Zoned School Capacity:

Type	Zoned School	Enrollment	Capacity	Students Generated by Project	Programmed 3 Year Additions	Reserved Capacity	Remaining Capacity
Elem	Evans	975	980	17	0	40	(52)
Middle	Jackson Heights	1406	1469	7	0	64	(8)
High	Hagerty	2419	2683	9	0	22	233

Comments Zoned School Evaluation:

For informational purposes, the above table indicates the analysis based on the individual school zones. At this point, the potential students generated would **NOT** be able to be accommodated without exceeding the adopted Levels of Service (LOS) for the currently zoned elementary and middle schools. Any planned expansions/additions that would provide additional student capacity contained in the current five-year capital plan and scheduled to be completed within the next three years are included in this review.

	PERMANENT CAPACITY	VS	CURRENT ENROLLMENT
Evans Elementary School	878		970
Jackson Heights Middle School	1359		1450
Hagerty High School	2626		2381

As of 3/14/2018

The developer Atlantic Housing Partners, executive vice president, Scott Culp, has proposed amending a planned development of the property located at Alafaya Trail and Beasley Road to allow for a multi-family high density 92-99 unit 3 - story Work Force Housing apartment complex.

It is shocking to think that this would create no transition between the current low density 1- story single family homes and the 3 - story high density complex that is proposed. It is unprecedented in our residential area. It opens the path to more of the same. This

property does not support this use and would not support the recommended amount of parking to facilitate the occupants' needs.

We ask for no further zoning changes on this parcel

Jackson Heights Middle School

- Permanent Capacity 1359
- Current Enrollment 1450

We Need Your Help! Please Sign Our Petition and Help Us Save Our Neighborhoods and Protect The Safety Of Our Children!

The neighborhoods south of the Oviedo city limits will be tremendously affected if the developer's plan for multi-family zoning is approved by the Seminole County Board of County Commissioners when they meet on April 9, @ 1:30pm. The current zoning on the proposed site is PUD excluding multi-family. The developer is requesting a change in zoning so a (92-99 unit) three story multi-family Work Force (subsidized housing) complex can be built at this site on Alafaya and Beasley Road. This proposed site is currently surrounded by single family low density R1AA zoning. If this change in zoning is approved it will impact everyone who uses Alafaya Trail, as traffic will skyrocket to unbearable conditions. It will also dramatically impact our schools, affect our property values and our way of life. Most of all, it will set a precedent for future multi-family development on other vacant property in our surrounding area.

Please sign our petition and help us stop multi-family developments in our residential neighborhoods!

We encourage everyone to contact their Seminole County Commissioners to oppose the re-zoning proposal and to voice your opinions and concerns by sending your letters to

Petition # 49 of 724

Name: Dana Choez

Date: 3/12/2019 4:52:55 PM

Address: 1009 Manigan Ave

Neighborhood, Street, or HOA: Alafaya Woods

How this impacts me:

Traffic is already unbearable with what we have now. Oviedo was a pleasant, safe and quiet place to live, I am afraid this non stop new construction will affect our residential neighborhoods, our schools and property value. I don't like where our lovely town is heading, please don't change the zoning and stop multi-family developments.

Petition # 52 of 724

Name: Gloria Dunmire

Date: 3/12/2019 5:18:30 PM

Address: 2430 Blackberry Trail

Neighborhood, Street, or HOA:

How this impacts me:

I travel to work daily and this would impact the traffic at Alafaya and Chapman. That intersection is already very busy in the mornings and evenings when I travel back and forth to work in downtown Oviedo. Adding more cars would really clog up the intersection. The roads cannot support the added apartments.

Name: Sandy Buffomante

Date: 3/12/2019 5:34:06 PM

Address: 2153 Westbourne Dr Oviedo 32765

Neighborhood, Street, or HOA: Carillon

How this impacts me:

More traffic as I come to work from Carillon to my office on Burnsed. More traffic for my clients to reach my office. Not good for current property values. Oviedo is becoming over developed. We donâ€™t need more housing especially this type. Stop the madness.

Date: 3/12/2019 8:19:25 PM

Address: 2354 Riverdale Ct, Oviedo, FL 32765

Neighborhood, Street, or HOA:

How this impacts me:

Traffic on the stretch of 434 between Mccullough and Chapman is already very dangerous. The speed limit is 50mph and because there are few stoplights in this section of road, cars build up a lot of speed. During peak traffic times it is near impossible to safely merge into traffic. At Lake Hayes specifically, people attempt to make a left hand turn onto 434, while cars coming from the very large development up the street are trying to make u-turns at the same intersection. Adding more traffic from an apartment complex will only worsen an already deadly intersection.

