	Need more books, foreign movie section, larger book trading network.	5/5/2022 10:11 AM
1194	Communities need libraries!	5/5/2022 10:09 AM
1195	Have diverse books on display during different holidays. For example during Eid and Ramadan we asked the Oviedo branch to display some books on Eid and they refused. But during Christmas and every other holiday they display them. It made my children sad and felt unwelcome. We asked and called several times and they kept saying no.	5/5/2022 10:08 AM
1196	love our library, we are leaving an amount in our estate for the East branch library.	5/5/2022 10:08 AM
1197	Our public library in Massachusetts was a member of a multi library network. Patrons could utilize materials from any library such as borrowing books, etc.	5/5/2022 10:07 AM
1198	I love the library.	5/5/2022 10:07 AM
1199	I would like the location of the branch to be listed online when searching for baby & kids classes. It is confusing when it only says "east branch" or "central branch". It would be easier to plan if it said "Oviedo" or "casselberry" instead. Thanks.	5/5/2022 10:07 AM
1200	Thank you	5/5/2022 10:04 AM
1201	It would be nice if there were rooms that could be used for a few hours at a time for working remotely/studying. Also, if libraries could send out emails when they will be closed due to maintenance issues or other matters outside of normal holidays rather than just posting signs.	5/5/2022 10:04 AM
1202	My answers do not reflect the wonderful history I feel my family and myself have with the library in Sanford. The library has been an integral part of my childrens growth, and certainly a wonderful resource from picture books to research to excellent pleasure books. And I Thankyou !!!	5/5/2022 10:03 AM
1203	Our library is wonderful in oviedo but definitely needs some updating	5/5/2022 10:03 AM
1204	The library is not of the quality that I was used to in another location- really needs an upgrade	5/5/2022 10:03 AM
1205	We do not support drag story time. There are adult clubs for that. Our previous library had a puzzle exchange table that we really enjoyed. I don't think Seminole County has ever purchased a book we've requested. We love being able to download ebooks & audiobooks from home! We would appreciate more audiobooks.	5/5/2022 10:02 AM
1206	in another county, in FL their checkout systems tell you how much money you are saving by not purchasing your books and using the library. It gives you a running total. We should advertise how many trees and other energy we are saving by checking out books rather than purchasing.	5/5/2022 10:02 AM
1207	Would love to see a new or renovated Oviedo branch with an area dedicated to the history of Oviedo. There is much growth in our area and opportunity for improvements and a local libraries. So happy to have a library nearby and I hope there is a bright future for it!	5/5/2022 10:01 AM
1208	I feel like a library is an important facility, however, personally, being able to order books to my door has been the tool I've used the most at my previous library and I'm just not very interested in other services the library provides so it just kind of renders the Seminole county library useless for me.	5/5/2022 10:00 AM
1209	People at the Oviedo library are just wonderful and eager to help with any problem you may have .	5/5/2022 10:00 AM
1210	Love the ebook service as i travel a lot and it is hard to get books back in time even with the ability to extend on line. Love the community space . Staff is so helpful .	5/5/2022 9:59 AM
1211	I am a college student and love coining to the library for quiet time to complete assignments. I stop coming because of the increase of homeless and mentally ill that sit in the library everyday. Often around the computers and tables. Maybe there can be a place where they can sit or than where people are trying to access computers and study	5/5/2022 9:57 AM
1212	The service where the librarians found me about ten pirate books for a vacation with my great nephews was awesome. Took a week or so but I had time. The library is a critical part of our community: a safe place for teens to stay after school for a few hours (and all seem to be well behaved). I feel connected to the community when I am at the North Branch. library.	5/5/2022 9:57 AM
1213	Smoking outside library near entrance it is not right, especially homeless should be prevented.	5/5/2022 9:56 AM

Provide career guidance soft skills and basic skills to young college students. Also something for elderly too.

1214	Bring a library facility to winter springs, please!	5/5/2022 9:54 AM
1215	Looking forward to improvements towards more family friendly events, books and activities. This is important to help us grow and continue to bring our family to our local library without questioning the content of a too liberal atmosphere and information.	5/5/2022 9:53 AM
1216	Library is an important service for the community.	5/5/2022 9:51 AM
1217	Sometimes the children's programs are too crowded! A bigger area is needed.	5/5/2022 9:51 AM
1218	I've found, particularly through the pandemic, I've shifted almost exclusively to ebooks. Love the ability to recommend new acquisitions and am pleasantly surprised how many actually turn up in the collection! Many thanks for the great job you do!!	5/5/2022 9:51 AM
1219	We would like to see the 'collective daily limit' for the library to be increased on hoopla. We have a hard time actually checking out books due to this being met most days. Also- I'd like to have more than 4 check outs per month on Hoopla. My preschooler wants to check out some 'e-books' but, I can't justify using one of my 4 check outs for such a small book. Maybe we can check in and out like we do on Libby. Libby and Hoopla offer different types of books- what one offers the other one doesn't so it's hard to interchange them. We love the digital options!! We also LOVE the curbside pick up for library books. This enables me to search for books at home and actually get them without getting all 3 of my kids out of the car... This is a GREAT service that I'm SO Thankful you provide!!! We love our libraries!!!	5/5/2022 9:50 AM
1220	I am from Wake County, NC where we would pass million dollar bonds to support libraries so the libraries there were cutting edge & robust. The catalogs were extensive and there were many programs. I personally prefer a large catalog over programming. I miss the massive & beautiful libraries in NC a lot--I used to spend hours in them. The central branch in Casselberry is decent, but the other branches are too small. The children's fiction selections are unfortunately quite limited at all branches.	5/5/2022 9:49 AM
1221	Librarian Emily at the Oviedo branch is very helpful and kind.	5/5/2022 9:48 AM
1222	We moved 10 miles outside of Seminole county into Orange County and we still prefer the Oviedo location to the Orange County one in Colonial for the checkout policy and amount of books available	5/5/2022 9:46 AM
1223	I would like to do more e-books, but rarely find something that interests me and is available. Perhaps I'm not doing something right.	5/5/2022 9:46 AM
1224	Our library is a vital resource for our community. I strongly support all the library services.	5/5/2022 9:44 AM
1225	Disappointed with issue BookPage March 2021, great Books for Every Reader. Like Like a Lesbian Handout in Front of Door- consider this Pornography and 2nd problem Reading program app for kids was wonderful but in app it suggested adult books for kids. These ideas gave me pause.	5/5/2022 9:41 AM
1226	E content is important for those not able to make it to the library. The library is a good resource for the neighborhood	5/5/2022 9:40 AM
1227	The children's librarians are excellent.	5/5/2022 9:39 AM
1228	There should be twice a year library fine forgiveness or better yet auto-renewals on books. People would use the library more often if they didn't fear creating debt.	5/5/2022 9:39 AM
1229	There are not enough books in the Oviedo library. My son is constantly having to put books on hold to get them from other libraries. Also, a two day notice to return books or get a fine is too short. There needs to be at least 5-7 days. We've been avid readers our whole lives and Seminole county libraries have been the most disappointing in terms of selection, size, and appearance.	5/5/2022 9:39 AM
1230	Although I always check Seminole County first, I generally must use other libraries to borrow current ebooks/audiobooks. Seminole County's collection is FAR inferior to other county libraries.	5/5/2022 9:39 AM

1233	We adore the local Oviedo library, so thank you for all that you do!	5/5/2022 9:37 AM
1234	I ♥ The Seminole County Library and it's staff. You were wonderful during Covid.	5/5/2022 9:36 AM
1235	Really enjoy the local branch	5/5/2022 9:35 AM
1236	N/A	5/5/2022 9:35 AM
1237	I was really offended when you fell for the lies of the media and the powers that be that told you we were all going to die of covid19. And you put up those ridiculous plastic shields which do nothing to stop any airborne virus whatsoever. And you made your employees wear masks which do absolutely nothing to stop a virus and I have 72 studies to prove they don't. And I was offended when your employees wouldn't even touch my library card like I had the bubonic plague and was spreading it through my library card. That is why I haven't been back there in a year. I was so disgusted at your fear and ridiculous behavior of treating all humans like they had leprosy. Just to let you know, I have never and will never wear a face mask and I have never gotten sick. Hopefully, you dropped the plastic sheilds and the masks by now. If not, I will not be insulted by your lack of sense and total dependence on fear, and not enter your establishment.	5/5/2022 9:35 AM
1238	I'd like to see more variety in the selection of non-fiction new books. In the past few years I've seen so many more books on politics. I'd like to see more on finance, how-to, snd history.	5/5/2022 9:35 AM
1239	Any programs or events for homeschool families would be greatly appreciated as well. Also, you all do great on social media and letting the community know of what is happening!	5/5/2022 9:35 AM
1240	Would like to see library get books from other libraries. Where I use to live the where able to get books from out of state.	5/5/2022 9:34 AM
1241	I do not live in Florida any longer	5/5/2022 9:33 AM
1242	Digital access over the Internet is important.	5/5/2022 9:31 AM
1243	The "one size fits all" approach to volunteers seems a poor policy. The website is sub-optimal- e.g., locations and hours is difficult to find once logged in. Catalog does not return "more by this author" with consistency.	5/5/2022 9:29 AM
1244	LOVE our library! From the time we moved here with a toddler and baby to now a house with 3 teens, the library has been so important for them and me as their mother.	5/5/2022 9:29 AM
1245	No	5/5/2022 9:27 AM
1246	My family enjoys the library regularly. My answer placing the library in the middle of the list of public services was not a criticism, all of those things are very important to me.	5/5/2022 9:27 AM
1247	Really love my community and local library so if any improvements are imminent, either way I am satisfied.	5/5/2022 9:26 AM
1248	Would love to see way more kindle books added to Libby. Also would like a function where I can request the library to purchase the ebook and make it available for check out.	5/5/2022 9:25 AM
1249	I only use online library services. I really never go to the physical building. I believe libraries are especially important for children/teens for reading programs & internet education.	5/5/2022 9:24 AM
1250	Please look into getting passes to events, plays, historical sites, tours, operas, museums, zoos, etc. This program was the most popular and used program in my former library system! It benefitted everyone, young or senior. It especially helped those on a tight or fixed income enjoy events that would otherwise not be able to be afforded.	5/5/2022 9:24 AM
1251	Would be nice if library had computer/technology classes for seniors...and other enrichment programs	5/5/2022 9:23 AM
1252	We love the library! You guys are great!	5/5/2022 9:20 AM
1253	I want to know the library staff are being competitively compensated, and not facing burnout that's rampant in nonprofit service industries. Librarians are REQUIRED to have a graduate degree and often don't get the pay or benefits equivalent to their expertise. Offering things like	5/5/2022 9:19 AM

an EAP, management training, or wellness programs to benefit them would be a good use of tax dollars. Librarians and library workers are so important and do so much for our community. Let's value them accordingly!

1254	Need to keep full time librarians.	5/5/2022 9:19 AM
1255	Although I don't use the services very much, I do value the services and support the need for library services	5/5/2022 9:18 AM
1256	Hoping to see more Japanese books for children	5/5/2022 9:17 AM
1257	love our library	5/5/2022 9:17 AM
1258	Thank you for your work with this service. I hope you have a good response. Public libraries are SO important for equal access to information for all classes, cultures and education levels. We NEED libraries and librarians. I caution the validity of the activity questions in the past year due to Covid. If you could add another portion to this question, I would recommend "during the pandemic" and "before the pandemic." My personal behavior changed dramatically and became a digital library user for the first time. Thank you, Darlene	5/5/2022 9:16 AM
1259	I don't use my library card much because I go with my husband and we use his library card. I go to the library a few times a month and really appreciate being able to get books from the other branches. It has been a long time since I have bought a book because the library still has many books I want to read. Thanks.	5/5/2022 9:16 AM
1260	The DVD selection in the Orange County library downtown is much bigger.	5/5/2022 9:14 AM
1261	Would like to see additional copies of popular new ebooks to keep wait times down and more eaudiobook versions of popular books. Thanks for everything you do!	5/5/2022 9:14 AM
1262	My Children's school unfortunately does not have a library so I rely heavily on the local library to engage my children in reading. More advertised community activities- maybe hold a quarterly book fairs, art & craft fairs, etc. Library card sign up at community events to encourage people to go (I.e. at a local farmers market)	5/5/2022 9:12 AM
1263	Make use of meeting rooms for arts, small concerts, and provide more senior programming and outreach.	5/5/2022 9:12 AM
1264	I love the Seminole Library system. One thing I thought would be an interesting addition would be an area that has access to some other forms of media. For example, I have some LPs, but I don't have a record player. The Winter Park library system has an area that users can rent the space for listening to and recording from an LP, it would be great if the Seminole Library system could provide something like this.	5/5/2022 9:12 AM
1265	Need to invest in a program like in Michigan where you can borrow books/audio etc from other libraries in the state. In Michigan we called it MEL. If we didn't have a book available because we just didn't own it or it was already checked out the library card holder could "order" it from another library in Michigan and it would be shipped to their local library for checkout.	5/5/2022 9:12 AM
1266	Seminole County needs to have a separate library tax, not be funded out of parks and recreation or whatever is currently used. The libraries here are too small and completely underfunded.	5/5/2022 9:10 AM
1267	When I recommended a book that wasn't available the library bought that book and informed me. I thought that was spectacular! Need to stay on top of popular authors and new releases. I read several books a week, all fiction.	5/5/2022 9:10 AM
1268	I need to utilize the library more than I do. As a reader I'm always on the lookout for a good read!	5/5/2022 9:09 AM
1269	I love libraries and have used numerous all over the US. They are one gov service along with USPS that is worth the taxes. I am currently a renter, but have paid taxes here for years. I wanted to get a job there, too but the city website SUCKS! I would be very happy to volunteer to read to kids! My grandchildren live very far away!	5/5/2022 9:09 AM
1270	The librarians are always warm and helpful. The services offered beyond books are not clear on the website, this would be an improvement. Expanding the selection of books would be nice as well. Generally very satisfied though.	5/5/2022 9:08 AM
1271	I went to the library every week as a child with my mother, and now I bring my sons to the	5/5/2022 9:08 AM

library at least twice a month. In a time of distractions, endless screens, and a world that seems more complex by the minute, we find the library to be a vital source of comfort. Skimming the aisles together, looking at books, turning real physical pages, bringing them home-- it is very important to us. I hope the library is not only able to be maintained, but allowed to grow to support the needs of a growing and more diverse community.

1272	THThe reason I marked that my former library was better is because the Librarians were very engaging and always commented on the books I took out or gave great suggestions/ They also scabble on MOnday nights. The librarians act as tho they don't want to talk or are not allowed to talk. It isnt as tho people are waiting in line. One day I took a brand new book by Anthony Dore to donate because I read it so quickly and they did not have it yet. The librarian looked at me as if I was crazy and when I said I thought they would like this she said, Oh I have heard of All The Things I cannot See. It shoudl feel like a community in the library.	5/5/2022 9:08 AM
1273	It would be great if the customer use the lending locker 24/7	5/5/2022 9:08 AM
1274	Please update the buildings, they are old, dark and cold, add more colors please.	5/5/2022 9:07 AM
1275	A community library is valuable! At this stage in our family, we frequent the library more during the summertime when kids are out of school. When my teenagers were in grade school we went to the library weekly... many times to meet with tutors. Before my children were in school, we went to story time weekly. Story time is a wonderful service. Our library is amazingly one of the few safe, resourceful, and free places in our community.	5/5/2022 9:06 AM
1276	We love the location it's near a park, surrounded by nature and chickens.	5/5/2022 9:06 AM
1277	Use of library should not be tracked by age, or level of education. Services are for all ages, and a place for education when it may not have been an option.	5/5/2022 9:06 AM
1278	I love the library and would love to see it be better integrated with the community. I think greatly increasing the content and having more family activities would help this.	5/5/2022 9:06 AM
1279	Would LOVE to see the OVIEDO library expanded to keep up with the growing area.	5/5/2022 9:06 AM
1280	Please protect classic literature. It's concerning as the parent of young children that so many accessible books in the children's section have woke messages. In Seminole County we value traditional family values. Even the Governor of our beloved Florida considers woke education a threat to our state. I've spoken to a handful of other parents that had to stop reading books part way through to their children due to the content in a children's book from the Seminole County Library. I found myself in the same situation sadly. The library is loosing the trust of parents in these situations. Let's create a healthy environment for the up coming generations. There is a plethora of research that proves traditional family values give children more security and long term emotional and mental health.	5/5/2022 9:05 AM
1281	I love the oviedo library and the Libby account I get with my library card!!	5/5/2022 9:05 AM
1282	I would love to see more programming for Children at the central branch. we used to love going to story time but my preschool aged children are in school on Tuesdays and Thursdays and there are no options for them on M/W/F. We have done the story walks at the Oviedo library and LOVE them. I would love to see more of those at different branches as well.	5/5/2022 9:05 AM
1283	more eAudiobooks! I often have to go to another library to find audiobooks that I'm looking for, SC library selection is not as varied.	5/5/2022 9:05 AM
1284	Libraries are worth the investment.	5/5/2022 9:05 AM
1285	Thank you for providing exceptional services. I look forward to continuing to support the library!	5/5/2022 9:04 AM
1286	I was shocked when we moved here to see the severely under funded and under stocked Seminole county libraries. It is a shame how little we have supported library services in our community.	5/5/2022 9:04 AM
1287	Your online audio selections via HOOPLA and OVERRIDE are non-existent practically. Orange County is far superior and we have a better school system. It's not good that we have such sub-par library system.	5/5/2022 9:04 AM
1288	Great, quaint library in Oviedo. Because it is a smaller library, a lot of times the books I am looking for are not available. However, the librarian is always helpful to get the book mailed. I wish there were more Excel or technical type classes for adults. Other than that, it's a great asset to the Oviedo community.	5/5/2022 9:04 AM

1289	We love the library! I would go more often if it was closer to my home, but I just don't get over that way very often. Love the digital books. Just started trying out that service and it's lovely!	5/5/2022 9:04 AM
1290	I love the library and think it needs more taxpayer support to improve facilities, purchase more books, e-books, and databases (especially periodical databases), and ILL services. These are expensive, but valuable.	5/5/2022 9:04 AM
1291	Orange County where I lived before had a much larger collection of audiobooks to access through Overdrive. That's not a complaint, it just happens to be a way I access most of my library content.	5/5/2022 9:03 AM
1292	The Oviedo library programs have shaped the lives of so many. It deserves more funding.	5/5/2022 9:03 AM
1293	I like that books from other Seminole country branches will be sent to the East Branch.	5/5/2022 9:01 AM
1294	We find the ability to reserve books via the internet to be a vital component of library services...and are thankful to have a library located close enough that we can easily access those reserved books.	5/5/2022 9:01 AM
1295	We love the location of the library. The history, near a park, nature and chickens.	5/5/2022 9:01 AM
1296	Would like children programs during hours when my kid is not at school	5/5/2022 8:59 AM
1297	Need more sophisticated library with more technology, space, material availability, seating, and internet. Kids should love to visit it. Library is temple of Knowledge, we should give utmost importance.	5/5/2022 8:59 AM
1298	I appreciate how kind and helpful our librarians are when we interact. I also appreciate that they don't give me funny looks based on what I am checking out to read. I like to learn about everything under the sun, which means I am often reading some pretty startling titles.	5/5/2022 8:59 AM
1299	I would just request more choices of books available in ebook and audio book. Also accommodation for the handicapped such as mobility scooter so I could enjoy in-person library experience.	5/5/2022 8:57 AM
1300	I believe libraries are vital but they appear dreadfully underfunded in Seminole County.	5/5/2022 8:56 AM
1301	Don't give in to the nut job book banners. The library is a beacon of democracy and a safe space for all. Keep up the good work. Democracy will fail if we don't think as citizens. The library provides thinking space.	5/5/2022 8:56 AM
1302	Seminole County Libraries are lovely. I lived in a large city up North that provided passes to local museums, events, zoos, shows, aquariums, planetariums, etc. This program allowed families, couples, singles, seniors to partake in lovely things that could have been missed/cost prohibitive otherwise. It was wonderful!!!	5/5/2022 8:56 AM
1303	Programs for community members' interests need a separate survey. Also, I have a concern about the phrasing "other languages" with no explanation. Other than what? Assuming English is so presumptuous. Thank you for expanding digital borrowing and making computers available for public use.	5/5/2022 8:56 AM
1304	Would love board game availability / board game nights and more community events in general	5/5/2022 8:55 AM
1305	I now have a one year old and while I haven't used the library much recently (aside from ebooks a few years ago), I would be very interested in taking my son to the library for various programs if they are offered outside of my 9-5 workday schedule. I haven't done much research on what programs or storytimes are offered but I know many programs cater to stay-at-home moms so weekend programs would be great!	5/5/2022 8:54 AM
1306	Ebook selection needs improvement. I can never find the books I want!	5/5/2022 8:54 AM
1307	I LOVE the library. I especially loved it and used it often when my kids were little. We spent a lot of time there. It is where I was first introduced to Audio Books (on CDs!) and now I love them. My kids participated in the summer reading programs. I also loved finding books in Spanish - that were new to me. I can't get there very often now, but feel the public library is an important place - especially to introduce people to books and other resources that they may not be able to access otherwise, as well as new books and materials they may not know about.	5/5/2022 8:54 AM

1309	Thankful we are able to have this service to use.	5/5/2022 8:54 AM
1310	If there will be extended hours, please could be better if there is free coffee....	5/5/2022 8:53 AM
1311	Please make it so we can pay our overdue fines online, because I often want to place holds to pick up books but can't because I need to bring change to pay a small fine. I end up putting it off too long!	5/5/2022 8:53 AM
1312	The library is the most crucial service provided to our community, other than fire and safety. This is the one public resource that I am very happy that my tax dollars go to. I would love to see the library expanded with more books- both in paper and online. I would love to see more locations. I believe it is essential to have more resources for children and teenagers to draw them into the library. Especially teenagers. Libraries are where children learn, it is always a safe place of refuge for those kids that are struggling. Kids learn about cultures they cannot travel to. Those with an affinity for high science, math, history, etc. can appease the craving for knowledge that school cannot give them enough of. They read about personalities of different people, from different perspectives. Every subject. The library is essential to the community's responsibility to create good and kind humans. Our fundamental society relies on the transfer and respect of knowledge. The library should be protected and expanded with our hard-earned tax dollars. We must provide more access to more books- both in hardcopy and in electronic formats.	5/5/2022 8:53 AM
1313	i think you are all doing a great job!	5/5/2022 8:53 AM
1314	Make the library a vibrant interior space to entice young learners to visit. Current interiors are old, beige, depressing.	5/5/2022 8:53 AM
1315	We love the library as a family and utilize their services often. We do not appreciate however the occasional political pushes in reading materials and online posts.	5/5/2022 8:53 AM
1316	If there will be extended hours, please could be better if there is free coffee....	5/5/2022 8:53 AM
1317	My consumption of e-books has increased. I must pay for many new releases. It bothers me that I cannot lend the book to anyone after I have bought the book- nor can I donate it to the library I would be willing to pay a higher price for the book if I could also buy a license to the same book for the library. It would seem less wasteful.	5/5/2022 8:52 AM
1318	Great staff!	5/5/2022 8:52 AM
1319	Public libraries are very important to the community. Although I don't use the service as much as I should, it is a vital part of the community. I would like to see a possible deliver service either by mail or by a 'grubhub' delivery person.	5/5/2022 8:52 AM
1320	Seminole east has less collection Thanks	5/5/2022 8:51 AM
1321	Library staff at Oviedo was rude the one time we went in. We haven't returned for this reason.	5/5/2022 8:50 AM
1322	Find staff very helpful	5/5/2022 8:49 AM
1323	The SCPL facilities are mediocre at best. This is surprising since Seminole County is relatively rich. I'm not sure what you can do about it though, short of bulldozing the existing structures and rebuilding them much bigger and better. It's probably not worth the cost of that. So we continue we mediocre facilities.	5/5/2022 8:48 AM
1324	I actually pay \$100- A year for an orange county library card. Between the Libby app and actually driving to Orlando I use those services daily. I know Seminole county will never have the resources Orange County does, but a small expansion or on the books available through Libby and additional areas within the library for reading with children or quiet spaces for reading alone would be invaluable. But having said that please don't tear down any of the trees near the Oviedo library it's beautiful there.	5/5/2022 8:47 AM
1325	Compared to even the OC library , Seminole county lacks a lot of material. Also the checkout time frame is way less.	5/5/2022 8:47 AM
1326	Need more selection on audiobooks	5/5/2022 8:47 AM