Name: Benjamin Rutan

Date: 3/12/2019 9:17:15 PM

Address: 177 Lake Dr

Neighborhood, Street, or HOA: Lake Dr

How this impacts me:

It's low income housing and I don't want those kinds of people in my area. As prejudice as it might sound, I've had my fair share of dealing with these kinds of people and due to my experiences with these kinds of people, I have the right to not feel safe around them. Because of these things. I certainly don't want these kinds of people like that as a regular part of my life. Also this development is right by my friends neighborhood and if a development is built there, there's gonna be another one in a few years time in my neighborhood because, it's right by my neighborhood as well. Also it affects the real-estate if everywhere around it, this cheap housing will lower the value of my property and all my friends properties.

How this impacts me:

As a resident of Beasley Rd, I'm horrified with the prospect of living on the same street as an high-density low income housing complex. While I know the benefits of such housing, this lot is not zoned for it, and it shouldn't be. This is a higher- income neighborhood. Many 10+ year studies have shown introducing such housing to higher income neighborhoods permanently decreases surrounding home values, and even encourages segregation among the surrounding community.

Name: Victoria Johnston

Date: 3/12/2019 11:43:04 PM

Address: 221 Burnsed Pl

Neighborhood, Street, or HOA: Canterbury Cove/Sentry Management HOA

How this impacts me:

High density housing in a low density residential area will increase the crime rate; The residents of the complex will be able to see into my backyard and see my house; The increase in traffic in the area will be dangerous, potentially leading to more accidents of a deadly nature; The increased density of residents in a relatively small area will increase noise pollution; The change to high density housing in an area of low density housing will decrease property values in adjacent properties (Canterbury Cove and properties in the Beasley Road neighborhood especially); Changing this building site to high density housing in this area will set a bad precedent for other small properties for sale and development to do the same, thereby decreasing property values in this area further; Areas set aside by our HOA for resident recreational use may be used by residents of the complex--not understanding that this is private property; Heavy excavation and building in this area may impact the "drainage" area immediately behind the build site. This "drainage" area is known to be home to at least two families of Sandhill Cranes that have hatchlings here each spring, it is used by multiple forms of wildlife as a watering hole (deer, etc.), many unusual birds have been seen in and around the pond. I am concerned that this area is indeed being used by wildlife that is important to our ecology and increasing the population by so many--and building by so much--will shock the wildlife away from the area.

Address: 1465 River Rock Ct. Oviedo. Fl. 32765

Neighborhood, Street, or HOA: Mitchell Creek

How this impacts me:

I take 434 to work and the huge increase in traffic is not acceptable. This development will also lower my property value as I live 3/4 of a mile from the site. Not to mention this will be a huge eye sore to the area. I am also a small business owner in Oviedo approximately 1/4 of a mile from this planned development and low income housing always brings a host of other issues including crime! The impact on our already over packed schools, not to mention the added stress to our understaffed and under paid teachers and administrators. No way!! Please DO NOT rezone this area for this development.

How this impacts me:

I live off of Lake Hayes Rd. The traffic from this proposed project will be funneled onto Lake Hayes Rd.- which is the only exit. The back-up will impact all residents who live off of Lake Hayes & Beasley Rd. There will be a dramatic increase in the probability of accidents resulting in injuries and death due to the increased traffic flow from Lake Hayes Rd. and Beasley Rd. onto 434 /Alafaya Trail. Alafaya Trail is four lanes with a speed limit of 50mph (most go 60mph+) and NO traffic signals exit at this time. This apartment complex is NOT consistent with surrounding properties/zoning and does NOT have the infrastructure in place to support it. STOP this project!

How this impacts me:

We come to Florida to stay with my daughter and are moving here permanently at the beginning of next year. We live right outside of Philadelphia, in the suburbs. Even though it's the suburbs, it is very crowded with traffic and noise. One of the things that impressed us was the quiet and family friendly atmosphere of the neighborhood that she lives in. I loved spending time outside on the back porch just looking over the pond and the woods. It was so restful here. I think adding so many people to such a small area will increase the noise level, the traffic level and the crime rate. I believe this because of where I live and how the City has encroached on the suburban areas. Already, the traffic here seems to be very bad, with people driving too fast and not watching the cross streets unless there is a light there. People drive down the side streets too fast too. It is dangerous for the kids. I also don't understand why the developer is putting up a chain link fence when most complexes have concrete or brick walls? I'm worried for my daughter that the value of her property will go down. I'm worried that crime will go up. I know there are no guarantees in life, but I am moving here for the peace and quiet that Oviedo offers. If I wanted to live near a bunch of apartments, I would have moved closer to Orlando. Thanks for listening.