County offered delivery to your home when library books I had placed on hold became available, which was a really nice feature. However, nowadays, I almost exclusively use E-books. I would like to see more E-books added to the collection. Many times I search on Overdrive and the book I am looking for is not owned. I do not have a Kindle Unlimited subscription, and rely only on the Library System to get the books that I read.

1329	The library is good. But can be better with book selection. One thing is good that library borrows from other branch. Also more programs for children's will be appreciated. Hoping for summer sessions start again now that Pandemic is behind us. One thing I want mention as a good thing that the library adapted the curb-side pickup during pandemic. Much appreciate all the efforts from the staff. Kudos.	5/5/2022 8:46 AM
1330	I would participate in book clubs and attend lecture series if I were notified about them.	5/5/2022 8:45 AM
1331	Would love author visits and more email communication about events at the library.	5/5/2022 8:45 AM
1332	Need either reciprocal privileges with Orange County or more ebook licenses. Overdrive for Orange County has many of the books I am looking for but Seminole either doesn't have them or has a long waitlist for few copies. I use ebooks and Overdrive more than any other service. I've looked into buying a library card for Orange but it's expensive and I'd rather use my own library. The library is important to me.	5/5/2022 8:44 AM
1333	I'm continually impressed by how much the librarians are able to accomplish with so few resources. We definitely need a library tax to improve facilities, buy more books, raise salaries for staff, and make our library system world class.	5/5/2022 8:43 AM
1334	I would love to see the Library host a GNU/Linux user's group, and including Debian linux computers among the computing resources available to the public. When I was a university student, the library's window's computers at my school always had long lines, so I tried the Linux ones, and I learned. That learning has given me a wealth of abilities that I would not have had if the university library hadn't had Linux machines available.	5/5/2022 8:43 AM
1335	The library is every community's lifeline. I was adamantly against the previous suggestion to privatize county libraries. Proper funding and support by our politicians and the community will ensure the health of our libraries and the education of our citizens.	5/5/2022 8:43 AM
1336	I think the library could offer more activities for children of all ages. Audio books are also wonderful for older adults to enjoy and I would encourage enlarging that library. I will do my best to attend a town hall meeting.	5/5/2022 8:42 AM
1337	I am 90. I appreciate so very much the ability to get ebooks by using my computer to send them to my Kindle. THANKS!	5/5/2022 8:42 AM
1338	Having a library is very important to me. It's part of the community and I would like to see more activities/workshops/classes for adults.	5/5/2022 8:40 AM
1339	Library campuses are surrounded by nature and very beautiful. There are lots of books available for children, but just not enough of a selection for adults. Do away with most of the DVDs to make room for more books. I see people using the library just to rent a stack of DVDs. There is also not enough digital copies of ebooks available (on OverDrive). OCLS offered free home delivery for EVERYONE; that was one of the best perks when I lived in Orange County. I will gladly pay more taxes to save our libraries, provided they shift the focus back to READING. Can Seminole County partner with the UCF library somehow? It would be great to have access to their stacks. Hope this helps!	5/5/2022 8:38 AM
1340	We need more technology and attractive areas to bring more people in to the library to see the wealth of information available. This should be targeted at the younger audience, so as to hook them on a life long love of reading/learning.	5/5/2022 8:37 AM
1341	My old library (Orange County) provided a delivery service. We loved that service!	5/5/2022 8:37 AM
1342	I am 15 and live at home with my mom and 3 siblings. The library could be a place to go to more frequently if their were more services for kids my age and my siblings ages (18, 12, 8) - Thanks	5/5/2022 8:36 AM
1343	My only comment is making sure that the library owns all of a series, nothing more frustrating than starting a series and missing the third book, etc.	5/5/2022 8:34 AM

1349	When I was teaching preschool in Winter Park I used the main library 2X a mo checking out the max number of books plus visiting the library for field trips. Great resource for me!	5/5/2022 8:23 AM
1350	The physical library is critical to ensuring access to services for youth and the underprivileged. More electronic media including music and movies should be available. Orange county has much more available through the public library.	5/5/2022 8:15 AM
1351	The youth coordinator at the Longwood Branch (Ms Allison?) is wonderful	5/5/2022 8:00 AM
1352	We enjoy the library very much and believe the staff at the West branch do a great job.	5/5/2022 7:54 AM

1354	The library facility at Longwood has always been kept organized and clean. The ladies are very helpful.	5/5/2022 7:33 AM
1355	WE moved to Orange County several years ago, but have continued our membership with the Seminole Library by paying the \$50 membership fee because we really like the N. Hunt Club location. The facility is clean, well organized, and the librarians are professional and very willing to help. I appreciate the Tax preparation services offered each year as well. Thank you.	5/5/2022 7:33 AM
1356	Libraries are vital to communities. Access to knowledge and information should be available to all. I'd love to see more online learning services made available for career advancement. Access to sites such as Coursera or Lynda.com	5/5/2022 7:30 AM

1360	Overall this is quite a nice library, just small. In addition to borrowing physical copies of books, I use Libby/OverDrive too, and it would be nice to see books that I "recommend" ACTUALLY be made available sooner than later. It always feels like those requests go into a black hole and no one ever responds to them. Other than that, I think you are all doing a very good job there.	5/5/2022 7:22 AM

1363	I love the Castleberry Library!!!	5/5/2022 7:08 AM
1364	I use Hoopla and Libby. I wish Hoopla would allow more books/audiobooks then the 4 a month. I can sometimes listen to 5 or 6 and sometimes I have to wait for the books on Libby.	5/5/2022 7:06 AM
1365	Thank you!	5/5/2022 7:03 AM
1366	My biggest complaint about the Seminole County Library is that whenever I suggest a new title, the response is that it is "not available from our vendors" I may previous State (Indiana), they had a program where you could get a book delivered to your local library from any library in the entire State. Seminole County Library could at least look at a borrowing program from the Orlando metro area. Overall, it's a nice library, but getting the book you want is challenging at best	5/5/2022 6:58 AM

1369	I'm a disabled Vet & very Thankful for ebooks, audiobooks & Lib. System!	5/5/2022 6:35 AM
1370	I am very pleased with the children's books section of the library. I appreciate the children's books organized by concepts - alphabet, colors, numbers. I use these books often for the young children at childcare at my church. I often use the on-line catalog at home before I go to the library so that I can find the book I want before I get to the library building.	5/5/2022 6:32 AM
1371	My family loves the West Branch Library! We are very grateful for the services it provides and for the friendly employees who work there. Keep up the good work!	5/5/2022 6:26 AM
1372	An informed and knowledgeable citizenry is important. Libraries are vital to attaining this goal. As Seminole County seeks a new manager, I hope that the importance of libraries is emphasized. They should be supported at least as much as new baseball diamonds.	5/5/2022 6:24 AM
1373	My only observation compared to other libraries (ie Carmel, IN) is that the library is a little "dated" and worn. It is not modern.	5/5/2022 6:00 AM
1374	BC (Before Covid) I used the Library for in-person writing classes. Once Covid hit, the Library's e-services became a lifeline and my use of the Library has remained high. Adults like activities at the Library, too. Thank you.	5/5/2022 5:53 AM
1375	Please leave the library here in our community!!	5/5/2022 5:52 AM
1376	During my life we have moved frequently and the first thing we always do is get a library card. The library always made us feel like we were home in a familiar setting!	5/5/2022 5:51 AM
1377	I am thankful for the library. Library needs more study areas available if possible for students.	5/5/2022 5:47 AM
1378	Often the ebooks I'm looking for do not have library copies available any longer.	5/5/2022 5:45 AM
1379	One time in 2021 (around the lull of COVID), I needed a quiet place to do some work and went to the Longwood library but was disappointed because I did not find the physical space inviting-it was stark, outdated, not comfortable, etc. There was one "reading space" where people could read magazines or newspapers, but the spacing was small and seemed crowded-again not comfortable. I left disappointed. I had good memories of my daughter growing up using the Longwood library services from story time to bringing home stacks of books for her to read.	5/5/2022 5:30 AM
1380	I have electronic reader and computers and tablets, still prefer reading from books. Love the library.	5/5/2022 5:29 AM
1381	COVID may be the reason there is a difference in programs offered here vs our previous library	5/5/2022 5:19 AM
1382	Improve meeting spaces available for rent as well	5/5/2022 5:16 AM
1383	Would like to see more coding classes and maybe electronics classes. Additionally more female centric classes in male dominant fields that can be safely done indoors.	5/5/2022 4:54 AM
1384	Another library system would deliver books, that I checked out online, to my home. Really convenient although possibly cost-prohibitive.	5/5/2022 4:46 AM
1385	For fictional books in a series, it would be nice if the library could have all of them available in some form, rather than just a few	5/5/2022 4:21 AM
1386	Please do not close or privatize the library.	5/5/2022 4:14 AM
1387	We love the library! Thanks for all you do for the community.	5/5/2022 3:50 AM
1388	As a homeschooling mom, I place a high value on the public library system. We frequently check out books and I am constantly looking to see if the books on my reading lists are available. While I know and appreciate the value of having a large number of popular new releases, there is also value in having print versions of other, classic books as well. I was very disheartened when one of my children recently got into the Boxcar Children series. While I do use the digital versions of audiobooks to stream from my phone or computer (unfortunately many of the children's CD audiobooks have scratches, so this ensures a positive experience), my kids do not have access to digital reading devices. Children's books should be made *primarily* as print books. I remember going to the library when I was 8 or 9 and had recently gotten into the same series. There was a whole shelf of Boxcar Children books and I had a list of which books I had read and which books I still wanted to read. The thrill of the hunt for my	5/5/2022 3:24 AM

kids isn't the same when there are only 2 or 3 available in print and the rest have to be requested from the librarian, online, or simply are only available in an e-format.

1389	I am so grateful for access for books to read.	5/5/2022 2:46 AM
1390	Overdrive is very limited compared to Orange County I used before moving to Seminole County	5/5/2022 2:35 AM
1391	I would love to see more audio books and audio e-books added to the library collection.	5/5/2022 1:44 AM
1392	Hoopla app is horrible.	5/5/2022 12:26 AM
1393	The library is across the street and has nice grounds. I walk my dogs there, they love it. I use the library a lot. Now, for example, reading a very long set of book online. Would be hard to read a series like that with printed material...(Outlander)	5/5/2022 12:07 AM
1394	The library in detona had an environmental center. It had animals and my son went to summer camp there. More things for people to come and see and maybe a park.	5/4/2022 11:15 PM
1395	The building is outdated and does not offer a good experience. The technologies are outdated. The staff is nice but clearly unmotivated The library is disengaged from the community	5/4/2022 10:34 PM

1397	Public knowledge facilities like Libraries need all the support from our community, politics for better services by all means: materials & resources.	5/4/2022 10:33 PM
1398	The lake Mary library is my primary and it seems quite out of date physically. Would like more modern learning courses there on Adobe products or software usage.	5/4/2022 10:31 PM
1399	You need more branches, quiet study rooms, and mail to home service.	5/4/2022 10:30 PM
1400	More audiobooks please. Thank you for taking the time to try to improve the library. The ladies in the Longwood branch are super friendly and helpful	5/4/2022 10:21 PM
1401	The library was doing great ,but the new changes are not helping the public use of the library. Many books being removed from shelves to be sold elsewhere, the computers removed during pandemic,only three are back with limited seating.	5/4/2022 10:14 PM
1402	Happy you got a 3D printer at the Longwood location. Hope to use it soon.	5/4/2022 10:10 PM
1403	Thank you for your services	5/4/2022 10:06 PM

1408	A strong library is essential. We need to invest more.	5/4/2022 9:44 PM
1409	Our libraries are the heart of our communities. They provide so many much needed services to our citizens. Love them.	5/4/2022 9:22 PM
1410	I think libraries provide more than the average person knows about! Especially those who don't read as often or are extremely busy in their day to day lives. I would love to see the library become a hub of the community where everyone feels welcome for different events, classes and community. There should be more done to promote the library and all it offers especially to school aged kids and young adults who can benefit from free access to information, internet and classes that could support future endeavors and personal growth. I'd love to see the library become the heart of the community. There is so much potential for libraries to remain a place that protects and provides literature and information while also transforming into an inclusive and safe space for the community as a Whole. Bringing people together like I've seen happen at my college library!	5/4/2022 9:21 PM

1412	I wish the library provided more ebooks. I use a Kindle to read most all of my books and an iPad to read news and other sources. The ability to adjust type size is important at my age (77).	5/4/2022 9:09 PM

1415	I would like a longer period to keep books	5/4/2022 9:01 PM
1416	In comparison to other counties in Florida, which I have looked at via friends, I find our ebook collection pitiful. Half the books and authors that I want to read are not held by SCPL.	5/4/2022 8:59 PM
1417	Recommend looking at the Alachua county library system for best practice. High quality libraries with wide selection and no late fees.	5/4/2022 8:57 PM
1418	Spoiled by Orange County's delivery service when we lived there.	5/4/2022 8:47 PM
1419	Would love to see a tool rental program and access to 3D printers	5/4/2022 8:43 PM
1420	More adult classes especially computer programming classes. Your website is not as intuitive and easy to use as Orange county.	5/4/2022 8:25 PM
1421	Your librarians are great and very helpful.	5/4/2022 8:23 PM
1422	Thank you for reaching out to us!	5/4/2022 8:22 PM
1423	Thank you for doing this. Wish there were more library activities for families and elm kids.	5/4/2022 8:21 PM
1424	I answered "do not know" to certain questions because I am not informed enough to render opinion on matter- regarding priorities in q#5, just tried to think in terms of community needs vs services duplicated by schools (for elementary, teens and middle schoolers). RE: answer to q#12, I lived in a large northern metro area with longstanding institutions- not fair to compare Seminole county to that time and place. I wish I could visit the library more, but work many many hours at a hospital. No rest for the weary since the pandemic began. Hence, my obsession with digital availability. LOVE LIBBY audiobooks !!	5/4/2022 8:16 PM
1425	I appreciate the library. When I lived closer to the branch in Wekiva I spent time there reading, using the computer. In general I enjoyed the library there as a quiet place to read and catch up on things.	5/4/2022 8:15 PM
1426	We are at the library weekly! My kids love visiting and browsing. We love the kids programs too.	5/4/2022 8:15 PM

1430	Now that I am 81 and not driving very much the ebook offerings are very important to me. I would like to be able to get new books without such a long wait.	5/4/2022 8:08 PM
1431	Love the library resources and love the information desk librarians, they are the best.	5/4/2022 8:06 PM
1432	I would like to see more e-books available. Both new releases and earlier published books would be appreciated. I want to thank our librarians for their effort to help me find the books I want and trying to locate them from other locations if not available locally. I have lived in Wekiva for 38 years and still remember the excitement of going to the bookmobile before our library was built. Going to the library is still a joy.	5/4/2022 7:59 PM
1433	Friendly staff in library (Hunt Club)	5/4/2022 7:56 PM

1439	I still live at my parents. Growing up, we didn't have much and we went to the library for books and reading events. People do not understand libraries are more than "book rental" services. Learning, community, and entertainment all for free is provided plus more. These places are important and need to be utilized.	5/4/2022 7:39 PM
1440	We love the outdoor and virtual events for kids (storytimes, chalk fest, scavenger hunts, story walks, holiday events, bedtime stories, etc) and would like to see them continue and/or increase.	5/4/2022 7:35 PM
1441	Seminole County Public Library has come so far in the years I've lived here. In fact, we were a part of the OCPL system back in the 70s. I'm really proud of our public library. Kudos to all the staff for making our library system an excellent one!	5/4/2022 7:35 PM

1445	I am 91 years old and I live right across the street from the Longwood Library. I used to borrow two or three books a week but glaucoma has taken away that pleasure. Library Staff is great - helpful, knowledgeable and friendly!	5/4/2022 7:27 PM
1446	Please do not get rid of so many books. Just because they are older doesn't mean they aren't of value to your community. I was sorely disappointed last time I went to the central library.	5/4/2022 7:25 PM
1447	I only live here in the winter so it looks like I don't use the library much but when I am here is use the library and value the services. I seem to always want to go on Friday! But I understand needing to close. Wish you didn't have to. I love the Friends book store!	5/4/2022 7:23 PM

1452	Have used the library since I had a small family-went with the kids and continue to appreciate the library. Since COVID using online books more.	5/4/2022 7:11 PM
1453	Expand digital offerings, maintain the facilities, offer convenient hours with appropriate programming based on time/day. If any expansion takes place it should be outdoor pavilions for civic engagement.	5/4/2022 7:09 PM

1470	Love the library!!	5/4/2022 6:08 PM
1471	Seminole County libraries are a valuable resource to the community, and should be maintained, updated, and improved as needed, including the wonderful used book store at the Casselberry location.	5/4/2022 6:07 PM

1476	I have found that the library is so slow to stock sufficient copies of current titles that it doesn't really pay adults to even check holdings. I believe that the library does provide an important service for children and families, however.	5/4/2022 5:57 PM
1477	Let the ladies take off their masks already!!!! We need to see smiles again. And remind the ones not smiling at the desk to SMILE. Courtney in Casselberry is a treasure.	5/4/2022 5:49 PM
1478	Your staffs at both the Longwood Branch and the Central Library should be praised for conscientious work and professional, helpful service to the public.	5/4/2022 5:34 PM
1479	Suggestions are to improve landscape appearance around library, repaint more appealing color, add more cozy seating, more books, differentiation between adult and ya fiction in terms of shelving, addition of more curricular textbooks, more how to books, organize juvenile fiction by age level.	5/4/2022 5:33 PM
1480	When I moved to Seminole Co, we used the Orange Co library system. It is supported by property taxes. We have great libraries and employees the services just need to be more accessible to those not living near the Library branches.	5/4/2022 5:30 PM
1481	Went to Switzerland to complete studies in French	5/4/2022 5:30 PM
1482	Stay open on fridays and longer hours on weekends; when most people have time to visit the library. Better selection of e-books.	5/4/2022 5:30 PM

1485	I have been wanting to see more graphic literature books and the digital checkout system is a little strange. not sure how a digital book or audio book can't be available to more than 1 person at a time.	5/4/2022 5:25 PM

1490	Love the Longwood branch!	5/4/2022 5:12 PM
1491	i have heard of library services in other areas that expand what a library offers; I would like our system to explore these options to make the library a community hub of activity,	5/4/2022 5:10 PM
1492	I think it would be great to have the service of having library books sent to Patron's home instead of having to go to the library and pick them up like done in Orange County	5/4/2022 5:10 PM
1493	Two (or three) complaints / wish list items. 1) More DVDs with better online reservations. More copies and more selection. We had almost everything available at my old library 2) Music CDs. Yes, I know that sounds old school, but sometimes I like have the media.. 3) Most importantly - Better digital programs. My old library has a wide selection of audio books, music and movies available both on Hoopla, Overdrive and Kanopy. It is an amazing service and I don't know what they charge library systems, but it was amazing! P.S. Our former Library was Cincinnati & Hamilton County Public Library (https://cincinnati.library.org/) They were just AMAZING. Thank you VERY MUCH for taking the time to ask our opinion. I really would favor a tax increase to modernize our Seminole County Library System!	5/4/2022 5:09 PM
1494	The library is an important community place. Wishes would include newer nonfiction books, more events, perhaps brown-bag lectures, chess lessons, game nights. It is already a success but I'd love to see it expand its programs. A few reading nooks would be nice. Perhaps art work from local high school students or residents. I love how it is a place that is easy to walk or bicycle to.	5/4/2022 5:04 PM
1495	I love the West Branch...wonderful staff and a very comfortable space.	5/4/2022 5:01 PM
1496	Our library in NJ had a play room in the kids section. Play kitchen, slide, pizza oven doll house, cars and trucks. The library had story time a few times a week, plus music and craft events for kids...at least monthly ...weekly in summer. We spent A LOT of time at the library and were thankful the events were free. My children now love to read, love books and writing. They associate books with rewards and fun and I think our awesome library had a lot to do with that.	5/4/2022 5:00 PM
1497	I would support reducing the hours the branches are open but not totally closing them.	5/4/2022 5:00 PM
1498	These days, I find that audiobooks and ebooks are more important than actual hard copies. I would like to see that part of the library collection increase in content.	5/4/2022 5:00 PM
1499	Thank you for having a library that we can join and then get books to read for free and other things that you offer at cost. I feel it is a wonderful asset	5/4/2022 4:59 PM
1500	I have been very happy with Seminole County's library services with their book selections and classes I have participated in.	5/4/2022 4:58 PM
1501	Love the Wekiva library!	5/4/2022 4:57 PM
1502	I love the library, and I'd love it if there were longer hours so I could go after work instead of waiting for the weekend.	5/4/2022 4:56 PM
1503	The Mt. Dora public library is my previous library, they bring in dinosaur displays, display local students are, are active in their social media, provide art classes, Easter egg hunts. I appreciate the connection they have within the local community.	5/4/2022 4:56 PM
1504	Book delivery was very convenient in Orange County. Would like more selections by popular authors.	5/4/2022 4:54 PM

1510	The system has a good selection of books available. I love being able to reserve books online and pick them up. The staff is wonderful, can't think of a bad person in 20 years. My son grew up on the story programs and used the library for summer and school year reading. My only "wish" is that ebooks wouldn't have waiting periods. As a family, we are big fans.	5/4/2022 4:48 PM
1511	Appreciate library and workers and used book sales	5/4/2022 4:46 PM