The local zoned school for this would be Evan's the school is at capacity already. Traffic on alafaya is crazy. People in apts do not contribute to local tax for schools, buildings etc. This needs to stay single family so they can contribute and keep the density relatively low. This is a single family area. There has been plenty of condos, apts, and townhomes built in oviedo proper and unincorporated lately. We need to stop the over development

Address: 2393 Pennsylvania Ave

Neighborhood, Street, or HOA: Oak Manor

How this impacts me:

~The additional traffic on Alafaya Trail, Beasley Rd, Pennsylvania Ave & Lake Hayes Rd will create a safety hazard to everyone trying to access these roads. It's hard enough to get on & off Alafaya Trail as it is with current traffic. ~There are no sidewalks on Pennsylvania Ave, Sunneyview Dr, and Lake Hayes Rd, additional traffic will endanger the lives of the children as they walk to & from their bus stops. ~Home values will decrease with Workforce Housing Apartments in this neighborhood, as all surrounding neighborhoods are single family homes.

This will Lower my property value and cause issues in my neighborhood! Please don't say it wont, The developer and commissioners would not like this development next to their own homes. You are pushing the limits of changing the zoning! Just like smaller parking places, more units and not following your own buffering rules for this type of development. Please don't allow this to happen.

How this impacts me:

It is not acceptable to destroy an existing, beautiful way of life based on single family homes and green space in beautiful Seminole county. The profits for one must not outweigh the lives of many! Not only will home/property value be negatively impacted, traffic to this Seminole county area is through Alafaya trail which is currently unbearable and will become a death trap especially during emergency conditions. This potential zoning change is a detrimental precedent for the future of this area and will negatively impact the financial future of this county.

How this impacts me:

Every day I will open my front door and see the development. I am concerned about the huge loss in property value, the access to which the development will have to my neighborhood. It is not safe to have the egress on Alafaya - the added traffic will put stress on the lynx bus stop and the school bus stops on Burnsed and Alafaya. There is no sound, pollution mitigation for Canterbury Cove....the development goes up to the back yards of some of the homes. There is already a lower density two story rent controlled development on Chapman/Alafaya - why our small community for a higher density one? Did I mention loss in property value?

How this impacts me:

Increased crime and noise in my quiet community for one property value for another hi density apartment in a low density residential area donâ€™t understand why they couldnâ€™t build up somewhere over on 419 better area for them to build schools to handle the overcrowding of Oviedo adding buildings to older schools doesnâ€™t make sense whatâ€™s going to happen with our septic systems and our well water concerned about that Best part of Oviedo is the small hometown field of residential areas homegrown manners and well beings of our elderly letting them feel like they still live in a small town this area has a lot of older people in it I would hate to think that they are being pushed out having to go live with family members and nursing homes due to the overcrowding . These residents have been here for a very long time left and came back because Oviedo had something to offer . Next thing you know theyâ€™ll be wanting to put a hotel here which we are definitely opposed of! It would be nice to see a park there seems there are so many residents moving in Oviedo has less parks for kids especially on this side of town . If you donâ€™t want to be family friendly right . Definitely have enough restaurants gas stations and auto shops . We need some place for young people to go and do things and have fun at Park would be nice . A nice place for seniors to go and sit and enjoy the beauty that Oviedo has to offer and the birds , nice benches to sit. I do love my Oviedo !

Name: DANA FREDEY

Date: 3/21/2019 11:16:39 AM

Address: 2765 SAWDUST CT

Neighborhood, Street, or HOA:

How this impacts me:

Adding a high density apartment complex will add too much traffic to an already highly congested area and I have lived here for almost 20 years and this is a low density housing area of single family homes and we do not need an apartment complex in this area. There are already several apartment complexes in Oviedo and along Alafaya Tr towards UCF. To bring more traffic and congestion would be very irresponsible.

Name: Julie R Carrington

Date: 3/23/2019 6:22:43 PM

Address: 125 Lake Dr

Neighborhood, Street, or HOA:

How this impacts me:

Alafaya Trail is already crowded and dangerous. An additional 92 families in that tiny space is impossible. An assisted living facility is perfectly acceptable.

Attending April 9 @ 1:30pm? Yes

I am opposed to this planned development: Yes

I'm a resident of Seminole County: Yes

Petition # 462 of 724

Name: Liz gurtis

Date: 3/23/2019 7:02:05 PM

Address: 120 Beasley Rd

Neighborhood, Street, or HOA: Street

How this impacts me:

Too much traffic, would be dangerous as it is already...not a good use for this land, also, would be an eye sore...UGH!