1513	I love my library!	5/4/2022 4:43 PM
1514	I've mostly been using the Seminole County Library this past year for reading ebooks and using the 3D printer. However, I'm currently still using a library card from the Los Angeles County system to access their large selection of ebooks, since I moved back from there recently and my LA library card hasn't expired yet. Once my LA card expires, I'm debating paying for an Orange County card so I'll still have access to the resources of a larger library system in addition to the local resources in Seminole County. I'd be happy to pay higher taxes to give Seminole County more funding for more ebooks and resources, though! It'd be easier than paying for an Orange County card. (Ha!)	5/4/2022 4:42 PM
1515	Library in Wekiva is a tremendous asset to our community. Facility needs upgrade/refresh.	5/4/2022 4:40 PM
1516	Better kid area at the West Branch would be great! Overall love the Sem. Co. Library system but would be awesome to see facilities get updated.	5/4/2022 4:37 PM
1517	If there were any volunteering opportunities at the library, I'd be happy to participate. I can also imagine that others would like this option as well. Reading to kids could be one. Beautification inside and/or out would be another.	5/4/2022 4:35 PM
1518	Present state of affairs does not allow for more taxes—inflation, high gas prices, international unrest. Our fixed income won't allow encouraging higher than those forced on us.	5/4/2022 4:34 PM
1519	Survey did not ask about pre pandemic use of library. Then use was weekly/ monthly	5/4/2022 4:34 PM
1520	I am an avid reader and download books to my kindle at least every 2 weeks. Pleased with the selection of books.	5/4/2022 4:34 PM
1521	Please expand your library catalog and system. I came from the Cincinnati/Hamilton County Public Library is lightyears ahead of the Seminole County Library... I am so disappointed to have lost such an amazing resource (a good library system) moving to Seminole County.	5/4/2022 4:33 PM

1536	I am disappointed that the adult new book sections was moved from near the entrance to the opposite end of the building and young adult books in its place. Senior citizens cannot traverse the entire library as easily as teenagers. This is in the Oxford Road Branch. It makes no sense.	5/4/2022 4:17 PM
1537	Free public libraries are a cornerstone of any democratic society. Thank you for everything that you do!	5/4/2022 4:15 PM
1538	I would love to see an upgrade to the website for the library. I use that to place holds and suggest titles. It doesn't let me know if a title I suggest becomes available. It would be great to know when new books by authors I've checked before become available at the library.	5/4/2022 4:15 PM
1539	The online catalog is very difficult to navigate and actually find what you are looking for. Out of date books are everywhere. The whole atmosphere of the west branch is slow, dull, and uninteresting. As a senior I find it a depressing place! I have used library facilities in both St Johns and Collier counties and you might want to check them out - they are lively and engaged with their respective communities and the needs particular to them.	5/4/2022 4:15 PM
1540	Love the availability in our subdivision	5/4/2022 4:13 PM
1541	The library is very important to me in my life. Keep up the good work.	5/4/2022 4:13 PM
1542	The audiobooks and DVDs are in horrible condition and there is not much selection. Jess from the Central Branch in Casselberry is wonderful with the children's program!	5/4/2022 4:12 PM
1543	My family has not yet taken advantage of the activities for teens, but I love that you offer them.	5/4/2022 4:11 PM
1544	I love the library.	5/4/2022 4:10 PM
1545	My wife and I are active readers and greatly appreciate the library services and staff in Seminole County. Thank you!!	5/4/2022 4:08 PM
1546	More programs for tweens please!	5/4/2022 4:07 PM
1547	You cannot compare MN to FL in services. However you do pay for them.	5/4/2022 4:07 PM
1548	The library is great! Very important to the quality of the community for all ages.	5/4/2022 4:04 PM
1549	Avid reader and prefer books to audio or other forms. Do not use library for any other services. Thank You	5/4/2022 4:02 PM
1550	Librarians are very important point of contact for our community. Please get them a wage increase as well.	5/4/2022 4:01 PM
1551	Unfortunately the Seminole County library system doesn't come close to the awesome Orange County library system. Seminole is far behind in volume of books and in the ebook offering.	5/4/2022 4:01 PM
1552	Glad to help!	5/4/2022 4:00 PM
1553	Thanks for providing and improving the library services	5/4/2022 4:00 PM
1554	The library continues to be a wonderful place with a vast majority of information for ALL ages.	5/4/2022 3:59 PM
1555	The staff is so very important to me. I am 87 and love to read! Large print has become a new item for me. I was told by a staff member that if I couldn't find the book I was looking for that they might have the book at another location. All this is new to me and I did need help!	5/4/2022 3:58 PM
1556	Library is too noisy. I cannot concentrate because if the loud talking. Also tutors use the library as a place of business that is free. They are making money at the taxpayers expense.	5/4/2022 3:57 PM

1557	Library is making progress and is heading in the right direction.	5/4/2022 3:55 PM
1558	Make more ebooks available for checkout so you don't have to wait weeks to borrow a title. Make "Libby" user friendly.	5/4/2022 3:53 PM
1559	I'd like to get involved more with the library (i.e. advisory board, etc.?) You can call me -- 407-257-1619. Thank you! Mimi Michels	5/4/2022 3:53 PM
1560	I would like to see at least one branch of the library see itself as a repository of books that are hard to get -- older books no longer published, or very expensive -- rather than catering to what's currently popular. Also, please bring back InterLibrary Loan -- without a fee. Thanks.	5/4/2022 3:53 PM
1561	I haven't been to many other branches in Seminole other than The Longwood West, but that branch could use a serious facility upgrade to be more vibrant and inviting. The staff are wonderful there and put together nice displays, but the interior design is lacking.	5/4/2022 3:49 PM
1562	Keep this library open it's amazing	5/4/2022 3:48 PM
1563	I think the county should expand a branch to Winter Springs, it's the only city in Seminole County that does not have a library. Have to drive to Casselberry which is the closest branch. Also, more meeting rooms would be nice. And other amenities similar to Orange County's library system. Their downtown library has a multitude of services..you should check it out.	5/4/2022 3:47 PM
1564	I think the library returns could be better. Maybe a system to scan the books back in as returned. I had an issue last year where I returned a book with several other books in the drop off and was 100% confident that I returned it. The library was convinced I didn't and even though they didn't charge me for it they asked if I found it to please return it. The next time I went to the library I noticed the same copy (not a new one) was on the shelf. I know there are a lot of books to track but it would be great to have something to go off of besides just the customer's word.	5/4/2022 3:46 PM
1565	I wish our Longwood Library was bigger so that they could carry MORE books. More space would help them keep up with new books.	5/4/2022 3:46 PM
1566	Please put more resources into online (Hoopla) audiobooks	5/4/2022 3:45 PM
1567	really wish to see new books in online audio	5/4/2022 3:45 PM
1568	Library staff at Casselberry library are always knowledgeable, friendly and professional. They are appreciated.	5/4/2022 3:45 PM
1569	Having a library so close was a big selling point in me buying / moving to Hunt Club Condos.	5/4/2022 3:44 PM
1570	Me gustaría que tuvieran mas personal bilingüe y de ser posible que dictaran clases de inglés para adultos	5/4/2022 3:42 PM
1571	We LOVE our West branch library and staff. Don't do anything to alter the offerings there, please.	5/4/2022 3:41 PM
1572	ORLANDO LIBRARY HAS GREAT NEW MOVIE SELECTIONS, WITH EVEN MAILING SERVICES ON MOVIES. IT WOULD BE NICE IF WE HAVE THAT TOO; SOMETIMES IT COULD BE HARD TO GET OUT OF THE HOUSE WITH MOBILITY ISSUES. DIY LEARNING IS GREAT, BUT IT COULD BE QUITE LIMITED; BOOK SELECTIONS ARE VERY GENERAL AND LOW-LEVEL; IT IS HARD TO GET COMPUTING/TECHNICAL MATERIALS, REFERENCES, JOURNALS, ETC. (FOR SERIOUS EMPLOYMENT) BUT THESE MATERIALS ARE VERY EXPENSIVE AND OTHERWISE NOT ATTAINABLE FINANCIALLY. STATISTICAL TOOLS WOULD BE NICE TO HAVE ALSO.	5/4/2022 3:41 PM
1573	I just moved here. I have not used any library service yet except to search the on-line catalog once. You did not have the book I was looking for.	5/4/2022 3:41 PM
1574	Ms Susan at the West/Longwood branch does an amazing job with story time! So nice to have them in person, my girls just love it! Keep up the great work!	5/4/2022 3:35 PM
1575	Longwood library is not in a convenient location. It needs to be relocated to a commercial area that is on peoples traveling path. It's ridiculously located in a residential area	5/4/2022 3:35 PM
1576	I don't know what I would do without them!	5/4/2022 3:33 PM
1577	The Library is an important part of any community.	5/4/2022 3:33 PM

Seminole County Public Library Survey

1578	I started working in a library in Boston when I was 14 and continued to work in one while earning my undergraduate degree. I am a retired educator and an author who has written six books published by national publishing houses and has lived in towns with excellent libraries, average libraries, and no libraries— and I can assure that a well staffed and well stocked library elevates the community. Everyone benefits from the youngster getting her first library card to the retiree using its research facilities and benefitting from the many activities the library offers.	5/4/2022 3:32 PM
1579	Seminole library needs to improve their selection of ebooks. E-readers are becoming increasingly more popular now and therefore the wait times for the books that are available are long. And there is a lot that Seminole County doesn't have. I would pay a monthly fee for greater access.	5/4/2022 3:30 PM
1580	I sometimes have a difficult time finding what I'm looking for which may be because I don't go very often. I'll be using the services more frequently in the future, however.	5/4/2022 3:30 PM
1581	n/a	5/4/2022 3:29 PM
1582	I would like to see a wider variety of books, especially in the science fiction and fantasy genre. Especially in the audio book app that use daily. Neither Libby or hoopla have what i want when i want it. The limits to borrowing imposed by the library on those electronic resources is also frustrating. Palm Beach County did not have these issues.	5/4/2022 3:28 PM
1583	Would love to see more programs aimed towards kids in elementary- middle school	5/4/2022 3:27 PM
1584	Over the 44 years I have never had a bad experience with anyone on your staff .	5/4/2022 3:27 PM
1585	Areas for improvement: More selection in childrens books. Better website interface. For example the Orange County library will give you book suggestions. Or say this book is similar to the one you're searching for. Better website where you can access the list of all the books you've checked out. Home delivery like Orange County offers would be amazing.	5/4/2022 3:26 PM
1586	I love my library!	5/4/2022 3:26 PM
1587	The librarians do a great job! Keep up the good work. It would also be great / better if there were more computers for the children to play games on (like PBS kids games). There are two computers and often both are occupied.	5/4/2022 3:26 PM
1588	I believe public libraries are some of the most important community centers in this country. That said, the advertising for them is non-existent. A good start in my opinion would be advertising for the ebook programs the library has, that includes a link to a website with a step by step guide. Access to library content from home is vital.	5/4/2022 3:25 PM
1589	ebook collection should be significantly upgraded. I pay orange county \$125/yr for nonresident library card -- because it's ebook collection is outstanding.	5/4/2022 3:24 PM
1590	When I moved to Seminole Co, we used the Orange Co library system. It is supported by property taxes. We have great libraries and employees the services just need to be more accessible to those not living near the Library branches.	5/4/2022 3:23 PM
1591	Love our libraries and the services. Would like to be able to get access to Ancestry at home	5/4/2022 3:22 PM
1592	I would like to see the book limits increased on the app Hoopla. Almost every time I go to borrow a book there, I get a message saying the daily borrowing limit has been reached and this is very disappointing.	5/4/2022 3:21 PM
1593	The storytime hours at the library will always be some of my most cherished memories with my children. I hope you continue it for generations to come. It's so special!	5/4/2022 3:21 PM
1594	More history books across the board range of choices . War. National. biography.	5/4/2022 3:20 PM
1595	Great job guys!	5/4/2022 3:19 PM
1596	Would love bringing back young kids programs, especially in summer, but we would not use if the providers who are doing that are masked. Thanks!	5/4/2022 3:19 PM
1597	I liked when the library offered a Dungeons and Dragons Club for the public.	5/4/2022 3:19 PM
1598	Don't ever get rid of actual books. They will be the only medium left if electronics are disabled.	5/4/2022 3:18 PM
1599	The library could really use an update.	5/4/2022 3:18 PM

1600	I live in an independent senior living facility. I do not drive to the library and I really enjoy and appreciate borrowing books on my phone, Both audio and those I read.	5/4/2022 3:18 PM
1601	It would be nice for library staff to enforce and encourage patrons to be quiet while visiting and utilizing the library. Sometimes it's like being outside.	5/4/2022 3:17 PM
1602	I was concerned that the library was not being properly maintained but was happy when I saw Hunt Club Library painted and better organized recently. Very important that it is a welcoming and well maintained environment. Use to take my children to story time and I now take my grandchildren to library event, when possible. Important to instill a need to read and have access remotely as well. Many do not have computer at home so important to have the opportunity to use computers at the library	5/4/2022 3:17 PM
1603	It would be nice for library staff to enforce and encourage patrons to be quiet while visiting and utilizing the library. Sometimes it's like being outside.	5/4/2022 3:17 PM
1604	The public libraries in other counties have great activities and programs for young kids. Ours has none. This may still be a result of COVID, but all other libraries have resumed their activities. This is the biggest pain point for me and if fixed, I would visit much more frequently.	5/4/2022 3:16 PM
1605	I love our library system. Thank you to the librarians and staff for all you do. I enjoy accessing ebooks on my kindle through Libby - great service. But nothing compares to a book in hand! I'm also loving the pickup lockers - amazing idea!!	5/4/2022 3:15 PM
1606	I have concern about the material in many children age books found in the library. As a parent it would be nice to not have to pre-read a book in a section designated for children.	5/4/2022 3:15 PM
1607	Please move the majority of books downstairs.	5/4/2022 3:15 PM
1608	I have grandkids and would love to see more programs for elementary aged children.	5/4/2022 3:15 PM
1609	I really like and extensively utilize your online services, especially eBooks and eAudiobooks.	5/4/2022 3:13 PM
1610	I would like to see a summer reading program for kids that does not involve logging in the books online. The program last summer was just too confusing and we didn't complete it.	5/4/2022 3:13 PM
1611	The library in Longwood is A+.	5/4/2022 3:12 PM
1612	We appreciate all that you do, and hope you can get some real funding.	5/4/2022 3:12 PM
1613	Our family enjoyed all the precovid activities and used to go to the library more.	5/4/2022 3:12 PM
1614	I love my library. Friendly staff. Clean and quiet environment. Helpful in helping you get books not at library you are at.	5/4/2022 3:11 PM
1615	I think library services are very important. Encouraging people to read and open their minds to other view points is important. I still believe in hands on, face to face, physical encounter. While I appreciate the e-services, I love the physicality of wandering the shelves and discovering new books and authors I had before known about. I think providing a safe place in the community for activities that join us across generations is equally important!	5/4/2022 3:11 PM
1616	Provide more ebooks, especially newer books.	5/4/2022 3:10 PM
1617	:)	5/4/2022 3:10 PM
1618	I frequently use ebooks/audiobooks through the Libby app, but infrequently need physical services. The ebook/audiobook selection is somewhat modest, but not bad. When I've needed a quiet workspace, I've found the physical libraries to need updating, not offer substantial space, and, disappointingly, not to be quiet.	5/4/2022 3:09 PM
1619	Love and appreciate the library. I hope it can evolve over the years to continue to educate people into the future.	5/4/2022 3:09 PM
1620	Orange county had delivery to the home. And that's why I enjoyed their library system better than Seminole	5/4/2022 3:08 PM
1621	I have not been very active but I am interested in senior classes	5/4/2022 3:08 PM
1622	Would like to see the land surrounding the library turned into community gardens	5/4/2022 3:07 PM
1623	Very one at the library is very friendly and offers great service	5/4/2022 3:07 PM

1624	Please expand the ebook collection. The offerings are very slim.	5/4/2022 3:02 PM
1625	We can only attract business investment & relocation to Seminole County if we VISIBLY demonstrate our commitment to libraries and education.	5/4/2022 3:01 PM
1626	I would really like to see an expansion of the ebooks offered. Pickings seem to be slim.	5/4/2022 3:01 PM
1627	The librarians have been extremely helpful with locating books and putting them on hold for me. My grandchildren enjoyed the story hour when they were young. Excellent library and the family utilizes it quite often.	5/4/2022 2:56 PM
1628	Overall I am happy with the library. Sometimes your book selection is slim without new content coming in. I really want mail order - especially for my kids. Keep up the good work. libraries are vital to a civilized society.	5/4/2022 2:54 PM
1629	I wish they had evening story times when my daughter was younger. It seems the kid stuff is geared towards stay at home mums and not those that work	5/4/2022 2:53 PM
1630	Libraries are extremely important --the system could use better publicity for locations and activities	5/4/2022 2:52 PM
1631	Public technology available for middle and high school students whose families cannot provide them at home is so important!	5/4/2022 2:51 PM
1632	Your services during the lock done helped me to make it through	5/4/2022 2:50 PM
1633	Please do not privatize our libraries, do not reduce book volume available or censor books, do not stop maintaining any existing facilities. I love that our libraries are BOOK centered and not program/tech centered; though I know those things are flashy.	5/4/2022 2:47 PM
1634	Needs improve online selection, very limited.	5/4/2022 2:45 PM
1635	Very few materials for conservatives so that's why I didn't use you. Too much fluff reading for adults.	5/4/2022 2:42 PM
1636	The website needs a major overhaul. Also the world is going digital, so more I'd like to see more audiobooks and e-reader style books made available.	5/4/2022 2:41 PM
1637	I have found a lot of improvements in library services in recent years. Years ago I was not happy with the amount of non-fiction and more "scholarly" books available as compared to libraries in two college towns where I lived before moving to FL, but with the Internet, that isn't important now. (In fact, so much information is obsolete now before science-related books are published, for instance, that the Internet is often the better source.) Our reading is simply for pleasure now, fiction and non-fiction. When your library website was redesigned some months ago, there were things that drove me crazy at first, like not being able to tell from catalog listings if a book was regular or large print without opening the link or putting a hold which would tell you the print. That appears to be pretty well fixed now. Also like that I can change hold suspension dates myself now instead of having to call as I did -- when? a couple of years ago or so. One thing I would like is when I suggest a book that I be notified if you get it and that it stay in my information somewhere until I remove it. If I forget to write the title down, I may forget about the request and will never remember to search for it in a few weeks or months. Getting old isn't fun.	5/4/2022 2:40 PM
1638	I absolutely love the Seminole County Library system! I am highly satisfied with the services & facilities.	5/4/2022 2:37 PM
1639	I would like to see more current ebooks. The majority of ebooks available for lending are old books.	5/4/2022 2:36 PM
1640	My only criticism is the poor selection of ebooks.	5/4/2022 2:35 PM
1641	Libraries are essential resources I value very highly. I understand that resources are expensive (that libraries pay more than average consumers for products), but I would love to see a more diverse collection and higher checkout limits for digital resources here in Seminole county. I've used many libraries regularly over the years, and this county unfortunately has the smallest collection, limits, and longest hold lists for new/popular items, etc. I've experienced to date.	5/4/2022 2:27 PM
1642	My family is high-risk for severe complications from COVID-19, and frankly, the library's digital services like Libby, Hoopla, Flipster, and the New York Times day pass have been a lifeline for us. The librarians' help with curbside pickup to keep our family safe has been incredibly	5/4/2022 2:25 PM

Seminole County Public Library Survey

appreciated by us. And as we begin homeschooling in the fall, we're really looking forward to using Mango Languages, and have already planned out several lessons for Social Studies using physical books and digital resources the library currently has. I love that we can request other resources, as well -- and have done! I strongly believe that a well-maintained and well-resourced library is a keystone of a community. Seminole County Public Library has been that for us the past 15 years, but in particular the last 2.

1643	I have a newborn coming soon and would prefer to have him use the Seminole Library solely vs using the Orange County Library system. If you are able to pattern the technological services and facilities of the downtown library you will definitely see me. When my little one comes, this year, I will be in a better position to evaluate other services.	5/4/2022 2:24 PM
1644	We love the library!!!	5/4/2022 2:23 PM
1645	A public library should be able to bring as much as possible to the public. Unfortunately over the years I have witnessed cutbacks to a number of services much of which I believe are due to lack of funding from government sources. This impacts all of the Seminole county residents	5/4/2022 2:22 PM
1646	The library website doesn't (unless I missed it) identify which books use dyslexia font. Although Seminole County libraries do have some books that use that font. Spoke with a librarian and he wasn't aware how to search for such books. Not sure if there can be an identifier for each book indicating if it uses dyslexia font (or a similar friendly font), and therefore be able to search for books that fall under that category.	5/4/2022 2:22 PM
1647	Keep up the good work	5/4/2022 2:21 PM
1648	Some employees need to be more knowledgeable about the library system.	5/4/2022 2:18 PM
1649	Definitely need more audio books and e-audio books. The wait is definitely too long especially for best sellers.	5/4/2022 2:15 PM
1650	Love the online service to check out books. However, frequently I am interested in a series of books and not all are available, i.e., Book One may be followed by Book Seven, etc.	5/4/2022 2:14 PM
1651	I would like to see more books in foreign languages other than Spanish.	5/4/2022 2:13 PM
1652	Working towards a higher education now	5/4/2022 2:11 PM
1653	Please bring a library branch to Winter Springs!	5/4/2022 2:10 PM
1654	Very pleased with all aspects of the Library service although occasionally it will not have a newer release book or an older book within a series by a particular author. Also would like to see more e-books. Your selection of e-books is not as good as my previous residential location, Broward County.	5/4/2022 2:07 PM
1655	Love the library.	5/4/2022 2:07 PM
1656	I like Orange County's home delivery but otherwise the Seminole County Library system is top notch! I wish the Friends of the Library store were open on the weekend even a little! I would buy kids books from y'all over new or the used bookstore, but I don't have time in the week	5/4/2022 2:07 PM
1657	I read over 50 books a year. I would like to be able to get more current ebooks from the library.	5/4/2022 2:06 PM
1658	I think the library is a "refuge" for the community - for the kids and teens to go to for help after school, to listen to stories, to use the computer, to "do community".	5/4/2022 2:03 PM
1659	Love the Central Branch Library!	5/4/2022 2:01 PM
1660	Please build a library in Winter Springs. We have to go to all directions of the country to checkout books. We need one here.	5/4/2022 1:56 PM
1661	I have not used the library because getting a card has been a hassle. Then, trying to reserve a book or access the catalog is laborious. The on line system has not been user friendly for me.	5/4/2022 1:56 PM
1662	The library and all it does for all ages in extremely important for our minds and to have access to all the wonderful books of all kinds. It helps support education.	5/4/2022 1:55 PM
1663	Need more and better selection of ebooks, particularly during pandemic which makes me reluctant to spend extended time in physical library.	5/4/2022 1:53 PM
1664	Less social and political bias towards the books put on display and chosen for purchase,	5/4/2022 1:50 PM

especially for children. Although I appreciate that many of the books I recommend for purchase are eventually added to the library collection, the ones that get rejected are almost always religious or challenge the political/social mainstream thought.