Name: William R Whidden

Date: 3/26/2019 12:06:53 PM

Address: 130 Smithson Dr.

Neighborhood, Street, or HOA: Oviedo, FL 32765

How this impacts me:

We are currently surrounded by single family residences and don't want a high density development right in the middle of it. Traffic is already a mess on SR 434. Allowing 99 units where about 3 or 4 should exist is just unacceptable. Just because Casselberry, Oviedo and Orange County has gone high density development all around doesn't mean Seminole County needs too.

How this impacts me:

Affordable housing has a proven history of depreciating homes and running down schools and I donâ€™t want the home we have worked our tails off for to go down in value because the state thinks people deserve to live in an area they themselves cannot afford. Why canâ€™t the state or developer put this housing in an area that is more comparable to their economics...there are plenty of other areas that could accommodate their needs that wonâ€™t be impacted by the devalue it brings! It would also be nice to have a meeting in the evening, which will allow the people who work to afford to live in this area, to attend!!!

Name:	Dhananjai Thummala Mani
Date:	3/31/2019 12:58:32 PM
Address:	1219 Turnbridge Pl
Neighborhood, Street, or HOA:	Lukas Landinb

How this impacts me:

It is not fair to the rest of the low density neighborhoods in the surrounding areas. It adds a a lot of burden on our roads and schools. People living in the surrounding areas were having a certain quantity of life and rezoning this to high density will affect their quality of life. This is not fair to them. Rezoning like this only serve to help the developers reap maximum profits at the cost of the existing county residents. If developers are not willing to build according to the current zoning there is no need to change it. There is enough construction going around in this area. We can wait until it becomes feasible to get a suitable commercial or low density proposal. Note that I am not opposed to all rezoning. But this one is especially bad because it is surrounded by low density residents and will affect them negatively. We need to put ourselves in their shoes and support our citizens. Thank you.

Name: Arianna Sherwood

Date: 4/2/2019 10:14:14 AM

Address: 1019 Bluejack Oak Drive

Neighborhood, Street, or HOA: Alafaya Woods

How this impacts me:

I have lived in Oviedo/Chuluota my entire life and I have slowly watched it be ruined by all the development and traffic over the years and now we constantly have accidents, backed up traffic, etc. We are no longer the small town that everyone loved, we are now basically Orlando just smaller but with the same amount of traffic.

Name: Lorena Holmes

Date: 4/2/2019 11:42:18 AM

Address: 2744 Hazel Grove Lane

Neighborhood, Street, or HOA: Live Oak

How this impacts me:

Iâ€™m a citizen of Oviedo, this zoning sprawl has to stop. We do not have the infrastructure to support all of these additional people, cars and everything that comes with it. As it stands, it takes over 30 minutes to go 8 miles during rush hour in this area, that I unfortunately have to travel on a daily basis. Stop this ridiculous growth and allow the citizens that live and work here decide whatâ€™s best for our city.

Name: Laura Pertot

Date: 4/2/2019 4:15:44 PM

Address: 3591 Heirloom Rose PL

Neighborhood, Street, or HOA: The Sanctuary

How this impacts me:

Concerns include: and public safety, strain on public resources, most schools are already beyond capacity and those that are not have very few seats left per the school district records, loss of the flood plain and impact on existing low level homes, loss of green space, impact on the water table, and overdevelopment and congestion. This is another project that fails to address the need for senior or Veteran housing. The land could be better put to use in creating a cottage community of small homes that would serve the needs of long time residents of Oviedo and mark Oviedo as forward thinking with responsible development.

Name: Justyna Czepaniewski

Date: 4/6/2019 1:21:18 AM

Address: 1003 Zachary Ct

Neighborhood, Street, or HOA: Alafaya Woods Subdivision

How this impacts me:

This will create more traffic and over crowded schools. Oviedo has plenty of new apartments and one low income apartments available. If Oviedo keeps expanding they way it is, then our family is will be considering moving out of Oviedo. My son currently has no seating available in his classes at OHS. This is just beyond ridiculous and greed!

Date: 4/6/2019 6:24:52 AM

Address: 3076 Channel Side Ct

Neighborhood, Street, or HOA: Stillwater

How this impacts me:

Iâ€™ve witnessed an increase in accidents at the entrance of my neighborhood. Traffic is out of control and crime is on the rise from the impacts of substantial growth in a short amount of time. Schools continue to get more overcrowded. I moved here for the rural lifestyle that Oviedo offered compared to the city life in Orlando. I now want out. If this apartment complex gets approved, Iâ€™m done with Oviedo for good.

Date: 4/6/2019 11:04:50 PM

Address: 6343 Leonard Ave, Bensalem, PA 19020

Neighborhood, Street, or HOA: Burnsed Place, Canterbury Cove

How this impacts me:

My wife and I are moving to Burnsed Place to live with her daughter, due to our health. We live in the suburbs of Philadelphia right now. I've personally seen how this kind of change in zoning has made changes in what once was a quieter, friendlier, family focused area. It happened to us. The changes made to our "suburb" now swallowed us up. You can't tell where the City starts and ends up here. In my opinion, the zoning changes being made to this part of Oviedo will just make it look like another part of Orlando. In spite of what the school system says, they will have to bus children to other schools to make room for new students coming in, and that sort of disruption is never good for the kids. They end up spending longer on the buses, and less time for homework and family time. There will be less green areas and park like areas which is not good for the ecology and habitat of wildlife, and Florida is slowly losing a lot of that due to overdevelopment. The roads will be overcrowded and people will have more accidents due to speeding, anger, and just not watching where they are going. When you cram so many people into such a tight little space, there is going to be a rise in crime; even if it's just in that one spot. That puts a stress on the public services like police. We are overloaded with people up here. The traffic is horrible and it takes so long to get anywhere, you just about give up leaving your house at all. The noise is horrible. I don't even want to sit on the sun porch here because the noise from all the people and traffic is so bad. But at my stepdaughter's house it was so quiet and private. I have Parkinsons disease. I want to be able to sit on the back porch and not have kids and other people gawking at me through a chain-link fence. I want to be able to sleep without lights from a neighboring complex shining in my bedroom windows. This spot is already zoned for what it is zoned for. Leave it alone. I hope when we move in the next few months I get to enjoy the back porch for more than a few weeks. Please do the right thing. Don't make Oviedo into Orlando North.

I moved out of Carillon due to a previous zoning decision to allow UCF housing in Seminole county next to our neighborhood. This overrode what the land was originally zoned for. Despite much neighborhood finding to fight it our supposed elected officials voted against us. I built a new house several miles away to get away from the traffic congestion. Petition # 700 of 724

Name: Maureen O'Connor

Date: 4/7/2019 2:27:10 AM

Address: 1010 BLACK WILLOW DR

Neighborhood, Street, or HOA: Alafaya Woods

How this impacts me:

This zoning change will effect me by lowering the property value of my home. It will overburden our schools and increase student teacher ratios which will lower the school grades. It will also effect me by having more traffic on our already overburden roads. In addition, this apartment complex will overburden our police and fire/rescue. Please do not change the zoning of this or any other parcel of land. Please protect the residents of this town by not changing the zoning of this property. We are depending on you to do the right thing for me and my neighbors.

Traffic Noise Parking Loss of quiet enjoyment Traffic safety Inappropriate 10 tenfold 30 to 300 increase in density, intensity, and height and stories! Loss of fair market equity gain 735 Electronic and paper Petition signatures! School level of service exceeded Protect student teacher ratios keep A rated schools A rated. Stop overdevelopment! Evans Elementary Permanent Capacity 878 Current Enrollment 970 Jackson Heights Middle School Permanent Capacity 1359 Current Enrollment 1450 Denying this as not compatible based on inappropriate density and zoning transition and inappropriate intensity is LEGALLY DEFENSIBLE and judges reputedly rule in favor of Counties who stand up to this as DEFENSIBLE. 2014 property zoned agricultural / low density 2015 it was PUD for an assisted living facility but apartments were specifically denied; it fell through 2019 3 story high density apartments. Really; would NOT be approved NOW? What about housing for the elderly and retired? At least 10 fold increase in density and intensity with 300-400 people on 4.6 acres where surrounding homes density has 30 people Of 345 square miles in the county why this 4.6 acres where 10 of our lots could fill the site. Initial zoning meeting was not conspicuously placarded in advance and cries for continuance on 3/6 were ignored as county employee worked on behalf of developer to placard 6-7 days vs... 10-15 required!!! Developer says trying to help homeowners, not accurate I'm NOT opposed to development I'm NOT opposed to workforce housing Opposed to unrealistic and inappropriate zoning that shocks the consciousness As pressure and good questions come before commissioners pressure mounts on the coattails of the city of oviedo defeating a 60 acre over-development initiative then the county notify developer and its rumored developer will request a continuance and Commissioner Carey is reputed for being supportive of over development; but not in snow hill out by where another Commissioner owns property? Beasley was not conspicuously placarded with 10 days advanced notice and County helped developer to palcard after the fact. Raising both eyebrows and dropping jaws! Commissioners It is Legally Defensible for your to vote NO!