1665	Please have relaxed late fee policy	5/4/2022 1:48 PM
1666	The library system needs to market itself better.	5/4/2022 1:47 PM
1667	Keep up the great work! Libraries are essential to our community. Also, I love the little book store on the 1st level.	5/4/2022 1:47 PM
1668	I fish we could have more hoopla books available per day per library as many times i have to wait til midnight to get my next book.. having 4 a month is ok but more would be nice also.	5/4/2022 1:46 PM
1669	Digital resources are great. I would like to have books that I rent shipped to my home. I would not mind paying a small fee for this service.	5/4/2022 1:42 PM
1670	not very impressed with Seminole county library system as a whole	5/4/2022 1:42 PM
1671	i would use library more often if it were closer. Since my zip code wasn't listed, I guess this area is an after thought.	5/4/2022 1:41 PM
1672	Our family has used the library since we moved here in 1979. I would like to see our library system on the same level as Orange County. If that means a tax increase ..so be it.	5/4/2022 1:37 PM
1673	We use books from the library daily. Without the library we would be spending hundreds of dollars to purchase books we would only read once or twice.	5/4/2022 1:36 PM
1674	Please keep up the great work for our community. I am pleased with the wide selection of new and noteworthy business management and leadership books. Applying the knowledge from these business management and leadership books has helped my career development and growth.	5/4/2022 1:35 PM
1675	More programs for teens please. Maybe something manga related	5/4/2022 1:35 PM
1676	AND in Oakland they have Bike Repair resources easy access https://oaklandlibrary.org/bikes . AND Oakland also has Discover & Go Museum passes FREE to Library card holders. https://oaklandlibrary.org/museums-discover-go-passes/ . Public libraries are not just about books. At their heart, they are about social equity. Libraries make our community BETTER. Please hire more librarians of color - we need kids to see that our amazing librarians come in all ages and colors.	5/4/2022 1:33 PM
1677	Only complaint is how long it takes for books on order to e received. I waited for about 2 months for a book I had requested. Requesting books seems to be an ordeal and very lengthy process. Hopefully there will some improvements in that area. Also would love to see more books added.	5/4/2022 1:32 PM
1678	I am so thankful for our local library! Even though I don't use all the amenities you provide, I know they are so important for other members of the community, and I'm grateful for all you do!	5/4/2022 1:31 PM
1679	Where I used to live we could get books from all over the state.	5/4/2022 1:31 PM
1680	Definitely need a larger in library collection and online collection. The ebook collection is very limited.	5/4/2022 1:31 PM
1681	Full-time college student.	5/4/2022 1:30 PM
1682	I wish we had new Audio books.	5/4/2022 1:30 PM
1683	My kids grew up with Library access and now my Grandsons. We need a library for access to information and reading enjoyment and skills. Love the friends. I was teaching at the Orange County jail and the Library was where I prepared myself for class. I also volunteered with The Adult Literacy league and we would meet students and tutor them at the Library. Thank you.	5/4/2022 1:29 PM
1684	Library ♥ When my 3 sons were small we came to story time every week and made friends there.	5/4/2022 1:28 PM
1685	My family loves the Seminole County library. My kids are avid readers. We visit the library about every three weeks to check out more books. There is no way they could read as much as they do if we didn't use/have such a great library. We frequent the Casselberry branch and	5/4/2022 1:28 PM

use the inter library loan system. My kids have enjoyed the various summer programs offered (chess club, Lego club etc) including the summer reading program.

1686	thank you	5/4/2022 1:28 PM
1687	The website is awful. At the very least, a "searchable" or memorable web address would be helpful for those of us who regularly access our account information.	5/4/2022 1:27 PM
1688	Love the library!!!	5/4/2022 1:26 PM
1689	I like to use Hoopla digital to borrow audio books about business. However, they often do not have the book I'm looking for and I've gotten an error on many occasions that states that Seminole County Public Library has reached its limit and I cannot borrow a book. I would like to see the library explore other similar resources to expand the available titles without investing in a massive county collection. I think it makes more sense for the library to supplement their collection, especially for newer less popular titles by buying subscriptions to resources for library patrons. Thanks	5/4/2022 1:26 PM
1690	Thank you for all you do for our community!	5/4/2022 1:22 PM
1691	I love the library! I check out books for myself all the time because I prefer books to e-books. I check out books for my granddaughters when they come to visit.	5/4/2022 1:21 PM
1692	There seems to be a lot of books that I'm interested in and cannot find available on my library app. They are typically in the conservative category or the Christian category. Yet, when I look for a more liberal-leaning book, it is in the catalogue. This bias should not exist. Please add e-books and audio books by conservatives and Christians (including our current US Senator Josh Hawley- if the public library refuses to carry a book by a US Senator, that is a shame). Thank you.	5/4/2022 1:21 PM
1693	I am aware of the wealth of information and accessibility technology brings to is through various vehicles such as phones, computer, etc. but the library is still relevant in society today.	5/4/2022 1:16 PM
1694	Would like to work there!	5/4/2022 1:16 PM
1695	Staff seem distant. I used to work in a library and got to know names and become friendly with patrons which made them feel more welcome.	5/4/2022 1:14 PM
1696	The last 4+ years of my father's life, he lived with my husband and me in our home. Even at 90 years old, he was an avid reader, and weekly visits to the library for Walter and me were often the highlight of our week. I will treasure these memories.	5/4/2022 1:11 PM
1697	i like the sewing classes	5/4/2022 1:11 PM
1698	Would love to see more classes such as learn to knit, conversational Spanish, etc.	5/4/2022 1:10 PM
1699	When our grandchildren visit, we always visit the library and look at any activities being offered.	5/4/2022 1:09 PM
1700	Access to more ebooks, in my case specifically for Kindle, since COVID is still keeping me away from too many public places. I really want to come back to the physical library. I guess it would be helpful to know what measures are taken there to help mitigate transmission.	5/4/2022 1:09 PM
1701	The Casselberry location is my favorite place to go in my spare time. One of these days, I hope to work there.	5/4/2022 1:09 PM
1702	Don't come in as often because the collection has become so small, I can't find what I need end up trying to find books online to order	5/4/2022 1:07 PM
1703	Would definitely like to see more availability in eBooks.	5/4/2022 1:07 PM
1704	I no longer live in Seminole County	5/4/2022 1:06 PM
1705	I've been to a few libraries in other Florida counties and in other states. Atlanta, GA had a nice library. But what I loved from orange county was their mail out service. It's awesome! Love to checkout books and be mailed to me, saving me a trip. And that was way before Covid. Would really like to get that for Seminole county. Also get more copies of popular Ebooks.	5/4/2022 1:06 PM
1706	Keep up the great work. I'm sure you all don't get enough kudos.	5/4/2022 1:05 PM

1708	I completely appreciate the library and am very thankful for what's available!!	5/4/2022 1:05 PM
1709	I love using the apps to access digital content. I wish we had a larger collection.	5/4/2022 1:04 PM
1710	I can get to multiple branches in another county faster than I can get to the closest branch in this county. Offer home delivery for all patrons like Orange County. Offer CDs - not everyone can stream and not very inclusive of the county library.	5/4/2022 1:04 PM
1711	I never see the librarians actually working... the man or woman looking over the computers has ever looked to be busy.	5/4/2022 1:04 PM
1712	Thank you for all that you do!	5/4/2022 1:03 PM
1713	I am grateful for the library and its services. When my children were young I probably went there once a week.	5/4/2022 1:02 PM
1714	I have suggested several books and just today, ironically, 2 were approved. Orange County lib offers SO MANY more services I wish Seminole had. Also hope you get more audio books via overdrive as I am stuck in my home and like to hear newer popular books. Also geez, you don't have my zip code listed and I have been here 30 years.	5/4/2022 1:02 PM
1715	The previous library I used was in San Diego, CA. I've been going to the Casselberry location since I was 4. I remember getting my first card. I was very excited when my son was 4 and took him for his first card at the same branch. I have many memories there and have been building memories with my son there. We utilize the library every week. It's great, but things can always be improved. I've appreciated the librarians there that have helped me hundreds of times since I was a child. The day this branch closes will be painful for me. I'd happily pay more taxes to keep it funded. It's a vital public resource. Especially with homeschooling.	5/4/2022 1:00 PM
1716	I love the library. Before COVID we used to hold our Bloggers MeetUp at the Casselberry Library. We did this for several years. Everyone was so nice to work with.	5/4/2022 12:59 PM
1717	I want to emphasize how important it is to me that you provide physical books, not electronic books. I have noticed more and more empty shelf space at the Casselberry branch and I worry that you are phasing out "real" books. I have found that some books on my reading list are only available as electronic books...a very bad sign. The tactile part of the book reading experience is important to me, and the thought of reading a book on a tablet, or even worse a small phone screen is deeply depressing.	5/4/2022 12:58 PM
1718	I also have a medical transcription license. The public library is very important to me. It's convenient, the staff is very helpful and reading is extremely important to me!	5/4/2022 12:58 PM
1719	I would like to see improvement of books available through Libby - I would rather have books from the Library via Kindle or Libby than ebooks that I (or my kids) would need to read on the computer. thank you!	5/4/2022 12:58 PM
1720	Looking for future family friendly improvements to our library where we feel free to bring our family without having to question the content of many services or media available there. Thank you!	5/4/2022 12:57 PM
1721	Would love to be able to renew "Lucky Day" check outs because I can never get them read before they are due back! Perhaps more copies of popular books?	5/4/2022 12:56 PM
1722	Youthful engaging librarians who are friendly and helpful, making young people feel welcomed and they reading and learning is fun is a very valuable aspect of the library service	5/4/2022 12:56 PM
1723	Orange County library delivered books to my door step	5/4/2022 12:56 PM
1724	Online payment options for Library fines.	5/4/2022 12:54 PM
1725	Thank you for this survey	5/4/2022 12:53 PM
1726	More romance novel ebooks please!! :)	5/4/2022 12:51 PM
1727	Having more current books and authors.	5/4/2022 12:51 PM
1728	I would love to see more programs for adults in the evenings. Additionally, there is a stark contrast in what the Orange County system offers compared to the Seminole especially when it comes to programming. I have to pay to attend classes and programs at the Orange County	5/4/2022 12:49 PM

library because Seminole does not have similar offerings. I would love to see us have a main branch that truly represents the community's interests. How about a makerspace to start? Author visits?

1729	I wish they had kindle versions of the newest books.	5/4/2022 12:49 PM
1730	I am a librarian -- not as part of Seminole County, but my first library job was in Seminole County, while I was attending graduate school for my MLS. This library system means a lot to me, and I was out on the street protesting the threat of privatizing it a few years ago. I check out books and DVDs and use Hoopla regularly. I would love to see more graphic novels in the library's print collection and on Hoopla, but I am a big fan of this library system and the hard-working people who make it run.	5/4/2022 12:49 PM
1731	Orange County Public Library has a far superior eBook & eAudiobook selection. For the size of Seminole County & the annual taxes collected our library system is quite pitiful.	5/4/2022 12:48 PM
1732	I'm sad to say I don't use the library much anymore. I have better luck finding classic works in the Friend's of the Library Book store than in the Library itself.	5/4/2022 12:48 PM
1733	The collections of books on contemporary affairs, politics, economics, biography and history are weak. I'd like to see a books by mail program similar to the one in Orange County operated in Seminole County.	5/4/2022 12:48 PM
1734	From one FL state government employee to another, y'all rock!	5/4/2022 12:47 PM

Need a person with higher level of education specifically in children to help you find a better curriculum of kids activities. Please visit scottsdale public library and their free kids activities. Thanks	5/4/2022 12:47 PM
1736	I'm a huge fan of the library. What you do is wonderful. Thank you!	5/4/2022 12:47 PM
1737	Looking for better language learning software.	5/4/2022 12:46 PM
1738	Will someone check to see why I'm not getting monthly newsletters or emails with schedules for classes, etc. nwise3@cfl.r.com. I do get past due notices.	5/4/2022 12:46 PM
1739	Our biggest struggle are the actual workers at Casselberry library they are not friendly and inviting.	5/4/2022 12:45 PM
1740	Your system is good but it is way behind Orange County. I pay \$125/year to access their system because they have so many more books, audiobooks, and classes.	5/4/2022 12:45 PM
1741	Thank you!!	5/4/2022 12:43 PM
1742	I wish there was a book sharing program. What I mean by that is that a previous library I used, if they did not have a book I wanted in stock, you could put in a request for that book and they would get it loaned to them by other libraries outside the system. So the book would be shipped to the library so you could pick it up or rent it online if it was an eBook. Sometimes the selection is limiting at the Seminole County Library so I think this could be a good way around that. I'm not sure the specifics or costs of entering such an agreement, but do think it'd be cool. I don't have children, but anything you can do to increase reading programs for them would be awesome! When I was a kid, Pizza Hut ran a program called Book It where if you read a book you could take a short quiz on it afterward (to prove you'd read it and comprehended it) and you would get points and eventually a free tiny pizza. I just Googled and it looks like that still exists, and for all I know you guys already participate or advertise it to kids. I'm not in the target audience for these ads, but I think any program that gets kids to read is crucial. And lastly, the County Commission should just give you all more funding. SCSO and public schools take up such a huge portion of the budget, and they are important, but there's definitely more of that money that should be spread to you all instead.	5/4/2022 12:42 PM
1743	Not sure if this is the place for this, but.. I've been going to the casselberry branch since I was a kid. I can remember attending story time every week. I've met friends that I've had for over 20 years that I've met from that library. Now that I am mother, I wish that story time would become in person instead of virtual, but other than that, it's a great library. The librarians are always personable, helpful, and very kind. I pass 3 library branches just to get to that one because of the comfortable environment.	5/4/2022 12:41 PM

1745	Love the library. Love ebooks. Would have attended more events if it werent for covid. Library is the intellectual heart of the county, it opens minds, it builds community, it enriches.	5/4/2022 12:41 PM
1746	Re story time for kids - depends on what books are read and who is reading	5/4/2022 12:41 PM
1747	The OC library DT has a recording studio, film and podcast tools. That would be so cool to have something in SC that offered the same.	5/4/2022 12:40 PM
1748	I would love to see more community events as well as digital access to book such as audiobooks and ebooks. Thank you. We love the library!!	5/4/2022 12:40 PM
1749	A books-by-mail service would be appreciated.	5/4/2022 12:40 PM
1750	I love our casselberry branch library. Every employee I have dealt with there has been friendly and helpful.	5/4/2022 12:39 PM
1751	I have not gone to the library since Covid started.	5/4/2022 12:39 PM
1752	I love my library and all the services provided. Thank you!	5/4/2022 12:38 PM
1753	I have two hearing impaired children. We love how inclusive story time is at the casselberry branch. I wish there were more asl books for children and adults and more books with characters with hearing impairments. The library is the weekly meet up spot with our ASL teacher/deaf mentor. We'd love to enhance the library in any way.	5/4/2022 12:38 PM
1754	Love Libby	5/4/2022 12:38 PM

1756	I live in Maitland and love being able to use the Seminole County library.	5/4/2022 12:37 PM
1757	We love the toddler programs. Our granddaughter has enjoyed them and learned so much. Thank you.	5/4/2022 12:36 PM
1758	Lake county has children area organized by AR. It is packed with kids. It is 1000 easier to navigate and find books. Also, they have areas that college students to reserve to study. Our world is digital and online. Providing services to those that have little to no access or need high speed to get an education should be a high priority in our community.	5/4/2022 12:36 PM
1759	I enjoy coming to library for books and also buy books at libraries used book store.	5/4/2022 12:34 PM
1760	You have such few materials that I paid Orange county for access to their services.	5/4/2022 12:33 PM
1761	The bathrooms at Sanford are truly disgusting. The partition behind the toilet have rusted over and it's really unsettling. I also don't think it's healthy to breathing whatever that is in.	5/4/2022 12:33 PM
1762	We also use the Altamonte Alrings Library.	5/4/2022 12:33 PM
1763	My library usage has declined since the pandemic. I hope to get back to borrowing more books and ebooks as things improve.	5/4/2022 12:33 PM
1764	I love the library! Story time was essentially in my kids' pre-reading and we check out books weekly! Thank you for all you do for my community.	5/4/2022 12:32 PM
1765	Thank you for all you do!	5/4/2022 12:32 PM
1766	I do not think current library computer catalog is as user friendly as previous ones have been.	5/4/2022 12:32 PM
1767	The wi-fi in your library and in Orange County block the connection of VPNs from patron's laptop computers. I have a subscription to Private Internet Access, which I could use at your library until about 2 years ago. The VPN encrypts my user name, password, and other crucial information, to protect me from criminals and hackers. Your prohibition of patrons from accessing VPNs on their laptop computers has these results: either use open wi-fi and risk the severe consequences of criminals and hackers; or not use any services that require a user name or password. I would really appreciate it if this issue can be resolved. thank you	5/4/2022 12:32 PM
1768	If this is another attempt to privatize the library, that would be really disappointing.	5/4/2022 12:31 PM
1769	The library has made but possible for my family to homeschool and to learn new things and meet people. This library is very important to my family	5/4/2022 12:31 PM

years (children's section and groups), room rentals for community events, adult classes and the bookstore and have never had a problem or issue. I currently only check out books (both in person and on line) and the only issue I have is I never know when my card is due for renewal. Since the selection of large print books is not as vast, I am relying more on the econtent offerings.

1771	I hope you can keep the used book store open and continue to accept donations. I have fond memories of taking my child to library programs and giving her the experience of being surrounded by books and having so many choices for reading whatever she wanted. Children are exposed to screens so much now and school librarians are nearly extinct. I hope public libraries can continue to be a safe place for people to gather and see and feel books.	5/4/2022 12:31 PM
1772	D&d club was a great event in the past	5/4/2022 12:31 PM
1773	The library is a great resource for everyone and should always be funded for young and old. I grew up using the library and want others to have that same opportunity.	5/4/2022 12:31 PM
1774	Need more large print books	5/4/2022 12:30 PM
1775	I use the Orange County Public Library system several times a week. I greatly prefer that library because of their large collection of ebooks in comparison to Seminole County.	5/4/2022 12:30 PM
1776	Need more large print books	5/4/2022 12:30 PM
1777	Have more options for seniors. Tax preparation assistance, computer skills classes, seniors can read to younger people.	5/4/2022 12:30 PM
1778	I am of the belief that libraries are one of the most vital foundational tools for any community to thrive.	5/4/2022 12:30 PM
1779	Enoy the convenience, staff provided; ease of using computer to hold books, pick up, & location of main branch.. Thanks! Would enjoy more new large print books too...	5/4/2022 12:29 PM

1781	We need more new books	5/4/2022 12:28 PM
1782	I really wish the library had better selection, was open later and had more comfortable, quiet places to sit. Before the pandemic I used to go quite a bit, but now I work an evening job and it's always closed by the time I get off work, plus it was often noisy and uncomfortable when I could get in. Also, if there is a way to put preferred names on Library cards I would really like that option!	5/4/2022 12:27 PM
1783	Seminole county does an awesome job with the Library services - can't wait to see what you do in the future!	5/4/2022 12:27 PM

1790	I would love a library in Winter Springs!	5/4/2022 12:21 PM
1791	I babysit my small grandchildren, and I'd be open to participating in children's activities at the library.	5/4/2022 12:21 PM
1792	I would absolutely love more ebook options, specifically more lgbtq books and banned books.	5/4/2022 12:20 PM
1793	The library's services are essential to all members of the community! I would love to see it's services made more widely known to the community So that more people would learn to enjoy and benefit from them.	5/4/2022 12:20 PM
1794	The Orange County Library system is much better than ours. They offer DVDs, for example.	5/4/2022 12:17 PM

Also, their site is much more streamlined and modern.

1795	Resist "ban" book efforts whether they come from the right or the left (and they do come from both sides.)	5/4/2022 12:17 PM
1796	I love the library, and use it quite regularly.	5/4/2022 12:16 PM

1798	We live in a digital world now, there's no need for brick and mortar places anymore including libraries.	5/4/2022 12:15 PM
1799	I loved Books by Mail in Orange County. Receive and return books by mailing them back and forth. This was a joy as I don't go out much.	5/4/2022 10:48 AM
1800	Examples for Exploration Days: (1) Our system of local government (2) how to grow vegetables (3) how to play instrument(s) (4) how to create an estate plan (5) how to write a will (6) how to sew/knit/crochet (7) how to do simple home repairs (e.g., sink and toilet clogs, sprinkler system, install a faucet, etc.) (8) what to do with heritage textiles (old quilts, blankets, clothing, etc.) (9) how to organize a festival (10) how to organize your closet, pantry, cabinets, etc. This list could be nearly endless, but hope this gives you some ideas.	5/4/2022 1:06 AM

1803	Thank you for the new parking lot at the Northwest Branch, and for curtailing middle school pick up's there!	5/3/2022 4:59 PM
1804	We value our libraries in the county and frequent them 1-3x a day for children and family activities/events.	5/3/2022 2:59 PM
1805	Please do not move the Sanford library out of downtown. As downtown grows, please continue to provide parking for the library.	5/3/2022 12:13 PM
1806	We used to live in Orange County. The library system there was much more robust (probably in part because it's a much bigger county) than Seminole. They had a better selection of books. They would also have lots of classes on coding, space, cooking, knitting, all kinds of things particularly for kids over the summer time. It would be cool to see more things like that and better selection of books.	5/3/2022 11:19 AM
1807	Love the library and all it offers. Staff is always so pleasant.	5/3/2022 10:51 AM
1808	I use Libby a lot and I would say one in 7 books I want to checkout are there.	5/3/2022 7:30 AM
1809	Really enjoy using FLIPSTER, especially during Covid shutdown	5/3/2022 4:38 AM
1810	I used to live in Orange county and did not appreciate how the primary focus became video and video game rental. I like that Seminole county is more focused on books. I don't want to pay extra taxes for fancy buildings or video game rentals.	5/2/2022 11:16 PM
1811	I love our library system. All those books helped me to get through lockdown.	5/2/2022 5:51 PM
1812	The library is an extremely important element of our community and we are increasingly grateful for it.	5/2/2022 5:48 PM
1813	I love our libraries! The staff does the best they can with limited resources. I would like to see a library in the Winter Springs area. And more books, ebooks and audiobooks.	5/2/2022 5:34 PM
1814	Please follow Reese Witherspoon (and maybe other) national book clubs and have their selections available. Sometimes I have to wait months to get the book or e book.	5/2/2022 4:09 PM
1815	I love this library and I want to get do well. I wish they more selections and more updated buildings. Many times I am there the A/C is broken and the staff says its because of it being an old building.	5/2/2022 3:16 PM
1816	The staff are fantastic - we ask for help all the time, and every single interaction with them has been stellar.	5/2/2022 3:15 PM
1817	Library services have stagnated since the 1970's. Current leadership seems unable to form a 21st century vision of library services.	5/2/2022 2:17 PM

Seminole County Public Library Survey

1818	I physically go into the library once a week. I use online library catalog searches, checkout books through library provided apps, everyday.	5/2/2022 10:38 AM
1819	Libraries seem underfunded compared to other public services.	5/1/2022 7:41 PM
